Speaker Crisp fired the last shot for Hill Saturday night.—Caucasian.

No, no, neighbor, the Republicans fired the last shot Tuesday.

The men who organized the Revolution and founded this great government, were farmers and planters. And we believe that our farmers and planters are the proper men to find a solution for our present troubles.—Monroe Bulletin.

LEEMEE & TUCKER, Agents.

A telegram from Idaho says "that the Republicans will carry the entire State ticket as many Democrats are voting the Republican ticket just to crush the Populist." We have claimed all the while that both old parties are one and the same thing, so far as the money power is concerned. Can't you see it!

Worse and Worse.

A merchant in Montgomery, La., told us that he had shipped five bales of cotton this fall, and one bale failed to pay the expenses on the lot. Therefore we may say that there is an idle unproductive element that consumes more than one fifth of what the poor man makes.

Shooting Affray at Augusta, Ga.

On the day of election a Populist challenged a negro vote, thereupon a Democrat drew a pistol and shot him dead; a fusillade followed in which two other men were killed.

We wish to call the attention of our readers, who wish to take a great national paper, great in every department, to the American Nonconformist.

No Populist paper has so many able correspondents or so large a circulation. And its success is deserved, as no expense is spared to make it the best, most readable paper in the country. The fraud and rascality (winked at and unpublished by the old party papers), unearthed and exposed by its Washington correspondents during the last session of congress was a revelation to every honest man. Its scathing and fearless editorials are a terror to evil doers. Every one of our readers who wishes the news of the whole Populist movement should subscribe for this great paper. Price \$1.00 a year. Send direct to Indianapolis, Ind. Sample copy sent upon request.

On a silver or bimetallic basis cotton would be worth 12 cents a pound to-day. That is the basis on which our public and private debts, our taxes and salaries were contracted. We sell on the gold basis and pay on the silver basis, and the two, like upper and nether millstones, crush the life and substance out of a people and grind them to powder.—Monroe Bulletin.

NOTICE TO ADVERTISERS.

All defendants in judicial sales have the right to select the paper in which the advertisement is to be inserted, therefore we would ask our friends to give us a bid before advertising. The Populist is being run in the interest of humanity, and it is the duty of all men to support it. Also those who enter homesteads have a right to select their own paper for advertising. Don't fail to give us a call and we will treat you well.

PERSONAL MENTION.

Mr. Jno. A. Barlow and his two sons, Marco and Lynn, arrived last night, and are the guests of Editor W. H. Tunnard.—Shreveport Times.

Mr. Barlow is our genial and efficient Deputy Clerk of Court, and we wish him and his boys a pleasant trip.

Mr. U. P. Breazeale, one of our genial and popular young gentlemen, is visiting the Fair at Shreveport this week. Pleasant trip to you "Upsher."

Mr. Calvin Carter, of Winn parish, was a pleasant visitor to our office on Wednesday.

We were pleased to receive a call from Mr. A. J. Franks on Wednesday. Mr. Franks is a Police Juror from ward 8 in Winn parish.

Mr. McK. Holston, one of our enterprising business men, accompanied by his daughters, Misses Lelia and Isa, left Thursday morning for Shreveport to take in the Fair. We wish them a pleasant trip.

Rev. M. E. Weaver, our worthy Baptist minister of this place has gone to Evergreen to assist in a protracted meeting, and requested us to state that there will be no services at the Baptist church next Sunday.

We acknowledge a pleasant call from Dr. W. T. Williams, of Bayou Natchez, on Thursday. The Doctor is enjoying fine health.

Dr. C. A. Neal of Grant parish, was in the city on Thursday and gave us a call.

We received a pleasant call from Mr. T. B. Burkett, of Robeline, on Thursday.

Mr. and Mrs. M. L. Payne of Montgomery, La., were visiting relatives and friends in the city last week.

Col. W. H. Jack gave us a pleasant call on Thursday, and a talk with him convinces us that he with all other honest men of this country should denounce fraudulent elections. If indications account for anything the ballot box stuffer will soon be buried beneath the condemnation of an indignant people. So note it be.

FOREST HILL, La., Nov. 7, 1894.

Mr. M. F. Machen, Natchitoches, La.: DEAR SIR:—We are told the vote here stood 141 for Ogden and 31 for Bailey. We get this statement from two different parties. We were not permitted in the polling room during the election, neither did we see the count, and we do not believe there was 172 votes polled here. It should be investigated.

Rev. J. F. Patterson will preach his last sermon for this year at the Methodist church next Sunday.

The election passed off quietly at this place. Bailey received 96 votes, Ogden 27.

Miss Mildred Jackson, the amiable and highly cultured daughter of Dr. R. E. Jackson, has gone to Magnolia, Ark., to take charge of the musical department of the Magnolia College. Miss Jackson was born and raised here, and the entire community will join in recommending her to the world as an estimable young lady of merited worth, and we certainly wish her success wherever the destinies of life may lead her.

Only those who draw salaries and collect taxes are not affected by the hard times.

The fraud committed in New Orleans is unprecedented by anything of previous years. All the Democrats we have spoken to about the election say that the fraud that has been committed in this election is a shame and disgrace, and that it is the duty of every good man to denounce it in the strongest terms.

The Natchitoches Railroad sold last Saturday, including rolling stock, right of way and everything pertaining to it, for \$44,000. It was sold for a bonded indebtedness of \$24,000, and was purchased by Messrs. Wm. J. Behan and Bertrand Beer, of New Orleans. This sale included the entire road from Grand Ecure to Cypress.

The Record Condemns Them.

No man can truthfully say that the Democratic party favors the free coinage of silver at any ratio, because in 1892, with 148 Democratic majority in the lower House, they defeated a free coinage bill passed by a Republican Senate. Again, in 1894, a Congress that had 92 Democratic majority in the Senate, defeated a free silver coinage bill by a good safe majority at 16 to 1, also at 17, 18, 19, and 20 to 1. These facts none deny, and with them before him any one who yet says, "I believe the Democratic party will give us free silver coinage," is hermetically sealed up in prejudice, and could not be made to believe that two and two make four if his political masters told him to dispute it.—Southern Mercury.

Now is the time to buy meal and hulls. The Marco Oil Mill will sell you hulls at \$2 50 per ton, and meal at 75 cents per sack. Lay in your supply. Oct 26.

Impotent Democrats.

A corner on money is a corner on everything that money will buy, and the bankers have this corner. Cleveland himself admitted to Congressman Oates that "the bankers had the government by the leg." Think of \$400,000,000 idle money in the banks of New York, and all the South and West dying financially for lack of it. Every honest industry languishing, the body politic bleeding at every pore; labor hunting for work at any price; children begging for bread and women weeping. The old Democratic party has shown itself impotent to help us in this our sore time of need.—Pioneer Exponent.

The Poor Man's Party.

The People's party is the poor man's party. And there are enough poor men in this country to-day to run its government in their own interests, if they will but vote together, and let the rich men who run the two old parties get along as best they can without them.—Muscatine Populist.

We represent none but first-class companies that pay all losses with promptness.

LEEMEE & TUCKER, General Insurance Agents.

"The proof of the pudding is in the eating thereof." We have eaten sufficiently of the pudding served by the monopolies of the land and have found ourselves wanting in prosperity, and simply because of the treachery of political leaders, who have feathered the nests of the few by the enactment of class laws. Isn't it about time for another baking, one that will result in a pudding calculated to batter the health of the nation?—Nonconformist.

The United States produces enough food to supply every citizen bountifully. Its factories are able to furnish all the clothing needed; coal wood and minerals are in the greatest abundance, and the people industrious and full of energy, yet want, destitution, hunger and suffering are constant guests in thousands of homes. Evidently natural conditions are not to blame, but the injustice of man, or man-made laws, is. Is there any plausible reason why the people should suffer from such laws and their results when they have the power to alter them? If the people suffer they have themselves alone to blame. Let them arouse themselves, study the situation, and act like men worthy of a better state; demand and see to it that these evils are corrected.—National Watchman.

The Republicans have carried New York, California, Connecticut, Illinois, Indiana, Iowa, Massachusetts, Michigan, New Jersey, North Dakota, Ohio, Pennsylvania. The Democrats claim to have carried every Congressional District in Georgia, and boasts of how manfully the negroes voted the Democratic ticket. It is impossible to tell at this time how the election has gone, except in the Northern States, they are conceded to the Republicans.

Waite's Head Level.

A. E. LEMEE.

JAS. B. TUCKER.

DENVER, Colo.—Gov. Waite has written an open letter to the Populist party of Colorado, in which he strongly opposes fusion with the democrats. In conclusion he says: "I have endeavored to the best of my ability to run the affairs of the State in the interest of the miners and the laboring men, and so far as I could have stepped upon the aristocratic thieves and robbers who have stolen the State post in previous administrations, and even defrauded the school children of the State of nearly \$500,000.

"If we can not, after two years, and after carrying the State, succeed again on our platform and with our own men, and without looking for support outside the party organization, then the People's party is premature and the American people are not yet ready for reform."

Waite some day will be honored as he deserves to be. A short time ago he declined an offer by the gamblers of Denver to put \$30,000 into the Populist campaign fund if he would let them resume business. That's the kind of a governor to have, even if the plutocrats lie about him.—The Advance.

Recreancy of the Democrats.

If the Democratic party lived up to its principles there would be no place for a People's party. But as the situation stands the Populists have taken the Democratic principles and the plutocrats have captured the Democratic party. And so it is that in communities where joint debates are confined to Republicans and Democratic disputants the auditors, though they hear both speakers, will get only one side of the question.—Chicago Times (Rep).
