

GROVER CLEVELAND SCORED BY BRYAN

Nebraskan Bitterly Arraigns Former President.

HIS SPEECH AT KANSAS CITY.

At Banquet Given by the Jackson County Democratic Club William J. Bryan Replies to the Toast "Democracy."

Kansas City, April 22.—William J. Bryan, speaking this morning to the toast "Democracy," at the banquet given by the Democratic Jackson County club and the newspaper men of Missouri complimentary to William J. Stone, at which the addresses did not begin until long after midnight, bitterly arraigned Grover Cleveland and his supporters who are making the plea for harmony among Democrats. The assembly was made up of Missouri Democrats and the remarks of Mr. Bryan met with enthusiastic favor with his hearers. He said in part:

"What we need in this nation is moral courage among men. We need moral courage more than ability and we want the kind of moral courage that will fight for honest Democratic principles. In your junior senator, William Joel Stone, you have a Missouri man who possesses both moral courage and ability. I am glad that you have harmony in this state."

"I believe the Democrats of Missouri give the best idea of how to secure harmony among the Democrats of the nation. I believe in harmony. The Democratic bed is wide enough for all who want to come in, but we don't want to sit up nights to keep certain pretenders from picking our pockets. We invite all who have strayed from the fold to come back if they so desire, but we want them to stay in after they come. We have had enough of Clevelandism in the Democratic party. We had four years of Cleveland, and after his administration was over we found ourselves weaker than we had ever been before because we had been betrayed. These so-called harmonizers, Cleveland and his followers, showed their nearness to Republicanism by deserting us in our hour of greatest need and supporting the Republican party. The Democratic party won a great victory in 1892, which gave our party a great opportunity, but Grover Cleveland betrayed the Democratic party and I carried the burden of his administration through two national campaigns and there was not a plank in either platform that was such a detriment to me in those campaigns as that burden was. Cleveland had the best opportunity to redeem the Democratic party ever offered to any man since the time of Andrew Jackson, but instead of being true to his party he disgraced himself. As a party, we must stand true to Democratic principles and if we do I believe that Democratic victory will some day come and it will be here to remain when it comes."

"He is of the highest service to his fellows, who can give the highest ideal. There has been a lowering of ideals in this country. Money is talked about morning, noon and night. Commercialism is the curse of the country today, and it has debauched our country. The foreigner has come to regard the American simply as a money maker and we give cause for the belief that we put nothing beyond wealth and that money is ruling the country with an iron hand. The manhood and womanhood of the United States are more important than money. Jefferson set a higher ideal for us than that of worship of money, and nothing but the ideals of Jefferson will ever lift us out of the slough of despond. The Democratic party is not the enemy of honestly acquired wealth. I have heard it said that Democrats are and be honest. I deny that as being and be honest. I deny that as being false. A man can have money and be a Democrat, but if money has him he has to be a Republican. Jefferson believed that money should be subservient to the man, and Jefferson was an educated man. There are people today who think that the educated man should be separated from the common rabble. Jefferson believed that the man who was too good to take part in politics was not good enough to live in a land like this. Jefferson did not create the principles of the Democracy as they existed long before Jefferson lived. He simply put the principles into living form. There never was a time when the people were more ready to accept Democratic principles than today. We must appeal to the conscience of the people. Three remedies for existing evils have been suggested to me. First, an appeal to the conscience of the people; second, by legislation, and third by revolution. But revolution is not to be thought of. Revolution is not a remedy in a country where people can vote. People can vote themselves free in this country and if they could not do that, they could not fight themselves free. Jefferson stood for the people and their interests, and Hamilton believed that the president and the senate should be elected for life or during good behavior. The Republican party today is forming not Jefferson clubs, but Hamilton clubs."

Letters of regret from Richard Olney, Senator Gorman, Senator Carmack, W. R. Hearst, Tom L. Johnson, Edward M. Shepard, D. B. Hill, Senators Daniel Clark, of Arkansas, and Bailey were read. The letters of Johnson and Hearst raised a tumult of applause.

TRIAL OF HOWARD AT FRANKFORT, KY.

Further Cross Examination of Henry Youtsey.

STAR WITNESS IN THE TRIAL.

Tells Where He Was When Fatal Shot Was Fired—Denies Certain Statements Made to General Leads Prior to Shooting Regarding Goebel.

Frankfort, Ky., April 22.—Henry Youtsey was called for further cross-examination in the trial of James Howard today. Youtsey was asked if he did not refuse to tell Assistant Auditor Frank Johnson where he was when Goebel was shot. He said Johnson asked the question and he told Johnson he was in a safe place. Johnson said that was not sufficiently definite as the detectives had called for particular data as to where all employees of the office were when the shot was fired. Youtsey then told him he was in the toilet room in the basement of the executive building. Youtsey denied that he had ever told General A. Leads, prior to the shooting, that Goebel once beat him out of a fee and that he despised him. He admitted that he told R. H. Witherspoon and other relatives that the newspaper reports that he had named Jim Howard as the man who fired the shot, were without foundation.

"It was my defense at that time," said Youtsey, "that Howard and I were strangers and I told everybody I had never seen Howard till we met in jail."

Further along in the interrogation Youtsey declared that from and after the shooting of Goebel all of the others engaged in the killing conspired together to clear themselves and throw the entire responsibility of the crime upon him.

Responding to questions as to negotiations with Dr. Johnson to kill Goebel, Youtsey said he went to see Senator Deboe, and told him Johnson and others were willing to do it. Senator Deboe, according to witness, replied that enough Democrats were going to vote with Taylor to retain him in office and it would not be necessary to kill Goebel. Deboe said it must not be done. Witness went back and told Johnson what Deboe said. Johnson told him not to pay any attention to Deboe but to go and see what Governor Taylor said about it. He went to see Taylor and told him what Johnson said, and Taylor raised no objection to the plan of shooting from the secretary of state's office.

SEVEN PERISHED IN WRECK.

Number of Victims in Accident at Redhouse, N. Y. Salamanca, N. Y., April 22.—It is now known with practical certainty that seven persons perished in the wreck on the Erie road at Redhouse yesterday.

The railroad officials have compiled a list of the names of the passengers who escaped uninjured, the names of the injured and the name of one man and by comparing this with the record of the conductor as to the total number of passengers on board the train they find that six are missing or unaccounted for.

They believe that the bodies of all those killed have been found and that the list of fatalities will not exceed seven. The six unidentified bodies are so badly charred that recognition is impossible and they have nothing that could give any clue to their identity.

Mr. White has heard absolutely no mention of their wedding. Both of the parties to the alleged engagement are out of England and under the United States embassy nor Mr. White's house has been placed at the disposal of any parties contemplating marriage and no request for the use of either the embassy or Mr. White's residence for a marriage ceremony has been made.

Madrid, April 22.—A dispatch from Cetau, Morocco, represents the port of Tetuan, Morocco, as being in a very critical position.

The pretender is being urged to attack Tetuan, the capture of which is considered easy. The European and Jewish residents of the place are unable to leave except by sea and have requested that a steamer be sent to fetch them. The Spaniards have demanded the protection of the Spanish government.

A steamer from New York has arrived at Melilla, with 500 cases of ammunition and a number of rifles for the sultan of Morocco.

AERONAUT'S FRIGHTFUL FALL.

Parachute Rope Snaps and Precipitates Him to the Ground.

Chicago, April 22.—A dispatch to The Tribune from Houston, Tex., says:

Professor LeRoy Fewer, an aeronaut, has met with a serious accident before thousands of spectators here. Professor Fewer made a successful ascension of 3,000 feet in the air and cut loose with his parachute in good trim. While attempting to shift the course of the parachute on its downward flight one of the ropes snapped almost reversing it and causing the balloonist to lose his hold when within 150 feet of the ground, and the man fell, turning over and over in the descent. He struck in a soft slough which he had been trying to steer clear of, and this alone prevented his instant death. One arm was broken in two places, two ribs and his nose were broken and there are believed to be internal injuries. The man is still alive and physicians believe he has a chance for recovery.

BITTEN BY RABID DOG.

Big St. Bernard Mutilates Little South Carolina Girl.

New York, April 22.—Clara Shafford, 8 years old, of Lenoir, S. C., said to be the daughter of a wealthy planter, has been brought to this city to be treated at the Pasteur institute for hydrophobia. The physician in charge of the institute refuses to disclose the Christian name of the girl's father.

She owned a big St. Bernard dog, and was very fond of it. About a week ago the dog got the rabies and bit 12 sheep in a field near the homestead, and then ran to the house. Little Clara was on the back porch and thought the dog was running to greet her. She went to meet him and threw her arms about him. The dog growled and then snapped at the girl. She became frightened and started to go indoors. The maddened animal knocked her down and bit her on both arms and the back of the right leg before she was rescued by her father.

EXTENDED CORDIAL RECEPTION.

Audience Given General Leonard Wood by King Victor Emanuel.

Rome, April 22.—Brigadier General Leonard Wood was received in audience today by King Victor Emanuel. The general had a most gracious and cordial conversation with the king, who took great interest in the Philippine Islands. General Wood explained that he was going to the Philippines on strictly military duty and said he had the greatest admiration for Governor Taft. He felt that the results which the governor had accomplished there were excellent.

The king said that should General Wood go to Eritrea, the Italian African colony on the Red sea, he had given instructions to the authorities there to put themselves entirely at his disposal. General Wood thanked the king warmly and said he was gratified when, through the Italian ambassador at Washington, the foreign office here invited him to visit Eritrea.

DOG'S NOBLE ACT.

St. Bernard Saves Boy From Watery Grave in New Jersey.

New York, April 22.—Manor Tucker, a St. Bernard dog whose weight is 294 pounds, and who is said to be the largest dog in New Jersey, yesterday saved a 6-year-old boy from drowning in the deep pool of Second river between Bloomfield and Watessing.

The boy with several companions was playing on the bank of the stream when the bank gave way and he was precipitated into the water. He could not swim, and his frightened companions ran away. The dog saw the boy struggling in the water and dashing into the pool seized him by the collar and brought him safely to shore.

"Eternal City's" Birthday.

Rome, April 22.—According to tradition this was the 2,656th anniversary of the foundation of Rome, termed here Rome's birthday. OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandsire may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.
