THE BULLETIN.

Publication Office, Bulletin Building Washington Avenue.

THE bright, pleasant weather continues.

AN unusually large number of weddings are to occur shortly.

PASSENGER travel southward is on the increase as cold weather approaches.

Good Kid Gloves in all shades for 75 cents at Blum & Amson's. 9-27-43t.

VELVET and Silk Ribbons are Cheaper at Blum & Amson's than anywhere else in the city.

Our old friend M. D. Gunter is the happy father of a bouncing boy. Cairo beats the world for babies.

READ the advertisement of Mr. Fred. Rose. His fits are warranted perfect and his cuts of the latest styles.

HEALTH Officer Wooten thinks his salary of \$75 in city scrip is not a sufficient compensation for the labor performed.

A very fine assortment of Ladies Cloak and Shawls just opened at Blum & Amson's Dry-Goods House on Eighth street. Go and examine them. 9-27-43t.

THE H. S. Turner, which by the way, we were told never got aground, roosted a short time on Island 21 lately, but is off now and was all right at last accounts.

WE are pained to learn that Mr. Wm. Cook, of the firm of J. E. Cook & Co., of Columbus, Kentucky, died at 12 o'clock night before last, after a short illness.

SLACK and Wiley, after mature reflection, have arrived at the conclusion that the treasurer's office was of very little worth, and begin to feel almost glad they missed it.

WE notice that our flouring mills are very busy these days, and although they are running night and day, fail to keep up with their orders. The season is much better than any before for years past.

THE finest wood that comes to Cairo is hauled from Kentucky and brought over on the ferryboat. While the dry weather lasts our people should secure their winter's fuel. Mud and rain will be plentiful in a few weeks.

The place where you can buy your Dry Goods, Clothing, Boots, Shoes, Hats, and Caps, at from 10 to 25 per cent. cheaper than any where else in the city, is Blum & Amson's new store on Eighth street, first building below Commercial avenue. 9-27-43t.

Mr. James Barclay has a list of names which he compiled after much thought and some little inquiry and was completed to the 14th, some time ago, but is still in doubt as to which of the two names should make the 15th. Some one please tell him as he has already commenced to check the others off.

JACK Winter desires us to say, that being hard up, he is desirous of meeting his friends one and all this evening at the New Delmonico on the Ohio levee at half-past 9 o'clock, when he will regale each one with a nice dish of oyster soup, besides sundry eatables, free of cost, so turn out and call upon Jack, he will be glad to see you.

Messrs. Walker and Neill, of the dry docks, are repairing the little tow boat Bettie Gilbert, which has been purchased by Capt. McKenzie for \$3,200, to be used in the improvement of the Washash river. When she comes off the docks, she will go to St. Louis or Alton for three dredge or mud boats, which she will take to the Washash.

THE president of the Young Men's Christian Association is absent on an extended visit to the eastern states, and until his return the organization will probably remain passive. It is pretty definitely settled, however, that owing to lack of patronage in the past, the lecture committee will not provide a course of lectures for this fall and winter under any circumstances, and the entertainments, if any, which will be offered the public by the association will be mainly supplied by home talent, or lectures, and concert troupes from abroad supplied by special contracts.

CHARLIE Lancaster has returned from a two weeks visit to Louisville and the great exposition, which, he says is worthy everything that has been said of it. He had the pleasure of hearing the speech of the Chappaqua Philosopher, but failed to obtain an interview. He says that our future President is a much better looking man than his pictures represent him to be. Charlie wanted to tell him what he knew about Capt. Hambleton and Dr. Dunning, but could not get a chance, as Capt. Reese Dugan had all his spare time previously engaged.

THERE are but two cases of small pox in the hospital at present—both nearly well. As these pass out of the hands of the nurses, the disease will have received another check provided the vigilance of the health officer is sufficient to prevent its emigration from the pestilential cities of Evansville, Memphis and St. Louis. We are told that during last month 150 cases of the disease were reported in the latter city, but only hear that it exists to some extent in the others. The time of Mr. Wooten our present health officer expires on Tuesday next and the question of the expediency of discontinuing the office will devolve upon the mayor to settle.

CAPT. Wm. H. Sandusky, who has commanded the Cairo and Mound City packet, Cache, ever since she was built and placed in the trade, piloting her successfully through all the dangerous reefs and wrecks which until lately have existed on the route, and managing her to the satisfaction of a great many people, through fair and foul weather, every day, has at last let go of the wheel for a short recreation and visit to friends living eastward many miles. The captain's arduous duties have impaired his health, and rest is necessary. Captain Conway takes his place in command, while he handles the engines and obeys the bells as heretofore, only, that there will probably not be so many of them.

where goods are cheapest and best we cordially invite the public, to call and examine our stock before purchasing elsewhere.

Our establishment is located on the east side of Eighth street, between Washington and Commercial avenues.

BOATS LEAVING TO-DAY.

The fine and favorite anchor line boat Belle Memphis will leave at 6 o'clock this evening for Memphis and all way points. The fast City of Vicksburg is the regular packet for St. Louis and way points, leaving this morning at 10 o'clock. The Jim Fisk, Jr., is the mail boat for Paducah and way points, leaving at 4 1/2 p.m. The regular Evansville packet will depart at 4 1/2 o'clock p.m. The elegant passenger packet Glencoe will leave for New Orleans and way points at noon to-day.

CONDITION OF THE RIVERS.

The river is still rising slowly at this point, however, the rise will be of short duration. Navigation between here and Evansville is a little easier since the small rise in the lower Ohio. At Pittsburg the river is falling steadily, likewise at Cincinnati and Louisville.

There is 3 1/2 feet over Portland bar. There is three feet from Evansville to this port.

Nothing new to report from the Mississippi river. It is still falling and boats have considerable trouble reaching here.

BUSINESS AND WEATHER.

Business on the levee yesterday was inclined to be dull. Receipts and shipments were both light.

The weather was splendid, being cool and pleasant all day.

MISCELLANEOUS.

The City of Helena arrived 24 hours behind time, caused by laying up at night and getting aground at Hamburg, where she was detained a long time. The Pauline Carroll had not been released from her position on the ways when the Fisk passed Mound City. The snagboat Abert was alongside, but did not seem to be doing anything. The John Means, which has been laid up here for some time, left yesterday for St. Louis, to bring down several large loads of iron ore, which, together with her tow here, she will take up the Ohio when the water will permit. Capt. Wm. Sandusky of the tug Cache, goes off on a short pleasure trip. Tony Courtney has charge of the Cache. The little Low Water is high and dry on Washash island. The Eddyville brought in a medium load. She returned last evening. The Kollig tow the new Mississippi V. T. barge 47 to St. Louis. Jim Arick makes a splendid looking jurymen as did Sol Silver. James Lowery a coal dealer of Pittsburg, is in trouble, being charged with forgery.

MARKET REPORT.

THURSDAY, SEPT. 28, 1872.

There has been more activity displayed in the general market during the last few days than for some time past. Prices on nearly all commodities have been well sustained while the demand has increased, and the market been better supplied. The present low stage of water, which is likely to continue until cold weather sets in, is very much in favor of Cairo. Tonnage is plenty and rates of freight are firm and unchanging. The demand for Hay has fallen off; receipts have been liberal for the last two days and prices are a shade lower on choice, which is the only kind wanted; the market is glutted with common and no demand for it at all. The long continued drought is at an end; heavy rains have fallen since our last issue, and times look brighter. There is, however, no signs of a rise of the river.

Correspondents should bear in mind that our quotations represent prices for round lots from first hands, unless otherwise stated, and that in filling small orders higher prices must be paid.

FLOUR.—The market is firm with a fair stock to meet the present demand. Choice grades are firm at an advance of 25c on the bbl. Low grades are neglected. Our merchants feel very much encouraged by the present outlook. In a few weeks cotton will commence moving, and the flour trade will then set in. A very large fall business is anticipated. The low stage of water is altogether in favor of this market, and it is very doubtful whether our flour merchants will be able to meet the heavy demand unless their stocks are largely increased during the next month or two. Sales reported to-day are 608 bbls various grades, \$5 50 to \$9 00; 300 bbls do, \$4 65 to \$9 00; 300 bbls do, on orders, \$6 00 to \$9 25, and 100 bbls X winter, \$5 00. Sales by city mills to-day were 200 bbls white wheat family, \$8 75; 125 bbls XXX do, \$8 00; 150 bbls XXX do, \$7 00, and 100 bbls XX, \$6 00.

HAY.—Dull; under the influence of heavy receipts prices have weakened. Common hay is not wanted at all and choice closed to-day at a decline of a dollar on the ton. Our reports of sales consist of 1 car "Gilt Edge" 19 50; 2 cars prime timothy 18 00; 1 car choice timothy 19 00; 1 car Red top 16 00 and 20 cars timothy, prime to choice 18 00 to 20 00, all delivered.

CORN.—Very dull, no demand at all even for the local trade. We note sales of 100 sacks mixed in burlaps led 45 cts; 7 Cars mixed in bulk on track 38 cts, and 6 Cars White in sacks led at 53 cts.

OATS.—Are coming in freely. The market continues firm and prices have advanced one cent on the bushel. There is a good demand at higher prices in the New Orleans market which creates a lively shipping demand here. Our report of sales consist of 6 Cars and 9 Cars in bulk on track at 27 cts; 4 Cars and 14 Cars in sacks led at 33 cts; 2 Cars and 5 Cars in sacks, on orders, at 34 cts, and 1 Car in sacks led at 32 cts.

CORN MEAL.—Very dull no demand at all. 150 bbls sold on orders at \$2 45 to \$2 50.

BRAN.—More active, and prices are looking up. 2 cars sold, in sacks led, at \$15 00, and 1 car in sacks led at \$14 50.
