Mrs. Mote Gives Lunch Party.

Friday afternoon Mrs. E. H. Mote, of Jacksonville, complimented her charming sister, Mrs. William Hoeker, of this city, with a launch party. The congenial crowd left at 4:30 in the afternoon, enjoyed a lunch at one of the pretty landings on the beautiful St. Johns river and returned home in the evening. The party was very greatly enjoyed. The invitation list included the following:

Mr. and Mrs. A. W. Barrs, Mr. and Mrs. Telfair Stockton, Mr. and Mrs. A. J. Mitchell, Mr. and Mrs. John L. Doggett, Mrs. Clarence Camp, General and Mrs. C. P. Lovell, Mrs. T. Drake, Mrs. Emily Fitch, Mr. and Mrs. E. S. Spencer, Madame Bell-Ranske, Mr. and Mrs. George C. Warner, Mr. and Mrs. J. C. Little, Mr. and Mrs. Townsend Lee Davis.

Death of an Infant.

Mr. and Mrs. Earl I. Pearson have been called upon to mourn the death of their beautiful little baby daughter. The little one was sick for only a few days and died Thursday night at Holder. Mrs. Pearson, sr., of this city was with her son and daughter at the time of the baby's death and everything possible was done for the little sufferer.

For only six short months did little Margaret Earl gladden the hearts and home of her young parents but during her short stay on earth she was a rare, sweet blessing to them.

The funeral was held from the residence of Mr. and Mrs. J. W. Pearson Friday afternoon at five o'clock and was attended by many of the sorrowing friends of the family. Rev. C. C. Carroll of the Baptist church conducted the funeral and the little body now lies in Greenwood cemetery awaiting the final resurrection.

To the parents, grandparents and other relatives we extend our sympathies.

Who Wrote the Legislative Visiting Committee Report About the University of Florida?

The Lake City Index seems to have him spotted. It says:

"The same good citizen that gave us such a black eye at the time of the state fair is the individual who talked to the investigating committee about Lake City's people. As secretary of the old state fair association he was a magnificent failure, except in one particular; but as a villifier and abuser of those among whom he lives—a bird fouling his own nest—he is a splendid success. The Index knows the author, and on the return home of the editor his name will appear in cold type."

We are told that a large pond between Ocala and the Golden Acre orange grove has recently dried up and hundreds and hundreds of fish are dead and an army of buzzards are feeding upon them. It is a regular buzzard feast. Some of the fish are said to be more than a foot and a half in length.

A movement has been started in this city to organize a baseball league to be composed of strictly amateur teams in the cities of Palatka, Fernandina, Lake City, St. Augustine, Gainesville, Ocala and Starke. The idea is an excellent one and will no doubt meet with much approval.—Palatka News.

Wins Honors in the Florida Senate.

Hon. James E. Crane, of Hillsboro county, in his speech on the uniform text book bill made a conspicuous hit and received a warm handshake from his brother members.

The Tallahassee correspondent of the Tampa Herald, speaking of his speech, says:

"In his speech Senator Crane reviewed the school book situation in the state in a complete and masterful manner, and with force and eloquence withstood the fight which was being made upon the bill by a motion from Senator W. Hunt Harris to postpone it indefinitely.

As soon as the speech was concluded and the senate was hushed after the applause which followed the speech, a most unusual thing occurred when Senator Harris, who made the motion to indefinitely postpone, arose and withdrew his motion. Senator Wilson immediately made a similar motion, which was voted upon and killed by a vote of 9 to 18. The bill was up on its second reading.

After the senate adjourned Senator Harris personally called upon Senator Crane and congratulated him upon his masterful speech, and he was followed by Senator Frank Adams, who had also opposed the bill. Senator Adams remarked that Senator Crane had almost converted him, but he would not declare then positively that he had changed his position. 'At any rate,' said Senator Adams, 'you have shown me something I did not know, and I want to congratulate you upon your splendid speech.'

Death of a Prominent Man.

The Associated Press dispatches announce the death of T. Brigham Bishop, which occurred recently in Philadelphia. The deceased was well known in Ocala. He purchased the Silver Springs property, erected the Silver Springs hotel, and figured extensively in this section in many transactions. He was a man of wonderful versatility and genius and had an exceedingly pleasant and insinuating address.

When a young man Mr. Bishop was an end man in a minstrel organization in New York and was the author of three hundred popular songs, among others being "Shoo, Fly, Don't Bother Me."

Picnic at Woodmar, Lake Weir.

The annual picnic of the Methodist Sunday School and church will be held at above place on Tuesday, June 6, 1905. A cordial invitation is extended to all friends who wish to spend a day on beautiful Lake Weir. No better bathing and boating in the state. A very low rate will be granted by the Atlantic Coast Line. The ride will be short and all the little folks can go. The rate and schedule will be published later.

CHAIRMAN OF COMMITTEE.

Work on the extension of the F. E. C. railway from Homestead to Key West has begun, and about 100 laborers are now engaged in grading the roadbed. The working force will be increased as rapidly as possible, and the track will be laid to the bay shore within a few months. In the meantime another force of workmen will be engaged in bridge-building across the water to Key Largo. It is the intention of Mr. Flagler and Mr. Parrott to push the work as rapidly as possible.—Miami News.

Bought a Turpentine Farm.

Messrs. C. V. Miller, Lee Miller and J. N. Tiller closed a deal Friday for a turpentine farm across the river and took charge of it last Monday. These gentlemen secured options on this valuable property when the price of turpentine was fifty-two cents, since which time it has increased to seventy-two cents. This property was formerly owned by Mr. R. S. Hall, who sold to Messrs. Boon and White, who in turn sold to the gentlemen named above. They have struck a bonanza.

## WE EAT MEAT

To grow strong. Unless we get good meat we may as well let it alone. There is no strength in tough meat—instead of giving it takes strength to digest it. It pays to be careful in buying meat—be sure to get the best—tender and choice. Pay a little more if need be and put something in your stomach which will put flesh on your bones and strong blood in your veins.
