

TRAVELER'S GUIDE.

CAIRO'S RAILROAD CONNECTIONS.

RAILROADS.

TAKE NOTICE—TIME TABLE OF THE ILLINOIS CENTRAL RAILROAD.—On and after Sunday, May 14th, 1871, the following time-table will govern the arrival and departure of passenger trains at Cairo:

Although the regular St. Louis train is taken off both trains out of Cairo which have through cars for St. Louis, which will be taken through from Du Quoin by the trains on the Belleville road. Direct and close connection will be made at Du Quoin, and there will be no change of cars from Cairo to St. Louis. The train leaving Cairo at 11:45 p.m. will have a through sleeping car for St. Louis. The attention of shippers is especially called to the fact that a Fruit Express train will leave Cairo daily, Saturdays excepted, and will make the run from this city to Chicago in twenty-two hours.

JAS. JOHNSON Agent.

QUICKEST ROUTE FROM SOUTH

ILLINOIS CENTRAL R. R.

St. Louis, Louisville, Cincinnati, Chicago, New York, Boston.

POINTS EAST AND WEST.

Passenger trains arrive at and leave Cairo as follows:

Table with columns for 'ARRIVE' and 'EXPRESS' times for various routes.

AND ALL POINTS EAST.

For through tickets and information, apply to Illinois Central Railroad Depot.

STEAMBOATS.

MOUND CITY AND CAIRO.

THE STEAM TUG, CACHE.

WILL MAKE FOUR TRIPS EVERY DAY.

CAIRO AND M.D. CITY.

LEAVE CAIRO, LEAVE M.D. CITY.

AT 7 A.M. AT 8:30 A.M. AT 10 A.M. AT 11:30 A.M. AT 1 P.M. AT 2:30 P.M. AT 5 P.M. AT 6:30 P.M.

WILL LAND WHEN HAILED.

BOX FACTORY, HAWKES LANDING, KY. MOUTH OF CACHE, MARINE WAYS, AND NAVY YARD.

CAIRO AND PADUCAH DAILY PACKETS.

The following packets leave Cairo on the days and at the hours below named:

TALISMAN.

Every Monday, at 5 p.m.

TYRONE.

Every Thursday, at 5 p.m.

LUMBER.

Every Saturday, at 5 p.m.

For Freight or Passage apply on board, or to BIGGS & MALLORY, 15 OHIO LEVEE.

CAIRO AND PADUCAH DAILY PACKET.

The beautiful and light draught steamer.

JAMES FISK, JR.

DEPARTS CAIRO DAILY, LEAVES CAIRO DAILY, LEAVES PADUCAH DAILY, LEAVES CAIRO DAILY.

Having superior accommodations the so-called public package.

Particular attention is paid to collection of bills for the same collected.

THE MAILS.

Table with columns for 'ARRIVE' and 'CLOSE' times for various mail routes.

SECRET ORDERS.

THE MASON.

CAIRO COMMANDERY, No. 15—Squad Assembles at the A. J. Mason Hall, 5th and Third Streets in each month.

CAIRO LODGE, No. 27 F. & A. M.—Regular Communications at Masonic Hall, the second and fourth Mondays of each month.

CAIRO LODGE, No. 58 F. & A. M.—Regular Communications at Masonic Hall—3rd and 4th Thursdays in each month.

ALEXANDER LODGE, 25th—Meets in Old Fellow's Hall, in Art's Building, every Thursday evening, at 8 o'clock.

FOR RENT.

A newly-furnished Cottage, on Washington-st., convenient to the court-house; situated on two lots; four good rooms and a kitchen; will be rented cheap. Apply to

TIM O'CALLAHAN, Corner Fifteenth-st. and Commercial-st.

THE BULLETIN.

Published every morning, Monday excepted.

CITY NEWS.

BREVITIES.

Two men were committed to the calaboose, last night, for drunkenness.

Tim O'Callahan offers for rent a cottage on the corner of Twenty-first-st. and Commercial-av.

Immense quantities of bridge timbers have arrived during the past week, for shipment south.

Two or three first-class marriages are talked of. One of them will probably be celebrated during the present month.

Ervin Maxwell, late of Cairo, is partner in an extensive tea store, in the city of Chicago, and is said to be prosperous and happy.

The street lamps were lighted again, last night, much to the disappointment of those who love darkness because their deeds are dark, etc.

John Knuth, of Unity precinct, was in the city yesterday. John is a zealous friend of the "one among ten thousand, etc."

Among the freight on the Illinois Central wharfboat, to go forward by rail, we noticed yesterday several blocks of solid granite, weighing six thousand pounds. They are billed for Chicago.

Mr. H. S. English, principal of the public school, has been confined to his room by sickness during the past three or four days. He will probably resume his line of duty to-morrow.

Judge Bross, in company with Mr. Howland, who has undertaken the contract to build the Cairo and St. Louis railroad, passed over the proposed line of the road, on Sunday last, as far as Jonesboro.

There will be an examination of parties applying for teachers' certificates, on Saturday next, commencing at 10 a.m. Dr. Brigham, S. P. Wheeler and George Fisher, Esq., constitute the board of examiners.

We are informed that Judge Bross has declared his purpose to vote for all the railroad propositions to be determined on the 3d proximo. This evinces a complete surrender of the Judge, and we are glad to record it.

In a Pulaski county orchard, only about fourteen miles from Cairo, two hundred bushels of plums are falling from the trees and rotting on the ground, because the owner of the farm has not time to gather and market them.

The propriety of lighting the city by coal oil is being discussed. Responsible parties are willing, we understand, to furnish the usual amount of light—using coal oil as the illuminating fluid—for \$2.25 per month per lamp.

We have been requested to say that the Hibernian fire company will hold a special meeting in their engine house, Thursday evening. A full attendance is desired, as business of importance will be brought up for the consideration and action of the company.

There is a dangerous hole in the Tenth street sidewalk that should receive the immediate attention of the sidewalk artists. Three planks have been broken out, opening a passage way to the ground below, for anybody of less dimensions than those of an ox.

The new hall of the Rough and Ready fire company was not opened on Monday night last, but will be opened on next Monday night, certain. The postponement was necessitated by the persistent determination of the coach vernalis used upon the floor, to take its own time to dry.

The Cairo District M. E. Sunday School mass convention will be held in the village of Metropolis on Tuesday, Wednesday and Thursday, June 27, 28, 29. The Evansville and Paducah packets will carry persons wishing to attend, at half-fare rates. A large crowd is looked for.

The opinion is expressed that the Cairo and Vincennes railroad proposition will not receive twenty-five affirmative votes outside of Cairo. Such a vote would be a sorry showing for the "country," and entirely out of keeping with the spirit of the times.

The weather during the past few

weeks has been highly favorable to the harvesters.

Much of the wheat is already out, and, as Fitts says: "pans out beautifully." The acreage is said to be one sixth greater than last year, and the yield at least 25 per cent. greater.

The Odd Fellows of Carbonade and Grand Tower will join in a grand steamboat excursion on the fourth of July to Chester. The Cairo silver cornet band, unless they are employed at home, will probably accompany the excursionists.

A number of Cairo families will leave next week for the Crittenden springs. Olmsted has provided superior means of entertainment, this year, and will extend to his Cairo acquaintances a cordial welcome. By an order of the Crittenden county court the price of board is fixed at \$7 per week.

The editor of the Vincennes Sun says: "We once had a contest with Cairo musquitos, and are free to acknowledge they got the best of us." They usually do "get the better" of quite everybody who gets drunk and sleeps out in the chapparel. Nobody else has any occasion to complain of them.

The last shipment of wrought iron joints for the new state house at Springfield, went forward per Illinois Central this morning. The largest ones were forty-five feet long, twenty-eight inches wide, fourteen inches thick, and weighed 20,000 lbs. each. They were manufactured in Berlin.

McHale having received a solemn assurance from the "Memphis Mackerel" in his charge, that they will not renew their attempt to secure his scalp during the period of their confinement, has relinquished them to their fate. They are desperate fellows, but Mac has mastered them.

The police court was crowded with offenders against the peace and dignity of the city yesterday. It was a mixed collection of black and white, male and female, fast young men and folkish middle-aged chaps—all kinds of follies arrested for all kinds of offenses. The total amount of fines and costs reached about \$100.

The sale of green apples is prohibited by the Chicago board of health, in consequence whereof the early apples of Egypt find no sufficient market. An orchardist who experimented with the St. Louis market, last week, received \$1.85 as the return on fifty boxes—a sum that scarcely covered the expense of cartage to the railroad.

The Paducah Kentuckian, of the 11th inst., says that "wives are harder, closer, money scarcer in Paducah now than it has been for many years." This is a sentence of mysterious import. We can't understand it. In what respect are the Paducah wives harder and closer than they have been? We pursue for a reply. Let us, gentle Lan, not baffle in ignorance and hap.

At a recent meeting of the lady managers of the Cairo Orphan asylum it was agreed that hereafter the lady managers should pay over their monthly dues into the hands of Mrs. Williamson, and that the trustees should make payment to Mr. W. W. Thornton. It will prevent some confusion, and possibly, inconvenience, if this fact be remembered and observed by whom it concerns.

The firm of Abell & M. Laughlin, which, during the past five or six months has prosecuted a steamboat lumber business in the city, has, we understand, been dissolved by mutual consent. We have heard it stated, however, that Joe will maintain the business in the capacity of agent. He is a fellow of unshining industry, and is known by everybody on the river, from the cabin-boy of the Cache to the captain of the Katie.

A few very unreasonable people formed their opposition to the Cairo and Vincennes railroad on the belief that Barnside will sell out the property of the company, and make money by the operation. Who cares if he does? The road will be equally servicable whether owned by Barnside or Vanderbilt. Respecting the question of ownership the people are indifferent. They want the road—not Barnside or "any other man."

There is reason to believe that the Ballard warehouse tobacco fair, to be held in this city on the 28th inst., will be largely attended. Planters from Tennessee, Kentucky and all parts of Southern Illinois, have indicated a purpose to be present, and due arrangements should be made for their entertainment. It has been intimated that an invitation to the Dyersburg silver cornet band, would be accepted. As a cultivation of business relations with that people is highly desirable we hope the invitation will be extended.

A stranger, whose brass and assurance were only exceeded by his flithness, called at an up-town residence, yesterday morning, and demanded of the servant girl, a breakfast—being fortified in the demand, he said, by the fact that during the night previous, he "had been knocked down and robbed, in this d—town, of two hundred dollars." He didn't want any scraps, either, because enough of his money was in the town somewhere, to pay for a breakfast for a king. The appearance of the "man of the house," at this juncture, wearing a very heavy pair of boots, modified the demand for a princely breakfast into a very humble request for "a scrap of something to eat, sir, as I've been a day, sir, without a single morsel." The man of the house having overheard the colloquy with the servant girl, admonished the stranger that it would be healthy for him to "potter" and straightway he "pottered."

A single trial will convince the most skeptical of the efficacy of HELMOLD'S GRAPE PILLS in sick or nervous headache, jaundice, indigestion, constipation, dyspepsia, biliousness, liver complaints, general debility, etc. No nausea, no griping pains, but mild, pleasant and safe in operation. Children take them with impunity. They are the best and most reliable. HELMOLD'S EXTRACT SANSAPARILLA creates new, fresh and healthy blood, beautifies the complexion, and imparts a youthful appearance, dispelling pimples, blotches, moths, patches and all eruptions of the skin.

A LIGHT SUBJECT.

WHAT WOULD BE A FAIR PRICE FOR GAS?

Since gas is a commodity with which newspaper men are supposed to be entirely familiar, the public would scarcely excuse us should we fail to discuss the facts that have been given prominence by the refusal of the city to continue the old contract with the gas company, and the refusal of the company, or their agent, to continue the supply of gas. It was manifestly, the purpose of the city council to notify the gas company that, inasmuch as city scrip rates very nearly at par, the city did not desire to continue a contract made upon the basis of scrip at 60 or 65 cents. The agent of the company, giving the resolutions of the council a liberal construction, concluded that the city would not pay for any more gas until a new contract was entered into, put down the gates, and shrouded the city in darkness, "for one night only."

The heavy expense attending the lighting of the city by gas (\$4.50 per month per burner) has stimulated inquiry as to the original cost of the article, the comparative cost of coal oil light, etc. It has been ascertained that Pittsburgh coal can be delivered at the gas works here for about \$4.40 per ton. One pound of coal will produce four cubic feet of gas. This is equivalent to 8,000 cubic feet to the ton.

A correspondent of the Pittsburg Post, speaking of the cost of gas, assumes that the coke and tar will more than pay the expense attending the process of purification; and that the cost of placing the gas in the holder need not exceed \$2.50 per 1,000 feet. If, then, we allow a loss of 80 per cent. to cover leakage and condensation (which the Post regards as extravagant) we can very closely approximate to the cost involved in the production of gas in Cairo.

One ton of coal delivered.....\$4.40

Placing gas in holder.....2.50

Total cost.....\$6.90

Allowing that the loss, as above stated, amounts to 30 per cent, we have here the sum of \$6.90 as the cost of 5,000 feet of gas in the gas-meter—about \$1.20 per 1,000 cubic feet.

A street lamp using a five feet burner, will if pushed a little, use 1,500 feet per month. The cost of this amount at \$1.20 per m. would be \$1.80. To this sum add the cost of lighting, the wear and tear on machinery, and repairing, say \$1.00 per month, and we have the total cost of each lamp with a five foot burner brought down to \$2.80 per month.

When we remember that gas companies do not expect to make any profit out of their public patronage—have no fault to find with the council, for seeking a discontinuance of a contract under which they were paying \$4.50 for a quantity of light that should be, and most probably will be, furnished at \$3.00. If "figures will not lie," the gas company will then realize at least a small profit, and the city will save at a corresponding rate.

ATHENIUM THURSDAY NIGHT.

The concert announced for Thursday night, should, and no doubt will, call out a full house. Mrs. Col. Monerat, in whose name the entertainment is given, is known as a singer of rare culture, and as one of the most distinguished amateur vocalists of the south. She will be assisted by our best home talent, and by a prominent soprano from the neighboring city of Evansville. The programme will consist of the finest gems of the opera, arising from the most learned masters, with selections from the creme de la creme of the most generally admired compositions of the day.

We feel abundantly assured that the concert will deserve the patronage and command the applause of all who can appreciate really first-class vocal and instrumental music.

Mrs. M. has a double claim upon the patronage of the respectable portion of the community, in this, that she is not only thoroughly schooled in the theory and practice of music in all its varied branches, but is a resident of Cairo—a lady whose rare musical ability reflects credit upon our city. While, therefore, such of our citizens as enjoy the pleasure of an acquaintance with her, have occasion to expect an entertainment of the highest order. Mrs. M. herself has reason for anticipating a large and respectable audience.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

The meeting of the Y. M. C. A., held in their hall, Monday night, was interesting and profitable. The original essays read, embodied matter of a highly entertaining and instructive character, evincing careful thought and diligent research upon the part of the authors, as well as a purpose to render the meetings of the association mentally as well as morally profitable.

At the close of the meeting it was decided to have street preaching under the auspices of the society, on Sunday evening, the 18th inst., on the corner of Ohio Levee and Eighth street. The Rev. Fred L. Thompson, of the M. E. Church, consented to officiate.

The attendance was sufficiently large to indicate a growing interest in the meetings of the association, but there was "room for more"—which the members will be pleased to see occupied, in the future, by any of our citizens who feel an interest in the success of the aims of the association.

THE RAILROAD COMMITTEE.

The committee of citizens (the organization of which is to be preserved until after the election, on the 3d proximo,) met in the council chamber last evening. Captains Williamson and Phillips were appointed as a sub-committee, to solicit funds to defray the necessary expenses of the election, including the distribution of documents, the printing of tickets, etc. The sub-committee will enter upon a discharge of its duty at once, and expects a liberal response from our citizens.

The committee will re-assemble at the office of Halliday Bros., at 10 o'clock this morning.

THE DELTA BASE BALL CLUB.

The Cairo Delta base ball club was organized, for the ensuing season, on Monday evening, the following gentlemen being chosen officers:

President, Peter Saup, Vice President, Dennis Foley, Secretary, M. J. Howley, Treasurer, John Broderick, Directors, Dennis Foley, Ed. Daxonia and John Broderick.

Peter Saup was elected Captain of the first nine, by acclamation.

This organization is a good one, and will no doubt prove entirely satisfactory to all concerned. Saup "does nothing by halves." He is a zealous worker for the success of everything in which he interests himself, sparing no time nor money for the attainment of the results he aims at.

The material of which the club is composed is undoubtedly the best of the kind in the city. Anything like industrious practical will, therefore, render the club invincible.

Dr. R. V. Pierce, of Buffalo, N. Y., sole proprietor of Dr. Sage's Catarrh Remedy, whose name is printed on the wrapper of the genuine, has for over three years offered, through nearly every newspaper in the United States, a standing reward of \$500 for a case of Catarrh in the head which he cannot cure. That he has treated thousands of cases and had no claims presented for the reward from any one who has made a thorough use of his means of cure, is strong and conclusive evidence that he possesses sure means of curing this loathsome disease. The Catarrh Remedy is sold by all druggists or sent by mail on receipt of sixty cents.

je 14-1-d & w

LAST CHANCE.

The time draws near. Secure your tickets in the Grand Gift Legal Festival in aid of a public library, at Omaha before you have to pay a large premium. It is said to be a grand success. Everybody is confident it is conducted on the "square."

A CURE GUARANTEED.

Kross' Fever Tonic is universally recognized as the best medicine extant for the cure of fevers. It is for sale by P. G. Schuh, druggist, two doors south of the postoffice, and he guarantees all who buy from him that it will cure chills and fevers. If it does not cure Mr. Schuh agrees to return the money. Can anything be fairer than this? may24if

FOR SALE.

The store-house on the corner of Tenth and Walnut streets, and also the stock of groceries therein, are offered for sale together or separately. Also, a good buggy and harness will be sold on private terms. Apply for particulars on the premises. BEN. F. ECHOLS. ju7if

I do not know as other barbers do. For keep my razors like King William's sword. Because his sword, as all must know, Though handled well, was rough. I keep my razors sharp and keen, And Cuts and Towels always clean. Fortunately, too, of all the brands, That's made in this or foreign land. Then for clean shaving please to stop AT DANIEL LAMPHREY'S BARBER SHOP, 10th Street, at 91. Is there such work as is neatly done. my14im

A FAMILY TREASURE.

The happiest and best member of a family is usually called the light of the household, because, besides being happy and cheerful himself, or herself, he or she makes all else happy or cheerful. The Charter Oak Syrup is such a treasure. je13d&w1w

AVERT THE EVIL.

If mothers would give Mrs. Whitcomb's Syrup to their children when sick, mortality would be less among them. It only costs 25 cents. je13d&w1w

KEEP COOL.

Refrigerators, ice chests, water coolers, I X L ice cream freezers, bath tubs, japanned cloth for window screens, etc., at BEEBART, ORTH & CO'S, my18if 136 Com. Ave.

INFANTS.

The most irritable and restless of these tender little household buds, are charmed as it were in quiet and sweet repose by using Mrs. Whitcomb's Syrup. je7d&w1w

HAMILTON'S Buchu and Dandelion,

as good an article as Helmhold's Buchu and for less money, for sale at P. G. Schuh's drug store. my24if

COMMERCIAL.

Monday Evening, June 1, 1871.

The week opens with a moderately fair market. Flour shows a shade of improvement and prices are firm at quotations. The principal demand is for better grades. The demand for Corn and Oats is good. Of the latter there is very little in the market. There is an active and decided request for Corn. Offerings on track to-day, at 56c in bulk, found immediate buyers. Large quantities are being sent from this market via Nashville, into Georgia. Foreign buyers are in the city purposing to remain a week or two, with the view of buying for that market.

The Erie Railway, and the New York Central and Hudson and Pennsylvania Central lines have adopted a new tariff of prices for the western freights which are about twenty-five per cent. higher than those adopted in May. The difference between the old and new tariff per hundred weight for first-class goods, including general dry goods and boots and shoes, from Buffalo, Erie and Cleveland to Cairo is 83 per cent, the old being 96 cents and the new \$1.25 per hundred weight.

The weather is dry and pleasant.

FLOUR.

The market is better and prices remain at previous quotations. Sales were—
