Consider the Lillies
OR
Spiritual vs. Worldly Adornments.

A Lay Sermonette.
Hugh McVey MacPherson, in the Wewahitchka News.

Matt: 6-28. "Why take ye thought for raiment? Consider the lillies of the fields, how they grow, they toil not, neither do they spin, yet, I say unto you, that Solomon, in all his glory, was not arrayed like one of these."

When Jesus came among men, it was for the purpose of teaching spiritual culture, spiritual adornment; to teach us to bedeck the soul with the tints and colorings of Heaven, to enrobe the spiritual body with raiment of Glory, to clothe the soul immortal in habiliments Celestial; laces from the looms of the Angels; plumes from the birds of Paradise; jewels from the quarries of the mountains of God, cut and polished by the lapidists of the kingdom of the skies, that we all might walk through the brilliant boulevards of the city Celestial, tailrodd in the fashion of Heaven; in vogue with the habit of Angels. Like the lillies, without toiling or spinning, are clothed more richly than Solomon, so we, without thought for raiment terrestrial, may be habited in garments, whose glory and grace, beauty and style, having been fashioned after the patterns of Angels, admits us into the circles of Heavenly Society, without spot or blemish or any such thing.

Why take thought for a raiment worldly? Have you not heard or made the remark: "I must get ready for church" or "Are you ready for church? What constitutes "getting ready for church?" In these piping times of style; it is the morning bath, the careful adornment of the body, a little strutting before mirrors, anxious care for every bit of lace and ribbon, of bouquet and coiffure, skirt drapery, belting to "figure," a dash of powder, a touch of paint, perfumery and poise;

Race Meeting at Orlando.

It behoves you to use the best fertilizers on your crops. Favorite Fertilizers are honestly made, and will give the best results. Lang, Swarts & Co., agents for Ocala.

To Wed Hero Who Rescued Her.

Two years ago Mr. Frank G. Sherwood, of Omaha, Nebraska, saved Miss Maud Summers, of East Saint Louis, from being trampled to death by a herd of stampeding cattle. With a party of friends she was visiting the stockyards. The drove of cattle broke down the gate of their pen and stampeded. Miss Summers was slightly in advance of the rest of the party. She saw the cattle rushing towards her and was too frightened to try to get out of the way. Mr. Sherwood, who is a sheep buyer for a large packing plant, was riding through the yards at the time. He sprang from his horse, swung a gate across the runway and ran to the assistance of the young lady. The cattle broke through the gate but had been checked long enough for the heroic young man to assist her to a place of safety on the top of the fence.

Mr. Sherwood and Miss Summers were afterwards formally introduced and saw a great deal of each other and now they are to be married in June.

The heroine of this romantic exciting episode, Miss Maude Summers, is the daughter of Mr. R. N. Summers, of this city.

Mr. Summers is employed at the Ocala Ice & Fuel company and his friends here will read the above announcement with much interest.

Luckiest Man in Arkansas.

"I am the luckiest man in Arkansas," writes H. R. Stanley, of Bruno, "since the restoration of my wife's health after five years of continuous coughing and bleeding from the lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At Tydings & Co.'s druggists, 50c. and \$1.00. Trial bottle free.

Dr. H. M. Hamill and Mrs. Hamill, of Nashville, Tennessee, will be in Ocala next week and will conduct a Sunday school workers Institute. This convention will be a union affair and it is expected that it will be largely attended and will be a most instructive meeting.

National Educational Association.

To the county superintendents and boards of public instruction:

In my letter addressed to you on the 9th ultimo, I said arrangements were being made to have you accompany me in a body to Louisville to attend the Annual Convention of County Superintendents in connection with the Annual Meeting of the Department of Superintendents of the National Educational Association, February 27, 28 and March 1, 1906.

I take pleasure in announcing that on February 25, at 7:45 p. m., we will leave Jacksonville for Louisville, via the Southern Railway. A special through Pullman car will be provided for our comfort—dining car attached, service a la carte.

By leaving Jacksonville on the evening of the 25th, we will arrive at Louisville on Monday, the 26th, at 8 p. m., in time to get rested and attend the first meeting of the Convention Tuesday morning, the 27th, at 9 o'clock.

I think we shall have a good delegation to Louisville as I am daily receiving letters in regard to the trip.

Aside from the educational benefits to be derived from attending this meeting, there will be an opportunity given to visit Mammoth Cave at an extremely low rate, and other places of interest.

Remember a rate of one first class fare plus 25 cents for the round trip will be given from every point in the state. Rate from Jacksonville will be \$20.40. Be sure to purchase your tickets via Southern Railway out of Jacksonville in order that you may point the party in the special Pullman.

The program sent you by Dr. Shepard gives details as to hotels and boarding houses.

Any further information will be gladly furnished.

Hoping to have you all join me on this trip.

Yours very truly,
W. M. HOLLOWAY,
State Superintendent Public Instruction.

Are You Restless at Night?
And harassed by a bad cough? Use Ballard's Horehound Syrup, it will secure you a sound sleep and effect a prompt and radical cure. Sold by all druggists.

Do You Wish to
MAKE MONEY
Growing Good Watermelons
Next Year
FROM EDEN SEED?

If so I can help you start right by supplying seed at a reasonable price.

Last spring the ravages of rats forced me to plant my watermelon crop three times. The stand was secured. Consequently my melons ripened too late for profitable shipment. Instead of allowing them to decay I saved in the following painstaking manner: I selected the best shaped, sized and ripened seed, set melons, the first on live vines.

Both ends of each melon were cut off, thrown away the melon spilt and the seed matured seed taken from the center and with special care. No seed were saved decayed melons.

I guarantee these seed to be strictly first and as good as have ever been grown.

As to my responsibility I refer to any chautile agency or responsible business concern.
