Getting Thin

is all right, if you are too fat and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistent thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of our doing no work—you can't long be well and strong, without some sort of activity.

The genuine has his picture on it, like no other. If you have not tried it, send for the sample, its agreeable taste will surprise you. **SCOTT & BOWNE** Chemists, 109 Pearl Street, New York. 50c. and \$1.00; all druggists.
