**"CASCARETS" WORK
WHILE YOU SLEEP**

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—
Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Manager Heberer for the Wash at this station suffered with a swelled face last week and went to Moberly to have it attended to. Just what the cause he does not know but his features appeared like they had come in contact with a regiment of hornets.

Reports from all sections of the county indicate a fine stand of wheat and rye. It is said by those who know the wheat raising business that if the snow will continue on the ground until about the first of March, we will have a much larger and better crop than last year. The ground under the snow is in fine condition and the prospect for a good corn year was never better.

I hate to be agin the President writes Aunt Mandy, but votes fer wimmen don't appeal to me any more. I used to be fer it and would be yet if the'll let me pick the wimmen. As a rule them that howl the loudest fer a vote hav got the least business with it and them that don't want it really ought to hav it. As to wimmen democrats, there never wuz one an' never will be. They don't understand what the word means. Climbin instincts can't be changed by voting. However, its coming. The Major says Pisgy politics is nasty enough now and I says, says I; you just wait till wimmen get t' votin an' Anariah an' Imogene an' the rest of 'em start out to "git even" with one another. There won't a man in Pisgy precinct

Corn isn't one food—it is a dozen—cereal, vegetable, bread, dessert. It has more food value in it, dollar for dollar, than meat or eggs, or most vegetables. This being true and the claim also that there is greater food value in corn than wheat, why not feed soldiers on dodgers instead of doughnuts, if they prefer them.

Registration of alien enemies. Suggestions and instructions to Registrants

Persons required to register should understand that in so doing are giving proof of their peaceful dispositions and of their intention to conform to the laws of the U. S.

Every registrant should read carefully the form of registration affidavit handed to him and ask the registration officer for explanation on all points not clear to him before attempting to fill out the blanks. Registration officers are instructed to give registrant all possible aid in the way of explanation and advice.

Each registrant is required to furnish four unmounted photographs of himself, not larger than 3 by 3 inches in size, on thin paper, with light background. All four photographs should be signed by the registrant across the face of the photographs, so as not to obscure the features, if the applicant is able to write.

Three blank forms of registration affidavit must be completely filled out by the registrant or his representative (with the exception of the blank indicated to be filled out by the registrant and the placing of finger prints on the blank) and must be filled out by the registration officer and be signed and sworn to by the registrant in the presence of and before the registration officer who will fill in the description of the registrant and supervise the fixing of the finger prints and the attaching of the photographs. If the registrant can not write he must make his mark in the signature space and affix his thumb print in the space provided opposite the signature space.

The finger printing is a method of identification and follows the practice observed in the military and the naval service of the United States.

The registrant is hereby informed that he must again present himself before the registration officer who took his oath after 10 days but before the 15th day from the last day fixed for registration in his registration district to obtain a registration card, upon which he must sign his name, or make his mark and place his left thumb print in the presence of the registration officer.

The editor uv the Pisgy Hornet is dead, writes Aunt Mandy, an' contrary to expectashuns, the town is movin' right along. The Major says we kin still win the war, but thinks it ull be an uphill job from now on. Death came as a result uv nervous prostration. The editor had been tryin' fer years to agree with everbody, but six weeks ago had to give it up. When he agreed with the Baptists the Methodists got mad an' when he complimented the Methodists the Baptists got mad.

The Renaissance club, uv which Anariah is president, got peeved because its program on Italian art wuz crowded out by Christmas advertisin' an' Imogene flung a fit because the president's message an' the fight at Woodman hall wuz given right uv way over her essay on the origin uv the Green Compass. The committee on food consersashun said he left their names out uv the paper on purpose, an' the domestic science club accused him uv being pro-German because he said Sary's peas spoiled, an' that cold packs wuz really hot. The final blow came when the knitting section of the Willin' Workers spread the report that he wuz agin the president because he said socks ought to be turned at the heel. I had the newralgy an' couldn't go to the funeral, but the Major said he never saw as peaceful a lookin' corpse in his life, an' he has attended ever funeral held in Pisgy church fer fifty years.—Mercury.

Many Keytesville People Have a Weak Part and Too Often It's the Back.

Many people have a weak spot. Too often it's a bad back.

Twinges follow every sudden twist. Dull aching keeps up, day and night.

Backache is often from weak kidneys.

In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills. Good proof of merit in the following statement.

Mrs. J. P. Pemberton 569 S. Lafayette St., Marshall, Mo., says: "Every now and then I have had soreness and lameness across the small of my back, which has given me annoyance. I was bothered whenever I stooped and straightened up again and I have also had headaches and dizzy spells. Doan's Kidney Pills have always given me prompt relief and I gladly endorse them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pemberton had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Carl Harned in a letter to the Courier says that in the government shop where he works there are 850 harness makers and all kept busy. The plant employs 12000 men and the December payroll about \$12,000,000 or \$100 a month per each man. A lot of construction work is being done there. Carl says there is plenty of snow at Rock Island.
