## TAMPA vs OCALA.

**Tampa Brownies Managed to Win a Very Interesting Game from Ocala.** From Tuesday's Daily.

The Tampa baseball team took advantage of the Seaboard excursion to Silver Springs yesterday and arrived in Ocala at noon for a return game with the Ocala boys. A fairly good sized crowd of enthusiasts accompanied the Tampa aggregation and were very much in evidence when encouraging their home team.

On account of the distance to the Driving Park where we have one of the best ball fields in the state, and the trouble and inconvenience in getting to same, the management decided to return to their first love and play the game on the South Third street diamond. These grounds were in miserable shape, not having been played on for more than a year, and the out field, from which the fences were being removed, was in the condition of newly plowed ground.

However, the game was interesting enough. Ocala's patrons are reconciled to the fact that Ocala cannot win all the time. Her team won from Tampa on the Tampa Bay ball grounds about two weeks ago by a score of 6 to 3. There were several good plays made on both sides. On the other hand there were several very inexcusable plays. Ocala was handicapped by one or two of her best players not being able to get away from business, and another kept away on account of sickness.

The game was called promptly at 3:30 and brought to close after six innings had been played so as to enable Tampa to catch their train. At that time the score stood 6 to 4 in favor of Tampa. In the first inning Fromhurst and Booth went around the bases for Tampa. Ocala failed to score in this inning. Jewett went out from pitcher to first; Liddell on a long fly to right field; Vogt sent a long one between left and center which both fielders went after and missed; and Harris went down on a throw from second to first.

Neither side tallied in the second inning.

In the third inning Fromhurst and Booth scored for Tampa and also Allen. With three men on bases and only one man out Capo hit a line drive to deep right which was pulled down on a beautiful catch by John Pelot, who threw to first making a double play when it looked as if three more runs would come in. For Ocala Peysler hit to right field, but the next three men went out without making first base.

During the fourth inning Tampa went down without a hit or a run.

For Ocala Vogt was given his base on balls; Harris made a hit; Connor hit safely for two sacks and two runs were sent across for Ocala. The next three men fanned.

In the fifth inning Tampa made one score and Ocala a goose egg.

Tampa was able to score in the sixth. Vogt and Morris circled the bases for Ocala, and the score stood 6 to 4, which finished the game.

The score by innings:

Tampa—2 0 3 0 1 0—6.

Ocala—0 0 0 2 0 2—4.

### Mr. Henry Objects.

Hon. A. J. Hendry, late candidate, has written a protest against the democratic committee declaring Judges Cockrell, Shackelford and Whitfield the nominees for justices of the supreme court.

In the recent primaries the vote stood as follows: Cockrell, 16,058; Henry, 15,158; Shackelford, 18,234; Whitfield, 18,655. The voters were allowed to vote for three and the highest were declared the nominees. The committee has made its decision and the impression prevails that Mr. Henry is wrong in his contentions, as it is very clear that Mr. Cockrell secured a majority over him.

Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taking it at the start I would have saved years of suffering." ### A Famous Case Ended.

To the Editor of the Ocala Banner. The case against J. H. Livingston, jr., pending before the county judge whereon Mr. Livingston was charged by Sheriff Nugent with assault with intent to murder one W. B. Fuller, has been dismissed by the judge. Mr. R. B. Bullock represented Mr. Livingston and twice announced a readiness for trial. On first calling the case Mr. Fuller appeared and asked for further time which was granted and the case continued to June 1. Mr. Bullock with Mr. Livingston again appeared and announced a readiness for trial, but the prosecutor, W. B. Fuller had gone fishing and had no witnesses present. The case was then dismissed by the county judge.

OBSERVER.

### Three Physicians Treated Him Without Success.

W. L. Yancy, Paduch, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. ### POLITICAL HYPOCRISY.

From Tuesday's Daily. Messrs. Broward and Stockton are sending out wagon loads of campaign literature. In the doing of which they are keeping many printing presses busy and are employing a large force of men, women, boys and girls to fold, wrap, address and post the same and for the mailing of this literature the United States is not donating the postage.

Messrs. Broward and Stockton are also having a picture of themselves and their platforms printed in many of the newspapers of the state; they are also sending speakers into the different counties, who are running up legitimate expense bills.

The Davis and Taliaferro press are not crying aloud against these things and saying that Messrs. Broward and Stockton, by the lavish expenditure of money, are attempting to corrupt the voters of the state.

But for pursuing identically the same methods, the Broward and Stockton press and speakers are making the circumambient atmosphere lurid with anathemas against the Davis and Taliaferro forces and calling them all manner of names simply because they are sending out literature, employing speakers and having their records printed in the newspapers.

Human nature is the same today as when Burns wrote:

"O, woe some pow'r the guffie gie us  
To see ourselves as others see us."
