His Error

The lawyer looked serious, and his client gloomy. It was a clear case of breach of promise, and the only question was how much the young man would have to pay.

The lawyer felt it his duty to speak a few words of warning. "Oh, I know all that," interrupted his client angrily. "Same old saying, 'Do right and fear nothing.'"

"No," corrected the man of law. "In this case I should have advised 'Don't write and fear nothing.'"

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. Do You Enjoy Life

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed.

Missouri in the Hall of States

"Hey, Budder, here's home folks!"

A khaki-colored giant—for hair and complexion almost matched his uniform—led a band of Missouri soldiers into the Hall of States which is conducted by War Camp Community Service in New York City, to the desk over which was the word "Missouri." Direct to Mrs. Frank M. Swacker, who was in charge, went the big fellow.

"I'm from the Ozarks, ma'am, and so are two more of this outfit and all the rest of us is from the old state. And we sure are glad to see women-folks from home again. It's a long time since we had a chance to see you."

"That's right," broke in a little chap who afterward proved to be an ex-champion lightweight from St. Louis. "They've had us in so many places in France that we could write a geography of it but they haven't had us in a single place where a woman talked St. Louis English."

dress unknown. The farmer from Joplin-way wanted to see the county paper and almost wept when he found that the nearest he could come to it was a paper from two counties away.

Many of the states that have headquarters at the Hall of States at 27 West 25th street have large appropriations for the welcoming of their men, some of them run specially chartered steamboats down the bay to wait beside the War Camp Community Service's big floating sign of "Welcome Home." Others run special club-rooms for the boys from their states. Missouri has to depend on the efforts of Mrs. Swacker and her aids.

Mrs. Swacker's assistants are Miss Tessie Bennet, Miss Mary Sabin, Mrs. Edith Ward Herwyn, Mrs. A. O. Hilseng, Mrs. E. P. Herbert, Mrs. John Martin, Mrs. E. P. Dillon, Mrs. E. L. Bartlett, Mrs. William P. Meyer, Mrs. M. B. Clark, Sergeant Don Richards, Mrs. Cornelia Hickman, Mrs. J. A. Harrison, Miss M. Jones, Mrs. C. W. Yant, Mrs. Ida M. Enright, Mrs. Alfred Barrett, Mrs. E. Rolle, Mrs. Edward H. Vredenberg, Mrs. C. T. McAllister, Miss Margaret O'Connor.
