### Chief of Ordnance Seeks C. B. C. Help.

Pres. Moore is elated over a letter recently received from Major L. H. Van Dusen, Chief of Ordnance, War Dept., Washington, D. C. urging that more graduates of the Chillicothe Business College, Chillicothe, Mo., come to Washington on Civil Service appointments. Major Van Dusen's attention was called to the big Chillicothe institution by the superior work of several of its graduates now employed in his office. Reference was made to the big initial salary, \$1100.00 per year, and the unusual opportunities offered at this time in aiding the government in a time of dire need and thus helping materially with winning the war. 41.

Dell Veal of Marceline was here on business Monday.

### Hallow'een

This mighty date slipped upon many but not over looked by youngsters and roughnecks by any means. An unusual early gathering of the boys, then the boys and girls and the beginning of operations almost before dark, served notice that there would be something doing worth while later on and that something was did. Early in the evening protests were lodged against the circulators but there was no provision before or after depredations to abate roughneck proceedings. But for the obscenity painted at some points, the nuisances committed on door steps and corners, the destruction of some property, not much, however, the night passed off enjoyable to participants and annoyingly to those trying to sleep thru the din and who had to hunt for missing articles next morning. The girls and boys with the girls had a fine time and indulged in many innocent and amusing stunts, but behaved like Americans, but there were a few who can have no enjoyment in anything not connected with heathenish characteristics, who inter-

spersed harmless and amusing tricks with criminal and evil smelling performances and staid with the job until a very late hour, or rather, a very early hour next morning. Strange how some of these boys will work like Trojans when so engaged and are not worth a tinkers dam unless prodded to and thru their assignments of something worth while. But it is even so, and no one need fancy that this city is the only one on earth or in this section so unfortunate.

Two billion, six hundred millions pounds of beef contracted for the army at prices ranging from 23 and a fraction to about 26 and a fraction. No cow or baby beves called for in the order so far, but leave that to the packers.

### HEALTH TALK

SPANISH INFLUENZA OR GRIP

BY DR. LEE H. SMITH.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that broths, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Ironite" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.

### Jesse Phillips.

Mrs. Elizabeth Phillips received the following letter Monday:  
Chaplain's Office,  
329th. F. A.  
Sept. 22, 1918.

Mrs. J. J. Phillips,  
Keytesville, Mo.

Dear Mrs. Phillips:-  
It is with deep regret that I perform this sad duty of informing you of the burial of your son, Jesse, who died at the Camp Hospital here.

I was not personally acquainted with your son, but never the less I feel that I wish to convey to you, any news of him that I might have, knowing that you as well as other mothers, would appreciate any news of their sons who are serving the nation in this great cause.

The reports I have had concerning your son have been very favorable. He has served as best he could until he became ill. While at the hospital he was given all the attention that anyone could have and the nurses report of his patience during his illness. He was very quiet and much liked.

While it was not the privilege of your son to die in battle, he is and will be honored as any soldier who serves his country faithfully.
