

The railroads of Holland are run in the interest of the people and so carefully managed that the accidental deaths on them average only one a year. In this country they are run to rob the people and slaughter on an average, in Chicago alone, of 450 persons a year, 36,000 are killed and injured in the whole country per year.—Cincinnati Populist.

There is no need of now importing cheap labor from abroad. We have plenty of it right here at home. The Democrats are now making some more promises. They warrant them to be as good as those made two years ago. That is to say, they will last until the party has an opportunity to break them.—National Reformer, Little Rock, Ark.

We need an Andrew Jackson in the White House just about now. In his day, when engaged in a war with banks and money sharks he said: "By the Eternal, we will see which is to rule, the money power or the people." If Jackson lived to-day he would be a "crank" and an "anarchist" in the eyes of the plutocrats.—Independent.
