### Local and Personal

State and county tax books will close March 31st. Save costs by paying your taxes before the above date. Do not forget to bring a correct description of your property.

E. L. CARNEY,  
Tax Collector.

3-5-1m

Mrs. Lollie Haley McIntosh, after a short visit in Ocala, returned Friday afternoon to her home at Clearwater, where they entire Haley family now reside.

If you must drink, see Hogan and get a good, pure distilled whiskey. x

Mr. and Mrs. Jake Brown have gone to Sumter, S. C., where they will spend a couple of weeks, visiting Mr. Brown's sisters and other relatives.

Say, good people, when you get hungry, go to Hogan's place. He keeps good things to eat and drink. G. D. is the man. x

Mrs. Laura Raysor Hansell arrived in Ocala Friday afternoon from her home at Boston, Mass., to be present at the funeral of her mother, Mrs. L. M. Raysor.

When you want a quick meal, drop in Hogan's Cafe, where you'll find everything in season on the bill of fare.

Mr. E. T. Williams of Moultrie, Ga., secretary of the Sumner Lumber Co., who have a big mill at Zuber, and who is spending some time there, was a business caller in Ocala Saturday.

Mr. T. I. Arnold, of the McDowell Crate and Lumber Company, who makes his home in this city with the McDowell family, has ordered a fine new automobile, which he will use in going to and from the mill.

We are headquarters for all good things to eat and drink. Good service and prompt attention. Hogan, the whiskey man. x

Mr. J. S. Leach has gone to Jacksonville, where he will spend some weeks. He has the contract for building a nice two-story residence in that city for one of Marion county's citizens.

Misses Ella and Alice Owens, Mrs. Robert Kendrick, Mrs. Bryson, Mr. J. W. Nance and Rev. N. B. Plummer of Anthony, old-time friends and neighbors of Mrs. L. M. Raysor, came in on Friday and thus show her this last mark of true esteem and love in which they held her.

DONT DRINK! But if you do, see Hogan, and get the best that money can buy. If it's a good drink, we have it. x

Mr. Henry Perry, who is the new engineer for the Benjamin Ice and Packing Company, who has been in the city for several weeks, has been joined here by his family, who arrived Friday from Atlanta. Until their furniture arrives they are at the Florida House.

Dr. D. A. Smith of Anthony was a visitor Saturday. He recently had the misfortune to have his home burned. He lost his library and all the family heirlooms. He has gone to Reddick to spend several weeks with his son, Prof. W. W. Smith, who is teaching the high school at that place.

Miss May Parr and her little niece, who have been away for several weeks, have returned home. They first enjoyed a pleasant visit with Miss Parr's sister and brother-in-law, Mr. and Mrs. Fisher, at Tampa, and concluding their visit there, visited another sister and brother-in-law, Mr. and Mrs. W. Z. Overby, at Bartow, and also friends there.

### ENTERTAINMENT FOR A CHARMING VISITOR

Mrs. Howell Morton Hampton was the hostess on Friday night at an exceedingly pleasant informal party at her cozy little home on South Second street. Mrs. Hampton's guests included over forty of the unmarried set and the party was given especially in compliment to Miss Kate McColley of Atlanta, who, as the guest of Mrs. L. F. Blalock, is receiving many social attentions during her first visit to our lovely city. At Mrs. Hampton's party the honor guest was attractively gowned in pale pink messaline, while the graceful hostess met her guests wearing a pretty white organdie dress. Receiving with them was Mr. Hampton, and the married friends of the hostess who were present to help her in the arrangements of her lovely party were Dr. and Mrs. Blalock, Mrs. Kirkland, Mrs. Carney and Mrs. Mimms.

The evening with Mrs. Hampton proved one of notable social charm. The guests were seated at eleven tables arranged in the four down-stairs rooms of this pretty little home, and at each table was a different game or contest, such as threading needles, sewing on buttons, putting puzzles together, sticking peanuts, etc., and the progressions proved very spirited and enjoyable. No prizes were given, but Miss Ida Fort and Mr. Frank Harris, Jr., progressed oftenest.

At eleven o'clock ice cream and cake was served, and small dishes of candies were on each of the tables during the games. Punch was served on the veranda by Mrs. C. N. Kirkland.

Three greatly admired visitors at this party, besides Miss McColley, were Miss Rapalje of New Jersey, Miss McGuire of Pennsylvania and Miss Fort of Tennessee.

After the refreshments were served, the guests enjoyed some delightful piano music by Miss Barnett, Miss Martin and Mrs. Hampton.

Those present to meet Miss McColley were Misses Frances Anderson, Carrie Williams, Annie Atkinson, Betty Wray McIver, Edith McGuire, Anne Mixson, Valeta Potter Loulie Barnett, Grace Hatchell, Lucile Standley, Louise Nixon, Caro Liddon, Jessilu Martin, Ernestine Brooks, Margaret Walters, Bessie McKay, Sarah McCreery, Susie and Ida Fort, Winnefred Rapalje, Lucy Haley, and Messrs. C. R. Kregor, Frank Harris, Jr., L. N. Green, Robert Mathews, W. T. Wheeler, Leon Fishel, Heron Todd, J. H. Bell, A. J. Beck, E. J. Crook, Charles Flippin, J. H. Workman, J. M. Graham, Henry Sistrunk, E. E. Robinson, Howard Walters, Tim Tomlinson, Fred Weihe, Charles Pfeiffer and Dr. C. C. Young of Plant City.

Mr. and Mrs. J. H. Mathews came up from Candler Saturday. With them was Mr. Harry Baxter and a party of young men and young ladies who have been spending the winter at Candler. They were all the guests of Mr. and Mrs. C. H. Mathews, and Sunday went down the Silver Springs run on the Merry Widow, the launch belonging to the Messrs. Mathews. They all enjoyed a very delightful trip, as Mr. and Mrs. Mathews' guests have never before seen beautiful Silver Springs.

Miss Minnie Lee Carlisle, who has been teaching the public school at Central for the past two terms, has closed her school, and is at home for the summer holidays.

Mrs. Jernigan and little baby of Georgia, who are visiting her father, Mr. W. C. Bull, in this city, have returned to Ocala from a short visit to Martel friends.

Is it chills or fever? Frank's Chill Tonic is guaranteed to cure. 25c. x

### FUNERAL OF MRS. L. M. RAYSOR

All that was mortal of Mrs. L. M. Raysor was laid to eternal rest in Greenwood cemetery Friday afternoon.

The funeral was from the residence, and the number in attendance and the profusion and abundance of flowers sent in by friends, emblems of love and affection, spoke eloquently of the esteem in which she was held by the people among whom she lived, and who knew something of her life work.

Mrs. Sara Whitfield Winston sang two beautiful songs, "Lead Kindly Light," and "Nearer, My God, to Thee," at the request of the deceased, she having sung the same songs so sweetly and touchingly at the funeral of Mrs. Raysor's daughter, Mrs. DeRuiz, a little more than a year ago.

Rev. C. C. Carroll eloquently and impressively portrayed the character of the deceased, and garnered, as in a bouquet, the most beautiful adjectives in praise of her virtues. He said that she had been face to face in the shadow of death so often that it had no terrors for her, and she went to sleep as sweetly as one of her babes resting its cheek upon her bosom and falling into innocent slumber.

As we consign the body to the earth he said there was a dissolution and a germination the same as when we plant the seed—it bursts its bounds and springs forth into new life and unfolds itself more brightly and more gloriously into the perfect flower.

He said the deceased had been the mother of fourteen children, a very "Mother in Israel," and that this told a story of love and devotion that the vocabulary of our language could not adequately nor fittingly portray.

That the parting would only be temporary, the paving of the way more luminous and the meeting more triumphant.

Rev. R. H. Barnett of the Methodist church of Ocala and Rev. N. B. Plummer of Anthony, assisted in the funeral services, and Colonel J. M. Martin, Mr. D. A. Miller, Mr. Hampton Chambers, Mr. Townley Porter, Rev. N. B. Plummer and Mr. Frank Harris were the pall bearers.

Weep not friends, death is only sleep, and in the providence of God, a sleep that sooner or later will fall upon us all, and that which is so universal ought not to carry with it any terrors, nor leave behind it any sorrows.

It should be accepted as a part of God's infinite plan to people his own kingdom.

This thought should be a comfort and solace to those who mourn.

### IS OCALA TO HAVE AN OPERA HOUSE?

That Ocala is to have an opera house is now assuming definite shape. The Masons have had the matter under consideration for some time, and at the last meeting it was agreed that the building should be constructed.

The building will be a good one and will be in harmony with our court house and new government building, because the consensus of opinion is that what is worth doing at all is worth doing well.

To pay for its construction four per cent. bonds, running for a period of twenty years, will be issued, the most of which will be taken by the members, and the payment of the same will be guaranteed by a mortgage on the building. It is believed that if a suitable lot is procured that the rentals will be more than sufficient to pay the interest, insurance, repairs, and the final payment of the bonds.

It looks like a good scheme to us, and we hope that it will not be allowed to dissipate into merely hot air.

### DR. CHACE RETURNS HOME

After an absence of four and a half months Dr. J. E. Chace reached home Sunday. The news will be learned with the greatest pleasure, because it means that Mrs. Chace, who has been so critically ill for over six months, is very much better, and her continued and rapid improvement is now expected.

Mrs. Chace, who is at Dr. Kelly's private sanitarium at Baltimore, was operated on last Sunday for the third time, and since then her condition has been very much better. This news will be not only a great pleasure but a great relief to Mrs. Chace's host of friends all over the city.

LISTEN! When you are at home send us your orders. When in town make his place headquarters. Hogan's Place, the whiskey man. x

### THE PREVENTION AND CURE OF TUBERCULOSIS.

All over the United States there is now being a war waged against tuberculosis, and the conquering of this disease is only a matter of time. Yellow fever and small pox were once the dreaded scourges, but they are now almost completely under control and no longer produce the alarm that they once did. The "shot gun quarantine" was once the accompaniment of one of these diseases.

In the work of stamping out the seeds that breed tuberculosis Prof. Routzahn is playing an important part in Florida and is doing heroic missionary work.

He was for several weeks in Jacksonville and Pensacola and inaugurated a movement in those cities for its extermination and is not omitting to visit the smaller cities, and in a more limited manner is doing work looking toward the same end.

Prof. Routzahn was in Ocala Friday and carried out the program that was printed in this paper.

At 9 o'clock he was met at the Ocala House by a committee of prominent citizens and was given an automobile tour over the city.

At 10 o'clock he delivered an address before the Woman's Club at the club rooms in the Central National bank building which was listened to with rapt attention by quite a gathering of ladies and gentlemen, among whom were most of the doctors, ministers and editors of the city.

Prof. Routzahn was introduced by Mrs. Wm. Hocker, president of the club, who was largely instrumental in having the gentleman to visit our city.

Prof. Routzahn is not what might be called an eloquent orator, but is an interesting and fluent talker and presented his views on this great topic in a clear, forceful and lucid manner. He is an enthusiast and has no trouble to enlist others in the splendid and philanthropic work that he has undertaken.

Consumption is the most insidious of our diseases and is carrying off more victims than any other disease now known to the world, and it is only in these later years that it has been discovered to be the work of a germ which needs only favorable conditions for its germination. Destroy these conditions and the germs will perish for the want of something to feed upon.

To use the words of Prof. Routzahn, it is wholly an unnecessary and preventable disease and needs only zealous, continuous and co-operative work to stamp it out.

The professor said that the women's clubs were a great help to those who were carrying on the crusade against it, as are also the churches, schools, newspapers and of course the physicians.

It is now no longer regarded as an inherited disease, but as a communicable one and a curable one.

Prof. Routzahn said that in a congress of physicians held in the city of Washington some time ago which was attended by eight hundred doctors not one sounded a note that it was not curable, but as it is so communicable and so liable to make its attack upon all classes and conditions that all ought to join in the movement to search out its germinating spots and stamp it from the very race of the earth.

Prof. Routzahn spoke for over half an hour and after he had ended his remarks announced that he would be pleased to answer any questions that might be asked him.

From the Woman's Club he went to the Ocala High School and gave a talk to the teachers and scholars, and at 12 o'clock he visited Howard Academy. He spoke to the teachers and scholars there and a number of other colored people who had been invited to hear his discussion of this all important subject.

At 4 o'clock he lectured at the court house and at 7:30 last night he held forth at the Orpheum theatre and made his lecture still more pointed and interesting by using the stereopticon.

Prof. Routzahn's visit to Ocala we believe will result in great good and has awakened our people to a realization of what is being done to conquer this disease and how necessary it is to have the hearty co-operation of everybody in the great work.

The edict has gone forth that tuberculosis must go, and to carry out the edict it is only necessary for everyone to pull together and not tire in the work.

The National Association for the Study and Prevention of Tuberculosis is the outcome of the desire of prom-

## A FEARLESS, HONEST PREACHER GIVES HIS OPINION OF PE-RU-NA.

An Up-to-Date Clergyman Describes an Up-to-Date Household Remedy that Has Had the Test of Time and is Known the World Over.

Some preachers are afraid to give an outspoken opinion on any remedy, however highly they may esteem it. Others are not afraid.

One of those who is not afraid is quoted below. Read what he says. He means every word of it. If you doubt it write him a letter, enclosing a stamp. He will tell you what he thinks.

Rev. J. T. Peeler

Catarrh of Stomach.

REV. J. T. PEELER, Hendersonville, S. C., writes:

"I desire to make known for the benefit of suffering humanity my experience with Peruna.

"I was afflicted with catarrh of the stomach, and though I tried many remedies and applied to several doctors, it was all in vain.

"Had it not been for Peruna I believe I would have been in my grave to-day.

"I have every reason to believe that Peruna is the greatest remedy for catarrh known to the world. Therefore I have been, and shall continue to recommend it to those who are unwell."

REV. J. G. DUKES, Pastor of the Unitarian Church at Pinetown, N. C., writes:

"My wife has been in a very bad state of health for several years, and nothing seemed to do her any good until she began to use Peruna one month ago. Since then the color has returned to her face, and she is gaining in flesh every day, and I believe she is a well woman to-day.

"My little boy, ten years old, was pale and had but little life. He began to use Peruna the day his mother began. Today his face is rosy, and he is out in the yard running and jumping with the rest of the children."

Throat Trouble.  
Rev. H. W. Tate, 929 Lincoln Ave., Walnut Hills, Cincinnati, Ohio, writes that for several years he has been troubled with a peculiar spasmodic affection of the throat, which interfered with his vocation as a preacher. He took Peruna and his trouble disappeared.

inent physicians and laymen throughout the country to unite in a general and systematic campaign, both popular and scientific in character, against this disease.

The all Florida campaign is being conducted very vigorously all over the state. At the afternoon meeting here the audience who heard Prof. Routzahn's lecture was very large and also a big crowd was present at the Orpheum at night to hear him and witness the stereopticon views on this subject.

We hope that the seeds planted by Prof. Routzahn will be productive of much good.

### SCHOOL TEACHERS ENJOY PICNIC

The teachers of the high school and of the primary school had their annual all-day picnic to Silver Springs on Saturday. All of the teachers, with but three exceptions, went out to the springs early in the morning in a large wagon and spent the entire day on the river and picnicking in the woods. They went down the run as far as Connor, which is one of the most popular landing points for picnic parties, and had their lunch in the pretty woods there. They also paid a visit to Mr. P. T. Randall's orange grove and other attractive spots.

The weather was perfect for a day in the woods and the fates were certainly good to the teachers in keeping such delightful weather in reserve for their picnic.

Those who composed this picnic crowd were the following: Mr. J. H. Workman, Mr. W. D. Carn, Misses Sarah McCreery, Lucy Haley, Susie and Ida Fort, Ella Mendenhall, Ettie Carn, May Turnley, Nellie Stevens, Mary Gates and Georgia Borger.

Hon. N. A. Blitch, member of the railroad commission, was in the city Saturday. While here he was the guest of his brother, Dr. S. H. Blitch. Mr. Blitch says things at the capital are moving along smoothly under the new administration.

LOST—On Sunday, March 7th, from my place at Martin, a setter gyp, about one year old; head half white and half black; body nearly white. Information leading to her recovery will be suitably rewarded by addressing W. W. Martin, Martin, Fla. 3-12tf

### AN APPROACHING WEDDING

News has been received here of the approaching wedding of Mrs. Bennett T. Mayo and Mr. Holmes, formerly living in Jacksonville, and are exceedingly well known here socially and have countless friends in this city.

The wedding will take place on April 7th, at Quincy, which is the home of Mrs. Mayo's mother, Mrs. Davidson Stockton, and where Mr. Holmes has been interested in a tobacco plantation since he left Jacksonville.—Jacksonville Metropolis.

The above announcement will be read with particular interest here, Mrs. Mayo is the widow of the late Bennett T. Mayo, whose boyhood was spent in this city, and whose family all reside here. Mrs. Mayo is charmingly attractive and has many Ocala friends and acquaintances, made during her frequent visits to Mr. Mayo's relatives here. Both she and Mr. Holmes are members of two of Jacksonville's most prominent families. They will reside at Quincy.

### DEATH OF MR. C. W. CHASE

Information was received in Ocala Saturday that Mr. C. W. Chase of Gainesville, president of the Dutton Phosphate Company, one of the largest corporations in the state fell dead in the Manhattan hotel in New York City, Friday night.

Besides being president of the Dutton Phosphate Company, Mr. Chase was largely engaged in other enterprises, and had almost consummated the organization of a company for the manufacture of paper from pine timber. This plant was to have been located in Gainesville, and was to be capitalized at two million dollars.

The announcement of Mr. Chase's death was received with profound sorrow in this city.

### OFF FOR SOUTH CAROLINA

Mr. and Mrs. Jake Brown left on the Atlantic Coast Line Saturday for Sumter, S. C., Mr. Brown's old home. He has not been back there in seventeen years and is anticipating a fine time in meeting old friends and visiting the scenes of his childhood. Mr. and Mrs. Brown will be gone for several weeks.
