SALISBURY

Warner White is repairing the building just west of Dameron's old garage and will have an up-to-date large store room when finished in which he will keep his Ford cars, for which he has the agency. Last week Mr. White received a carload of Ford cars and had them sold almost before they were unloaded. Those who purchased cars were Rev. W. W. Richardson, Tom Guilford, Earl Sampson, Judge Donnell, of the U.S. Grain Growers, a truck to Jos Stiles, and a car to Miss Myrte Chapman. Wednesday Mr. White received a carload of Fordson tractors.

Did you know that Chariton county burns 2,261 gasoline and oil stoves—the figures are supposed to be correct and come from E. A. Logan and Jewell Mayes of the Missouri Co-operative Crop Reporting service. Included in this report the information is gleaned that there are also 34

fireless cookers. There are also 34 steam furnaces, 68 hot water furnaces, 137 hot air furnaces and 239 is the total of furnaces of all sorts. Also, the folks are rather up to date as the following will prove: Kitchen sinks number 205; bath rooms 137; barns with water, 34. And all this in the original "you show me" state.

Three distinguished war leaders will return to their Missouri homes as a result of the American national legion convention in Kansas City this fall. A home coming celebration will be held by Gen. John J. Pershing, Maj. Gen. Enoch H. Crowder and Rear Admiral R. E. Coontz, chief of naval operations, all native Missourians. General Pershing was born in Leclade, Mo., General Crowder in Edinburgh and Rear Admiral Coontz in Hannibal.

FROM THE SUMNER STAR

Not enough attention is paid to street traffic rules in Sumner, and it is only a matter of time until someone is killed or seriously injured if the jay driving practices are not discontinued. Most any night you can see motorists headed down the left side of the street, some with one light and others with no light at all. It is extremely dangerous for the man driving a team to be on the left side after dark, as he carries no lights, and in case of a head-on collision with an automobile the motorist would be held blameless. We believe the authorities should put up "Keep to Right" signs at the intersection of principal streets, and to see that the regulation is observed. Don't wait until reckless driving is the cause of a funeral.

Mrs. Frank Linscott was called to Kansas City Thursday by the illness of her daughter, Miss Lent, who was injured by a street car in that city some months ago, and from which she has never fully recovered.

The Sumner base ball team tasted its first defeat of the season last Sunday when they were defeated by the Forker team, 11 to 3. It is said, however, that Forker won only because they were assisted by Sumner talent.

Mr. and Mrs. Irvin Bloss of Renick, Mo., arrived in Sumner Tuesday afternoon with the body of their little girl, Hazel Irene, who died at their home Sunday evening, Sept. 11. Deceased was three years, one month and 13 days old. The funeral was conducted by Rev. Siegel at the home of Mr. Bloss' mother, Mrs. Foster, in this place on Wednesday morning. Burial was made at Lakeside.

Laclede will have a one-day fair on Saturday, Sept. 24. They have offered many premiums, and there will be speaking, music and a ball game between the Sumner and Laclede teams.

Six inches of rain fell over the central portion of Carroll county in a short period of time Monday afternoon. Creek bottoms were inundated and a number of bridges washed out. A bridge on the K. C. near Tina was swept away and train service on that line was deranged for a day.

J. M. Mitchell was at St. Joseph the latter part of last week visiting his son, George, who is taking treatment in the State Hospital there. He found George somewhat improved in general health, but not satisfied with his surroundings.

Louis Ingenhousz mashed two of his fingers pretty badly while he was working on a hurry-up job at the garage on Tuesday afternoon. He will have a very sore hand for a few weeks.

The lower floor of the opera house building is being replastered, repaired and repainted and will be occupied about Oct. 1st by Joff's restaurant.

Howard Watterson, an old Sumner boy, has accepted a position as traveling salesman for Rice-Six Dry Goods Co., and was in town Wednesday.

SCHOOL NOTES

Miss McCann has taken charge of the orchestra, and under her competent direction the orchestra is in a fair way to regain what it lost during the summer. Miss Hutchinson, the former director, is training the girls basketball team, and the chances are good that she will turn out another winning team as last year.

Two more seniors enrolled in our high school last Monday, making a total of 19. The fact that there are more boys than girls in the class is very unusual.

Wednesday morning Dr. J. B. Stokes came over to the Keytesville high school and helped the sanitation class by showing them the way to examine the heart.

The senior class finds their work in physics to be interesting as well as hard. They have been dwelling upon the art of changing an electro-scope for several days.

A basket ball game with Huntsville was scheduled for Friday, not a conference game, but good practice for the boys.

Buck White of the firm of Mackie & Harlow and Olga Gordon, head clerk for the Richardson Drug Co., are taxing their mental capacity trying to decide whether or not K. H. S. would add one or more molecules to their brains.

B. B. SCHEDULE FOR CHARITON COUNTY, 1921

Mendon at Salisbury.
Brunswick at Keytesville.
Sumner at Prairie Hill.
The girls schedule will be arranged by the coaches of the several schools. A cup will be given for both girls and boys basket ball champions on a percentage basis.

PYTHIANS TO HOLD DOUBLE CELEBRATION

The Knights of Pythias will hold a combined celebration of the 100th anniversary of Missouri and of the fiftieth anniversary of the institution of the Grand Lodge of the Grand Domain of Missouri, in six districts of the state, beginning October 3 and ending October 8.

The districts will meet according to the following schedule: October 3 in Booneville, October 4 in Cameron, October 5 in Nevada, October 6 in Springfield, October 7 in Campbell and October 8 in St. Charles.

The program will be divided into two sections, allowing the afternoon for the conferring of the Page rank upon candidates, and devoting the evenings to functions that will be open to the public. The initiatory work will be done by the best teams of the order, some of which include celebrated dramatists.

One thousand candidates are expected to receive the rank of Page at St. Charles October 8.

John Garnett is in Kansas City this week.

H. B. Richardson was in Salisbury Wednesday on court business.

Miss Thelma Mitchell spent Saturday and Sunday at home.

J. A. Haskin and wife of Dalton were here Wednesday.
