Woman's Suffrage Association

A call to every woman in KEYTESVILLE TOWNSHIP has been made thru a letter received a few days ago since from Mrs. Edna Fischel Gellhorn president of the Mo. W. S. A. The call is for the organization for active service and election of officers, so that we may receive the literature and other publications due us for our information and direction. We have secured a good enrollment of 40 members and words of encouragement on every hand. But this is not enough, we must have a good turnout for election of officers, else there can be no satisfactory representation and no hearty support of measures undertaken. The time for arguing upon the principle of universal suffrage is past. The privilege, the duty and the honor is thrust upon us. There is no question whether the women of my proud country will stand up to it. I have every confidence that the grand record made specially by this township in the Red Cross work will be repeated in this more important because more general and more basic responsibility. Mrs. Gellhorn has reappointed Mrs. W. E. Williams, after much persuasion to act as Temporary County Chairman until a permanent one shall have been appointed by the district chairman. The matter of most concern to us just now is planning for a citizenship school. We all of us need and I believe want systematic instruction in practical politics just as we do in canning and nursing, and I am not ready to believe that women who put so much intellect in house hold affairs will go haphazard, where so much depends on knowing how. We have, just now, a rare opportunity of getting a fine instructor as soon as these preliminary steps are taken unless we defer making our engagement with her until some more up-to-date place has taken our chance.

Now do you come out, share your part of the responsibility, who wants to refuse all but cold criticism, when the duty of each is identical? Having come back to live awhile again with you, who have been so much to me, I want the joy and comfort of taking part in this preparatory work where I hope soon to vote as your fellow citizen.
