We Are Doing Business at the Same Stand on the  
 Same Fundamental Principles of Giving Full  
 Value, Honest Goods, Honest Representations,  
 and Honest Weights.

We handle groceries, and have a stock of well assorted goods, We keep nothing below a standard grade--and up to the highest. We buy from headquarters and in large quantities, thus enabling us to give our customers the benefit of fresh goods and low prices---with a legitimate profit added. All we ask is comparison, as to Quality and Quantity, and feel assured of your trade on these grounds. We always do what we say. We give you the BEST goods at as low price as you usually pay for a second grade; then why not have the best when it costs no more, gives better satisfaction and goes further?

**We Can Supply You With Any Grade of Goods You Want**

**The Famous "Royal Scarlet"** Brand of Canned Goods lead all, and the price at which we have placed them before the public is low enough that it pays to buy them, for there is nothing on the market to equal them. There are lots of goods that one can buy that will do, or, as some say, one can make out on, and yet the price paid is often as much as the BEST would cost. Then why not practice economy by buying the best and seeing that you get it?

**We Give You what You Want at Prices to Suit the Quality**

**We Are Exclusive Agents** For the well known manufacturers and importers of the following goods. Their name is a guarantee as to the quality. You run no risk in purchasing the goods, for if they are not as represented all you have to do is to return them and get your money back: **Chase & Sanborn's Coffees and Teas; Kingan & Co's Old Reliable Hams; Bastine & Sauer's Pure Extracts; Ballard's Obelisk and J. E. M. Flour**—nothing better; **Crego's Vermont Creamery Butter**—it's fine, too; **Fairbanks' Golden Cottolene**—the only genuine—a great many substitutes are sold for Fairbanks and of course they don't give the results, but if you get the genuine you'll have no trouble; **Andrew Jergens & Co's Fine Toilet Soaps**—nothing finer; **Armour & Co's Fertilizers**—now is the time to buy "Cotton and Corn Grower" and "Vegetable. We have all other grades too. Write for prices.
