

ALL THESE MEN REQUIRED TO REMOVE ONE STAY-BOLT

President Alfred of the Pere Marquette has a theory that railroad shopmen have been too much in one another's way since the war for it to make very much difference whether they are working or not. He submits, in substantiation of that view, the following, which he says is what happens when a locomotive turns in with a broken staybolt:

1. The cab carpenter and his helper remove the running board.
 2. The sheet metal worker and his helper take off the jacket.
 3. The pipemen remove the pipe.
 4. The machinist and helper remove the running board bracket.
 5. The ox welder and helper turn out the staybolt.
 6. The boiler-maker and helper take out the staybolt.
 7. The boiler-maker and helper put in the staybolt.
 8. The running board bracket is replaced by machinist and helper.
 9. The running board is fastened on by a cab carpenter and helper.
 10. The jacket is replaced by a sheet metal worker and helper.
 11. The pipe work is replaced by a pipefitter and helper.
- Mr. Alfred says that before the war two men did this work—Scissored.

Pretty Sewing Basket

Work baskets of figured crotonne or silk may be made, in several sizes, of two circular pieces of the material. For the foundation of the basket a light, square cardboard box is used, split at the corners, so that it can be flattened out. A pocket, gathered on one edge, over an elastic band, and an oblong pin cushion, are sewed to one of the circular pieces. The two pieces are then pasted together with the flattened box between them. Eyelet holes in the spaces between the sides of the cardboard foundation carry a small cord that holds the basket in shape as shown in the picture.

JUDGE PORTERFIELD WOULD FAVOR HANGING

"If somebody will introduce a law providing hanging for fathers who desert their children I will support it." Judge E. E. Porterfield made this statement in juvenile court in Kansas City scoring Clarence L. Wright, 307 North White street, for his failure to support his two children Velma 6 years old and Mona 5. The children live with their grandparents, Mr. and Mrs. J. W. Stubbs, 311 North Wheeling avenue.

"You are about the most contemptible man I know of. The worst crime of which I can think has been committed by you," Judge Porterfield told Wright. "The murderer only takes life—the man who deserts his children is willing to see innocent persons starve."

"You will pay \$10 each week to the support of these two little girls or we'll run you into the river—and I'll personally take charge of the running," Judge Porterfield said.

THERE IS ONLY ONE "KICKER"

If you tel a man you are going to save him 60% to 100% on his gasoline, he will say that you are crazy. Therefore, we only guarantee to save you 25%—which in itself will pay for your automobile in a short while. BUT—on many tests the KICKER has more than doubled the milage.

MADE ENTIRELY OF TWELVE GAUGE RUST-PROOF STEEL

THE heavy twelve gauge Keystone "copper-bearing" steel used in the Clark Grave Vault is the most perfect rust-proof steel or iron known. The protection is absolute, because the Clark Grave Vault is built on the "diving bell" principle, the only scientific way of sealing a vault water-tight and air-tight. It is guaranteed for fifty years and will undoubtedly last for centuries. (Stone, brick and concrete vaults allow water to seep in and hold it.)

The supplying of the Clark Grave Vault is typical of the conscientious service rendered to the public.

FURNITURE AND UNDERTAKING

You can't fool the youngsters. They can always tell the difference between KELLOGG'S and imitations.

Kellogg's Corn Flakes snap up fussy appetites something wonderful!

No coaxing needed to tempt family folks and visitor folks to eat a plenty—not when there's a big pitcher of milk or cream and lots of Kellogg's Corn Flakes—and, maybe some fruit—ready to tickle fickle palates!

Kellogg's are unlike any corn flakes you ever ate! They're the original kind—they ought to be best! No other corn flakes are so deliciously flavored; no other corn flakes retain such wonder-crispness till eaten! And Kellogg's are never leathery or tough or hard to eat!

Kellogg's are always a delight to serve—and a treat to eat at any meal! In fact, you'll never know how good corn flakes can be until you know KELLOGG'S!

Do more than ask for corn flakes—say KELLOGG'S CORN FLAKES! The kind in the RED and GREEN package!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBS and KELLOGG'S BRAN, cooked and branched.
