Chauncey and Ronnie Sleyster, Misses Pearl Heggman and Anna Garris and brother Bobby Garris of Chicago, Ill., are guests at the Sleyster home.

The Keytesville Chautauqua, which closed Monday night, was well attended and those who were fortunate in attending were well repaid for the price of the six days' entertainment. White & Myers put on a good show cured anywhere. Surely Keytesville retaining enterprise in the middle sections of the United States. Their talent also is as good as can be procured anywhere. Surely Keytesville is fortunate in being able to book with this concern. Now, in regard to next year's show. The committee are busily engaged in procuring the requisite number of signers for the guarantee, and the Courier expects to be able to publish the list of signers in next week's paper. Keytesville can make no mistake in signing up for another year's entertainment course, and in no other way can the stay-at-homes receive such excellent entertainment at such a low cost as by contracting with this Chautauqua company.

CONFECTIONERY BADLY DAMAGED BY FIRE

A live spark this afternoon set fire to the building occupied by Frank Ardzzone's confectionery on West Coates street, next door to the Weber Ice Cream Company.

The alarm was turned in about 2:30 o'clock Friday afternoon. The fire department shot down Coates street and got into action on double quick time. One line of hose was laid, and the fire was kept from spreading to adjacent buildings. The damage to the building has not been estimated but the water damage to the stock is heavy.

Mr. Ardzzone is one of the oldest confectioners in the city, so far as his business tenure is concerned and is so experienced a man he will doubtless be only temporarily inconvenienced.—Moberly Democrat.

Mr. and Mrs. Will Narvel and family, who have been visiting relatives here returned to their home in Kansas City Sunday.

Mr. and Mrs. Lon Wells and Miss Della Wells were the guests of Mrs. Wm. Taylor this week.

PROTECTION THROUGH THE CENTURIES

YOUR desire to protect the remains of your loved ones finds comforting assurance in the Clark Grave Vault. It is constructed on a law of Nature—the "diving bell" principle, which is the only practical "seal" known to science.

The Clark Grave Vault affords permanent protection because it is least affected by rust, or deterioration of any kind. It is airtight, water-tight—built to last for centuries.

Even though the Clark Grave Vault is completely covered with water for years, there will be no water inside. Twenty years of use prove this statement. It is made entirely of twelve gauge Keystone copper-bearing steel. (Stone, brick and concrete vaults let water in and hold it.)

We supply the Clark Grave Vault because we realize a vault is worth while only when it permanently protects.
