G. & S. Affairs.

Judge F. M. Simonton and Messrs. J. A. Webb, F. B. Murrell and A. P. Stuckey, prominent officials of the Gainesville & Gulf railway, were visitors to Ocala Tuesday and held an important meeting in the real estate office of Messrs. B. W. Blount & Company.

Judge Simonton says that the road is making preliminary surveys and no definite route has yet been determined upon and they could not say yet whether it would come by Ocala or not.

It was suggested to him that if the road went straight on down the peninsular from Fairfield that for a distance of fifty miles it would run through a barren country but if it deflected and came by Ocala it would not only tap a prosperous and growing city but it would also go through the richest lands in the state. Judge Simonton said that all these matters would be given due consideration.

The Fruit and Truck Grower.

A very interesting publication is the September number of the Florida Fruit and Truck Grower, out Monday.

Mr. Chambliss' splendid article on "Florida as a Cattle Growing State," with its fine illustrations should be seen by every Floridian.

A charming descriptive article on Clay Springs, by the editor, is another important feature. This is illustrated by five of the finest half tone cuts, made especially for this publication in Philadelphia by the company of which Mr. Fred H. Clarke, formerly of Ocala, is manager.

All the departments of the magazine are in keeping with the interests to which it is devoted. The Florida Fruit and Truck Grower is now nearly three years old and is a credit to Ocala as well as to the editor, Mr. L. J. Brumby.

The September number is now on sale at all the important news stands in the state.

Board of Health Notice.

In order to more effectually protect the public health the board of health of the city of Ocala make the following rules, to-wit:

That all water closets, within the city limits, are required to have trap doors; all side walks must be cleaned of weeds and grass.

Unless these rules are immediately complied with the ordinance covering these cases will be strictly enforced after ten days.

By order E. VAN HOOD,
President Ocala Board of Health.

Are You Engaged.

Engaged people should remember, that after marriage, many quarrels can be avoided, by keeping their digestions in good conditions with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Tydings & Co. sells and guarantees them, at 50c a bottle. m

Electric Storm at Citra—Kills Eight Hogs.

Lightning struck the barn of Dr. Carswell Saturday, killing eight hogs. The doctor is unfortunate with stock, having lost his fine buggy horse about six weeks ago.

Sunday, about noon, there was another severe electric storm, and a regular downpour of rain. The dwelling of Mrs. Alexander, now living in Fernandina, was struck by lightning, igniting from the inside and burning to the ground.

The house was occupied by Henry Grantham and family, who were away from home, consequently nothing was saved, as it was a mass of flame when discovered. Our little community sympathizes with her fellow-citizens in their loss.

Engagement Announced.

The following paragraph from the Live Oak correspondence in Sunday's Times-Union will be read with interest by the young people of Ocala:

"The most interesting announcement that has been made in Live Oak's social circles lately is the engagement of Mr. W. R. McGregor and Miss Lollie Baisden, both of this city. The wedding will take place on Sept. 14. Mr. McGregor is a member of the Hinely Stephens company, and is one of Live Oak's representative citizens, while Miss Baisden moves in as high social atmosphere as any young lady of Suwanee county."

Miss Baisden will be remembered as the attractive guest of Mrs. G. S. Scott last summer, and was the guest of honor at a very delightful dance and reception given by Mr. and Mrs. Scott during her visit.

Rosin—Silverman.

The Ocala Banner is in receipt of the following card, which reached us on Monday:

Mr. and Mrs. Silverman take pleasure in announcing the engagement of their daughter Rebecca

to

Mr. S. Rosin, of Arcadia, Florida, on Sunday, September the third, nineteen hundred and five, No. 1300 Bayard, street, Baltimore, Md.

Mr. Rosin was formerly a resident of Ocala being a member of the mercantile firm of Krasnoff & Rosin, but some months ago moved to Arcadia, where he is now in business. His friends in this city offer their congratulations and best wishes.

Sunday Services.

Services were held Sunday at the Methodist, Baptist and Presbyterian churches for the first time in several weeks on account of the absence of Mr. Lindsay and Mr. Carroll and of the repairs being made in the Methodist church.

All the churches had excellent congregations and the sermons delivered by the able ministers of these three churches were particularly fine and all were delighted at the privilege and pleasure of attending their churches again.

The improvements being made in the Methodist church are nearing completion and the appearance of this edifice are being greatly improved thereby.

Attacked by a Mob

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Becklin's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich. "and find it perfect." Simply great for cuts and burns. Only 25c at Tydings & Co. m

The Lease of the Convicts.

In his recent opinion Judge Bullock did not touch upon the matter of whether or not the board of county commissioners have the right to lease the convicts and permit their removal out of the jurisdiction of the courts of this county and the validity of the same is attacked by Mr. Walter Ray as a taxpayer through his attorneys, Hon. R. A. Burford and H. M. Hampton.

Another Paper for Jacksonville.

Mr. Claude L'Engle, Mr. A. K. Taylor and others are contemplating the establishment of a weekly paper in Jacksonville soon. These gentlemen are adepts and ought to make and no doubt will make a paper that will reflect credit upon the metropolis. We wish the new enterprise much success.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains. For sale by all druggists. m

WHAT'S IT ALL FOR?

Written for the Ocala Banner.
What's the use of writing things,
That long ago were told,
When all that you might say,
Is a story old?
What's the use of one more book
To higher pile familiar lore;
Already writ on until ancient look
Warns us to write and think no more?
See that now is so freely taught
Is but the pattern of the past,
Is but expounding thought,
Seeming novelties from old moulds cast.
Down the stream of living waters
Daily runs the whilom drift of time
The same from earth's four quarters,
Singing the song of the same old rhyme.
Solomon said that under the sun,
No new thing could be seen or done,
That half was more than whole
When it comes to try the soul.
Nature and science and law and love
Are lingering in the heights above,
And the deep ground swell of the sea of life
Wracks the craft that cradles the higher strife.
Live Oak, Sept. 1, 1905. —J.G.K.

Council Meeting.

There was a regular session of the city council Tuesday night.

Mr. Chas. Rheinauer, for the city board of health, made a somewhat lengthy and altogether excellent report on the sanitary condition of the city, and at the close stated that he had tendered his resignation.

Mr. Rheinauer has made a good health officer and the council as well as the people generally regret that the city will be deprived of his services.

It seems some misunderstanding has arisen between himself and the council.

In a certain matter that was made public in one of the city papers Mr. Rheinauer felt that the council showed its want of confidence in him, while the council thought that they were strengthening his hands and giving all the power at their disposal to his suggestions.

It is hoped the misunderstanding will be adjusted and that Mr. R. will withdraw his resignation and continue in the performance of his work.

The council then proceeded to the disposal of regular routine business, principally the auditing of accounts of which there was quite a batch.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food in not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. m

Further Improvements in the Mail System.

Commencing Sunday, next, the letter carriers at the postoffice will deliver mail to all patrons who call at Osceola street entrance. The regular morning delivery will also be made at carrier's window as heretofore. This will enable patrons who are served by carriers to get their mail Sunday afternoon when desired, after arrival of northern mail.

Mr. and Mrs. M. Handlesman, of the Boston Store, accompanied by their little daughter, Simmie, left Tuesday for Augusta, Ga., where they will spend several days with relatives. They will then go on to New York city to purchase their winter stock of goods, remaining there about two weeks. At Augusta they will be joined by Mrs. Handlesman's daughter, Miss Sara Frank, who will go to New York to enter school for the winter.
