## CALL FOR TROOPS

LAWLESSNESS BEYOND CONTROL  
OF LACKAWANNA COUNTY  
OFFICERS.

VIOLENCE IN MANY PLACES

SHERIFF TELEGRAPHS GOVERN-  
OR ASKING FOR IMMEDIATE  
ASSISTANCE.

TROOPS DISPERSE ONE MOB

STRIKERS RESIST ARREST AND  
THE SHERIFF CALLS OUT  
THE TROOPS.

Scranton, Pa., Sept. 24.—Sheriff Schadt of Lackawanna county last night telegraphed Gov. Stone to send troops to his assistance. The sheriff had just issued a proclamation announcing that he would call for troops if the lawlessness did not cease, when he received a series of telephone calls to quell disturbances up the valley and he asked for troops. Adj. Gen. Stewart called the sheriff by telephone at 9 o'clock and had a long conference with him. The adjutant general suggested that a posse of members of the Citizens' Alliance be called upon for assistance. While the sheriff was preparing to act on this suggestion he received more reports of violence up and down the valley and at once sent another urgent telegram to the governor calling for immediate assistance. The worst of last night's outbreaks occurred at Archbald. A crowd of 300 strikers, mostly foreigners,

Ransacked the Quarters occupied by the forty men employed at the Raymond washery of the Ontario & Western company while the men were at work, and then, meeting with the men as they were returning home, drove them back to the washery. The mob then returned to the colliery proper, drove out the engineers, firemen, pumpmen and guards and took possession of the breaker. The plant of the Crescent Electric Light company, which is supplied with steam from the breaker, had to shut down and the whole region around was left in darkness. In the attack on the breaker two men were shot, one a striker and the other a workman. Chief Deputy Sheriff Miles McAndrew was attacked and shot by a mob at Olyphant. The steam pipes of the Pennsylvania Coal company's colliery at Old Forge were blown up with dynamite last night. Two colored cooks at the William A. colliery were rescued by deputy sheriffs from a crowd that was threatening to lynch them.

Troops Assist the Sheriff. Shenandoah, Pa., Sept. 24.—This town was in a state of excitement for several hours yesterday. Sheriff Beddall and half a dozen deputies arrived in town and attempted to arrest the strikers who have been taking coal from the mine breaches on the Girard estate. The men resisted arrest and the sheriff appealed to Gen. Gobin for assistance. The general ordered the Second city troop to the scene to protect the sheriff in the discharge of his duties. Meantime a mob of about 5,000 persons had gathered in the vicinity of the breaches. With the protection which the presence of the troops afforded the sheriff's men arrested three coal pickers but the rest succeeded in escaping. The prisoners were taken to the Pennsylvania railroad station surrounded by troops and followed by the mob, hissing and jeering. About the time they were passing Gen. Gobin's headquarters the First battalion of the Twelfth regiment came dashing up the street with Col. Clement at their head. As the battalion approached the mob it formed in company front and the crowd scattered in every direction.

Many Assaults Made. Wilkesbarre, Pa., Sept. 24.—Fear that work would be resumed at several new places yesterday caused more assaults and acts of violence than have occurred on any one day since the strike commenced. While no new places were opened, the operators expect to start several before the end of the week.

Thirtieth Ordered Out. Harrisburg, Pa., Sept. 24.—The Thirtieth regiment has been ordered out. The headquarters of the regiment is Scranton.

Creates Consternation in the House of a Vincennes Citizen. Vincennes, Ind., Sept. 24.—An elephant on exhibition at the Elks' carnival here went on a rampage last night and broke through a window in the home of Clarence Duncan, a candy manufacturer. With his trunk the elephant upset a bed on which Mrs. Duncan and two children were sleeping and hurled one child across the room. The elephant then broke down the door of the house before it was subdued by its keeper. Mrs. Duncan is in a critical condition from fright. The child was badly bruised.

## — REMINISCENCE. —

In the early day, at the time our locality was the frontier, a young couple, shortly after being married, had worked and saved to get money enough to rig up a household. They became nicely settled and both felt proud of what they had accomplished in life, when one night the young husband, having been detained longer than usual, for some reason or other, met a sour face upon his return home, a war of words followed and the man, thinking to vex and provoke his wife, began to smash the furniture and crockery. The wife, however, seeing the fun shared in the work of destruction, greatly to the surprise and chagrin of the husband. After everything was smashed they both sat down and had a good hearty laugh and concluded to make a new start.

MORAL:—How near does the present work going on in Williston resemble the couple mentioned above? Would it not be better, if all would take hold and help build up the town from the start and share in the benefits and not resort to the debasing influence indulged in at present. One extreme always brings on another.

## REBELS GIVE IT UP

INTERIOR OF COLOMBIA IS NOW SAID TO BE COMPLETELY PACIFIED.

## COLLAPSE OF THE REBELLION

REBELS NOW ADMIT THE HOPELESSNESS OF THEIR CAUSE.

## COLOMBIA WILL RAISE ROAR

DECISIVE ACTION OF COMMANDER McLEAN WILL ROUSE THEIR IRE.

Washington, Sept. 24.—The following important dispatch was received at the Colombian legation here last night from Gov. Salazar of the department of Panama:

"Rebels have returned to Agua Dulce. Railway traffic perfectly free. The interior of Colombia perfectly pacified. To-day additional reinforcements reached Colon from Barranquilla. Rebels admit hopelessness of their cause."

The legation officials assert that the retreat of the rebels to Agua Dulce marks practically the collapse of the rebellion. For a long time the only important revolutionary movement, they say, has been in the department of Panama. Agua Dulce is eight days' hard march from Panama. The large

Number of Troops being concentrated in and around Panama and Colon, the legation representatives say, will forestall the probability of any attack by the rebels even should they rally their forces at Agua Dulce. The opinion is expressed

at the legation that the latter cannot be forced across the boundary line into Costa Rica or they will be disarmed, or attempt to reach Corinto, Nicaragua.

A late dispatch received at the navy department yesterday from Commander McLean of the Cincinnati, contained an encouraging report of the condition of affairs at the isthmus. It was to the effect that railway traffic now was perfectly free and was being conducted without any obstruction.

Colombians Will Kick.

Officials of the Colombian legation in Washington predict that a storm of disapproval will arise in Colombia as a result of Commander McLean's action, which he yesterday reported, in disarming the Colombian troops before their passage across the isthmus. It is stated here that Colombia's agreement with the Panama railroad sufficiently provides for the transportation of Colombian soldiers by the railroad when occasion arises, and the commander's action is regarded at the legation here as a direct infringement of Colombia's sovereignty over the isthmus.

Commander McLean, in having the troops transported in a separate train from their arms, is acting apparently in accordance with his construction of Secretary Moody's instructions cabled on Saturday.

## SHOT IN THE NIGHT.

Prominent Wisconsin Man is Shot While He Slept.

Ashland, Wis., Sept. 24.—Michael Miller, superintendent of logging operations for the Ashland & Siskowit Railway and Logging company, was found dead in his bed yesterday morning at Nash, with a bullet hole extending from just back of the ear and coming out through the top of the head. A .38-caliber revolver, with one empty chamber, was found lying on the floor near the bed and the bed clothes were badly smeared with blood. Mrs. Cassidy and Miss Dubinska, of this city were arrested and placed in jail pending an investigation. Both deny all knowledge of the tragedy. Mrs. Cassidy admits having been intimate with Miller for some time, but says that three weeks ago they had a falling out and their intimacy ended then.

A coroner's jury held an inquest and decided that Miller came to his death from a pistol wound in the head administered by the hand of some unknown person, and recommended Mrs. Cassidy be charged with the commission of the crime and held for preliminary examination in the Washburn courts. During the session of the jury Mr. Churchill, brother-in-law to Mrs. Cassidy, identified the revolver found on the floor as belonging to the accused woman.
