In the box was a beautiful cluster of grapefruit, six large grapefruit on a single stem, grown on a tree that was budding only a little more than a year ago. All of this fruit and the nuts were grown by the doctor himself, who is still youthful at the age of three score and ten. Veal, Mr. Veal went to Jacksonville to have an operation performed on his eye, having recently injured it with a particle of steel. Mr. Veal's friends will be sorry to know that he has lost the sight of his eye.

Miss Mary Burford, who has gone abroad to spend six months or more, is now in Spain, and is having a delightful time in that picturesque country. On her way to Spain, the party she was with stopped two days at the Azores. The trip to that point from Boston, Mass., was a splendid one. Miss Burford's friends here miss her greatly, but are charmed to hear that she is having such a fine time.

YONGE—BOONE

The Jacksonville Metropolis contained the following announcement of the Yonge-Boone wedding:

One of the prettiest home weddings of the season took place Saturday evening at the home of Mr. and Mrs. Arthur B. Boone, 222 East Second street, when their charming and attractive daughter, Ethel, was united in marriage to Mr. Walter S. C. Yonge of Ocala.

The home was tastefully decorated for the occasion with palms and cut flowers. Only relatives and a few intimate friends of the family witnessed the ceremony.

Promptly at 8:30, the hour appointed, the bride entered the parlor with her father. She was preceded by Miss Erin Yonge of Ocala, a sister of the groom, as maid of honor, with Mr. R. E. Moore.

The groom, with his brother, Mr. R. E. Yonge, Jr., and Mr. W. E. Jano, as best man, met the bride and Rev. J. W. Bingham, pastor of the First Methodist Episcopal church, south, performed the ceremony, using the ritual of the Methodist Episcopal church, south.

After the impressive ceremony an informal reception was held and many were the congratulations and good wishes received by the bride and groom.

The bride was handsomely gowned in a tailor-made suit of tan chiffon broadcloth, with hat and gloves to match.

Miss Erin Yonge, the maid of honor, was lovely in a gown of blue satin, with many inserts of lace and hand-run tucks.

After the reception the wedding party went to the Windsor Hotel, where an informal reception was held. Later in the evening they enjoyed the carnival festivities, and were entertained at the Dixie Parlors by the bride's aunt and uncle, Mr. and Mrs. William Wesley Tidd.

The happy couple left Sunday evening for Ocala, where the groom has a handsome home in readiness. They will be at home to their friends at 46 South Second street.

The many handsome presents received showed the popularity of both Mr. and Mrs. Yonge.

FOR BLOOD!

The auto races tomorrow afternoon at the fair grounds between the cars belonging to Mr. Jack Camp and Mr. Ed Carmichael promises to be the most exciting race ever witnessed in this city.

The black flag is raised, and no quarter will be asked nor given by the drivers of either machine. From start to finish it will be a thrilling, blood-curdling affair, and for a half-mile track is expected to establish the world's record.

An admission of 25 cents will be charged, which will admit the ticket holder to the grand stand or any part of the grounds.

DEBUT PARTY

Mrs. Brantley A. Weathers has issued invitations to a large reception on Thursday afternoon, December the ninth, at which time she will introduce her debutante daughter, Miss Janet Weathers, to her friends. This will be one of the most delightful of the winter social functions.

Miss Janet Weathers has just completed college, and this is her first winter at home. She is one of the sweetest and loveliest of the girls of the young set, and has a great many friends among her mother's friends as well, and they are all looking forward with a great deal of pleasure to her debut party.

Silver Tipped Livery Sold

Mr. Hugh Nicholls of Wildwood purchased the above well known establishment from its owner, Mr. C. E. Johnston, on Monday, and it is rumored that he sold it the next day to Mr. W. M. Igon of Eustis, who purchased a lot last winter for the purpose of going into the livery business. The Silver Tipped Livery came here from Seabreeze some time in the early summer, and has done a good business from the day of its opening.

Sunday afternoon at four o'clock at the Elks' hall, the Ocala lodge, No. 286, Benevolent and Protective Order of Elks, will hold their annual memorial services. This is always a very beautiful service, and will no doubt be largely attended by members of the order and their families.

Mr. and Mrs. R. L. Anderson are packing up their furniture, preparatory to moving this week into one of Mrs. William Anderson's residences on Fort King avenue. They expect to get into the house one day this week.

Mr. George Rentz, who has purchased Mr. R. L. Anderson's home, has already shipped his furniture from Swainsboro, Ga., to this city, and is expecting his family to arrive in a short time. They were prevented from coming to their new home sooner on account of the serious illness of Mrs. Rentz's father in Georgia.

Miss Lilla Brumby has returned home from Washington, D. C., where she has been spending the past two months with her sister, Mrs. Pierre A. Bealer, formerly Miss Ernestine Brumby. Her friends are glad to have her home again.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by all dealers.

Cows Running at Large

For several nights residents of the second ward have been troubled with cows entering their gardens and destroying their flowers. The owners are notified to keep their cows up.

A sprained ankle will usually disable the injured person for three or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure will be effected in three or four days. This liniment is one of the best and most remarkable preparations in use. Sold by all dealers.

Helvenston & Pasteur at the Fair

In our hurried observations at the big county fair just closed, we neglected to note the splendid display made by Messrs. Helvenston & Pasteur in the agricultural building.

They had a very attractive show case full of shoes, which attracted the attention of everybody who passed from the agricultural building into the woman's building. The display consisted not only of the shoes now carried by this up to date firm, but also a number of designs not yet on the market, which they have ordered for their spring trade in 1910.

THE MARION COUNTY FAIR

What An Outside Publication Says of Its Big Success

The Sun representative visited the Marion county fair at Ocala on Friday and can state that it was even a greater and better success than could have been anticipated at the beginning of the season.

One very noticeable feature for the management was the absence of so many of the side show attractions that always congregate at such places for the purpose of graft, but it can be said that the dozen or more attractions that were on the grounds were far above the ordinary.

It was the intention of the managers and promoters of the fair to make a showing of the products of the soil as well as the advancement in live stock, poultry and the like, and in this they were entirely successful, for no grander showing could have been made by a number of counties.

Corn was king at the fair, and the many exhibits on display showed what a marked improvement had been made in this direction by the farming element.

Potatoes, cane, hay, and in fact everything in the way of products of the farm, was there and in great quantities, while the individual booths of the live and progressive firms of Ocala were all neatly and tastefully arranged, and reflected great credit upon the exhibitors.

During the past three months Secretary Williams and President Robinson have been hard at work soliciting exhibits and preparing the grounds, and the large additional space they had made for the reception of the exhibits was taxed, and the places were crowded to the utmost.

If our sister county can make such a grand showing, the question is asked, how much more would it be to have the two counties combine next year and give a fair that will eclipse everything that was ever attempted in the state.

Large crowds of Alachua county county people were present during the fair, but this would have been greatly increased had the special train service that was agreed upon been given, and not annulled at the last moment on account of the Jacksonville carnival.

Marion county has, through the fair association, made a grand showing, and one that will do much to advance her interests.

One of the special features of the fair was the horse racing, which attracted a great deal of attention. These races included some of the finest horses in the county, and formed a part of the great success of the fair.—Gainesville Sun.

Messrs. Charlie Hand and E. R. Duckworth, celebrated horsemen of this section, passed through Orlando Monday with a fine bunch of horses that took all kinds of premiums at the late Ocala races.—Orlando City-Gen.

MRS. HOLDER HOSTESS OF CARD CLUB

The Married Ladies Card Club was very pleasantly entertained Wednesday afternoon by Mrs. Edward Holder, who is always a gracious hostess.

The five tables were placed in the billiard room, which is on the third floor. The room was very artistically decorated, and the players enjoyed a most pleasant afternoon there. Mrs. D. C. Edwards was the fortunate winner of the club prize, which was an exquisite silver deposit creamer. Mrs. Bernard Helgman won the visitors' prize, a silver deposit cologne bottle.

At the conclusion of the games the guests were served delicious refreshments, consisting of scalloped oysters, deviled crabs, pinicots sandwiches, olives, mints and coffee.

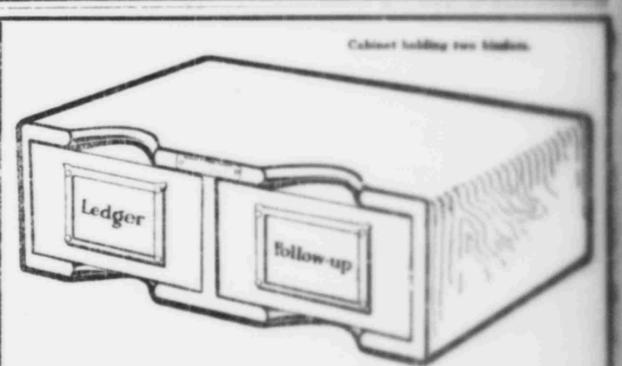

Playing besides the club members were Mrs. John Taylor, Mrs. B. Helgman, Mrs. G. S. Scott, Mrs. E. M. Howard, Mrs. J. D. Robertson, Mrs. Townley Porter, Misses Esther Wooters, Alice Bullock, Elsie Miller and Mary Platt. They were joined at the games by Mrs. D. S. Woodrow, Mrs. W. K. Zewadski and Mrs. W. S. Bullock.

The current issue of Frank Leslie's Weekly prints the pictures of the trial and execution of John Brown, which occurred just fifty years ago. Long before he made his attack on Harper's Ferry this crazy fanatic committed many outrages and murders in Kansas. Although his crazy attack on Harper's Ferry was for the purpose of liberating the slaves by creating an insurrection, the first man who got in his way was a negro and he slew him in cold blood. The writer in Leslie's Weekly magnifies him into a saint, and says that he was a great blessing to the white people of the south, more so than to the negroes, because his insane performances led to the freeing of the slaves and the industrial liberty and development of our resources, which the writer thinks would have been impossible under old conditions. Now watch Tom Watson tear this writer into shreds.

The Decatur county, Georgia, grand jury Monday brought a true bill against A. D. Oliver for lizancy. It is thought that his case will be tried this week. It was feared for a time that this famous banker and financial schemer whose manipulations of other people's money brought disaster to many, would evade the clutches of the law. It will be remembered that Mr. Oliver, under the name of Bar, operated on a big scale at Brooksville for some months, and it was in this state that he was arrested on a number of grave charges.
