We are very sorry to learn that Mrs. D. R. Minich of Bronson, Kas., is so nearly blind that she can no longer enjoy reading and on that account was forced to give up her favorite newspaper.

A wreck of a freight train near Wakenda Tuesday delayed the 11:08 local passenger train several hours and fast train No. 2 was stopped here for passengers who had waited several hours for the delayed train.

Potatoes at \$6 a bushel in Aurora, Ill. Potatoes imported from England Murphys a rich luxury. Now what do you think of that with the best potatoes in the world sold at 90c a bushel in Brunswick last fall and shipped.

O. K. Cavanah was here last week from College Mound and the object of his visit appeared to be a new tailor made suit. Some of his friends wonder if there is any political significance in the visit and suit, otherwise, matrimonial.

W. D. Vaughn has suffered with a severe case of erysipelas since Wednesday of last week. A little sore appeared on the tip of his nose then another one further up inside and the jig was up and Vaughn was down. He is much improved.

CASTORIA

For Infants and Children In Use For Over 30 Years Always bears the Signature of *Wm. D. Vaughn*

Chariton County Champions

Dalton High School basket ball team

TOP ROW—left to right; Helen Humphrey, guard; Matilda Kuhlman, guard; forward; Carrie Bucksath, jump center; Hettie Bitter, guard.
CENTER ROW—Edna Feaker, forward; Ruth Grotjan, guard; Pearl Eli, sub-forward.
BOTTOM ROW—Ella Kuhlman, run center; Lucile Grotjan, same; Mary Myers same.

This team won against all competitors in the B class and might just as well have won in the A class had the club seen fit to enter that class which it could have done. That the team has in it some of the strongest players in their positions of any in the county or neighboring counties there is no doubt, and it is equally true that each and every girl is very strong in her position. That Dalton H. S. will win from all clubs in the A class next year seems a foregone conclusion unless K. H. S. gets more practice and formulates better team work, in which event it is easy to predict who will carry off the championship honors.

Grand Canyon Visitors In 1916

While the steam railroad continues to be the favorite conveyance for long-distance travelers touring the Far West, lots of travelers chauffeur there by auto, regardless of tire troubles and longer times required. The Grand Canyon of Arizona was visited in 1916 by 31,358 persons. Of this number 26,229 came by rail on the Santa Fe and 5,129 by auto, for the most part stopping enroute to or from California.

Thirty six states were on the auto list, as checked up at El Tovar garage, and four foreign countries. One auto party traveled all the way from China, another from England, a third from Hawaii and a fourth from Mexico. The outer fringes of Uncle Sam's domain were represented by Vermont, Louisiana, Minnesota and Oregon.

The mascots or pets carried by these enthusiasts of the open road comprised nearly the whole menagerie, dogs, cats, hens, monkeys, parrots, rabbits, roosters and squirrels. Ford machines were in the majority, but there were plenty of highest priced cars, too.

Many were fitted up for every possible contingency, day, night, rain or shine. They were ingenious traveling homes for the whole Blank family, including Fido.

The Grand Canyon is open by rail all the year. Auto travel mainly is confined to the period from March to November. Arizona is noted for its excellent highways, the roads in the Canyon region being especially good.

Minter-Lamkin Abstract Co. Rest Abstracts of Titles.

Col. William Willett was in town on business Tuesday and looking over conditions he saw and expressed some views concerning possibilities of the advancement of the city which, if acted on, would speedily get us out of the deep rut into which we have fallen.

In Eccles items last week was one stating that a very enjoyable dance was held at the home of Dan Welch in that neighborhood. We have reliable and conclusive information that there was no dance at Dan Welch's house, so our correspondent was misinformed. We are sure if a dance had been given at Dan's home, it would have been enjoyable and a privilege to be among the guests.

Children Cry FOR FLETCHER'S CASTORIA

Chicago, Illinois, January 17, 1917

On February 8 the department of the interior will open for settlement under the general homestead and reclamation laws upward of 4,000 acres of choice land in the Belle Fourche valley of South Dakota. This comprises the fifth unit of this project thus far opened and is located within a few miles of town and railroad adjoining lands already developed by settlers. The usual residence of three years is required and to all bona fide settlers the Reclamation Service will furnish water for irrigation purposes at actual cost without interest on deferred payment covering 20 years.

The Govt. regards this opening as exceptionally good, and because of present economic conditions and the high cost of living it is thought there will be a large influx of homeseekers. As an evidence of the increased values which Federal development has given to lands in this section it is stated that lands homesteaded 1912 and valued at that

time at \$25 per acre have been sold recently at \$85 and \$125 per acre.

Detailed information concerning the Belle Fourche opening may be obtained by addressing The Settlement Agent, U. S. Reclamation Service, Chicago, Illinois.

See Us for--

C. R. Minich

Last Call

There are some of my customers who have settled their accounts in full which I appreciate very much; there are others yet unpaid. To them I will say it will be necessary to balance up my books by the 1st of February as I take stock in that month. Now if you do not like to be dunned come in and settle up your accounts.

Yours truly,

W. D. VAUGHAN.
