## FURTHER ANNOUNCEMENT

In last week's issue of the Courier we mentioned the fact that people wanted to know just what we were doing at our hospital and some of the methods used in treating certain diseases.

We depend upon several adjuncts to accomplish the results we get of which the main one is Osteopathy, others are milk, hydrotherapy, organotherapy and surgery. Ever since we were ready to admit patients, which was about the first of March, we have had one or more patients and so far have not turned out a single failure, these patients were not picked, but we took them just as they came. A brief out line of the cases we have handled are: Two cases of bright disease left the hospital after four weeks absolutely cured and are in good health to day. One case of diabetes, apparently cured. We have one patient in the hospital that entered three weeks ago with blood pressure of 220; her blood pressure is now 145. We have successfully handled a great number of cases of obstinate constipation and stomach trouble, some of twenty years standing.

Concerning our surgical cases, we have operated on several hemorrhoid cases with the best of results. Operated on one broken arm that had been stiff besides several fistulas, sinuses, etc. During the last year we have removed almost 100 pairs of tonsils, done one submucous resection besides other minor surgery too numerous to mention.

The above cases does not include our general practice but just some of the special work that we have done at our little hospital. Our equipment is complete which is the reason that we are succeeding with cases that others have failed on. We get results because we are equipped especially for that kind of work. We want you chronic patients in which your physician has failed to get results, if you are getting results, stay with your present physician, but if not, investigate our method of handling these cases. Interview our patients and see what they will have to say.

## BRUNSWICK OSTEOPATHIC HOSPITAL

**Cured of Stomach Trouble and Constipation**

Rachel Cribley of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets" she says that I procured a bottle of them at our drug store to try. A few days treatment convinced me that they were just what I needed. I continued their use for several weeks and they cured me.

## CARDUI HELPED REGAIN STRENGTH

### Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Patet Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

## A FAMOUS AMERICAN.

The Hon. Leon Dabo was a member of the American Financial Mission to the Allies. He lectures at our Chautauqua on "The World Conscience Today."

## LOCAL POULTRY PRICES

You all know that hustling poultry buyer and shipper Shull? Well, he stopped the Courier man yesterday and he gave the following prices:

Old hens	23c
Spring Chicks	22-25c
Eggs, dozen	25c
Cream	35c

Sugar has now reached a price at which it seems less of an imposition to borrow a cupful from a neighbor.

Up in Iowa they are selling farm land at \$535 an acre. The following shows how land really sells there and is clipped from the Cedar Valley Times: "John Brecht has sold a 70-acre farm situated a mile west of Fairfax near the Benton-Linn county line for \$535 an acre. It is only fairly well improved."

Brunswick is having a very good revival in the open air tabernacle. Rev. Hamilton, the evangelist, who is leading the services is working hard to put the gospel before his hearers in a plain understandable manner and all who have heard him are much impressed with his sermons. Mr. Armstrong the evangelistic singer is an artist in his line, according to reports.

The citizens of Evansville, Ind., have built a home and presented it to the mother of James B. Gresham, one of the first three Americans to die in the World War. Gresham was killed November 3, 1917, during the raid of a German patrol. The hero's body was brought to the United States recently and the reburial took place last week under the auspices of the Evansville post of the American Legion.

## TO PATROLMEN, DRAGMEN AND ROAD OFFICIALS

The Good Roads Association of Greater Kansas City has sent the following letter to the Courier editor asking that publication be made. The letter carries some good points, and whether it emanates from Kansas City of New Mexico, the point is well taken:

"We are having considerable complaint about the weeds and grass growing up and hiding from view the ends of the culverts, making it quite dangerous on account of drivers not being able to see the entire width of the culverts. Several bad accidents have been reported of cars passing on culverts in this condition and being crowded into or against the end of the culvert.

A few minutes with a corn knife, sickle or scythe would remove this danger. If each dragger would provide himself with some kind of a cutter on his next trip he could quickly

Miss Louise Applegate is here from Washington, D. C., for a visit to her mother, Mrs. Geo. H. Applegate.

J. W. Hughes of the rural district served by mail route two, was a caller at the Courier office Tuesday. Mr. Hughes is feeling rather cheerful just now owing to the fact that his son Archie, who has been in the U. S. Navy stationed at San Francisco, Cal., is now at home, having been honorably discharged from the service. It has been two years since he was home and he is enjoying his visit with the home folks to the utmost.

As stated in last week's Courier the Keytesville band went to Mike to furnish music at the picnic. Several interesting stunts of wrestling and racing helped make up the program and prominent speakers were also in attendance. It is estimated that a crowd of between six or eight hundred were there. The band boys received many encomiums for their part of the entertainment. And the eats, well, Prof. Davis said they couldn't be improved upon and that's going some.

The Brunswick and Keytesville colored teams met at Finnel's park Sunday afternoon in deadly contest. James Donaldson of Glasgow, and Bush Wheeler were in the points for the home team. Umpire Ole Redding. The final score does not represent the real game as it was unusually fast and clean. Brunswick went to their homes with Kesteville scalps dangling in their belts to the tune of 8 to 5. Next Sunday the Keytesville team goes to Glasgow for a game.
