INSTRUCTIONS,

Containing conditions to be embraced in the contracts to be entered into by the Department may deem proper

1. No pay will be made for the trips not performed; and for each of such omissions, not satisfactorily explained, three times the pay of the trip may be deducted. For arrival so far behind time as to break connexion with depending mails, and not sufficiently excused, one fourth of the compensation for the trip is subject to forfeiture. Deduction will also be ordered for a grade of performance inferior to that specified in the contract. For repeated delinquencies of the kind herein specified, enlarged penalties, proportioned to the nature thereof and the importance of the mail, may be made.

2. For leaving behind or throwing off the mails, or any portion of them, for the admission of passengers; or for being concerned in setting up or running an express conveying intelligence in advance of the mail, a quarter's pay may be deducted.

3. Fines will be imposed, unless the delinquency be promptly and satisfactorily explained by certificates of postmasters, or the affidavits of other credible persons, for failing to arrive in contract time; for neglecting to take the mail from or deliver it into a post office; and for suffering it (owing either to the unsuitableness of the place or manner of carrying it) to be wet, injured, destroyed, robbed, or lost.

4. The Postmaster General may annul the contract for repeated failures to run agreeably to contract; for violating the post office laws, or disobeying the instructions of the department; for refusing to discharge a carrier when required by the department to do so; for assigning the contract without the assent of the Postmaster General; for running an express; or for transporting persons or packages containing mailable matter out of the mail.

5. The Postmaster General may order an increase of service on a route by allowing therefor a PRO RATA increase on the contract pay. He may change schedules of departures and arrivals without increase of pay, provided the running time do not be abridged. He may also curtail or discontinue the service, in whole or in part, at PRO RATA decrease of pay, allowing one month's extra compensation on the amount dispensed with, whenever in his opinion the public interests do not require the same, or in case he desires to supersede it by a different grade of transportation.

6. Payments will be made for the service by collections from or drafts on postmasters, or otherwise, after the expiration of each quarter—may in February, May, August, and November.

7. The distances are given according to the best information; but no increased pay will be allowed should they be greater than advertised, if the points to be supplied be correctly stated. BIDDERS MUST INFORM THEMSELVES ON THIS POINT; and also in reference to the weight of the mail, the condition of roads, hills, streams, &c., and all toll-bridges, ferries, or obstructions of any kind by which expense may be incurred. No claim for additional pay based on such grounds can be considered, nor for alleged mistakes or misapprehensions as to the degree of services; nor for bridges destroyed, or other obstructions increasing distance occurring during contract time. Offices established after this advertisement is issued, and also during the contract term, are to be visited without extra pay, if the distance be not increased.

8. The route, the service, the yearly pay, the name and residence of the bidder, (that is his usual post office address,) and those of each member of a firm where a company offers, should be distinctly stated; also the mode of conveyance, if a higher mode than horse back be intended. The words "with due celerity,

certainty, and security," inserted to indicate the mode of conveyance, will constitute a "star bid." When a "star bid" is intended no specific conveyance must be named.
