What They Say of Mahara's Big Minstrels.

Mahara's big minstrels opened a week's engagement at the Dewey to a crowded house last night, and as pronounced by the large audience as one of the best colored minstrels they had ever seen.

In most colored minstrels the funny part of the performance is much overdone, but in this one it is carried on in such a manner that never fails to please an audience. The introduction of lady actors into minstrel takes out that ancient effect, for every theater-goer is tired of the old time minstrel show.

One of the features of the evening was John A. English, the marvelous hoop controller, in his line of work is an artist. He received great applause for good work. The singing was good and the jokes were new. As for the dancing, these entertainments have no equal. In fact every act was far above the average.

The strong feature and far the best, was the closing after part, a one act light opera, entitled "Dusky Maidens," fetching into display the whole bevy of ladies and gentlemen of the company in choruses, marches, cake walking, etc.

Mahara's have about the best chorus show seen in Oakland this season and no doubt will test the capacity of the Dewey for the balance of the week.—Oakland Times, Feb. 8, 1904. At Bruegger's Opera House Monday, May 9.

Ole Thorsen was up from Hofflund yesterday.

Chris Neseth is master of ceremonies on Sam Boyd's drap.

The Clyde stallion "Lord Aberfeldy," stationed at Heffernan's Livery Barn, is a fine-looking animal. John Heffernan has the management of the horse, and those interested will do well to call on John.

Wanted—To buy a pair of guinea hens. Inquire at Graphic Office.

A caucus of the electors of Williston was held Tuesday evening for the purpose of formulating a ticket to be voted for at the forthcoming election as the first set of officers of the city of Williston. The question of eliminating party lines in the selection of municipal officers expressed the prevailing sentiment of those present, and the following-named gentlemen were selected, without regard to political affiliations, to manage the affairs of the new municipality:

For Mayor—W. H. Denny.
For Aldermen—
W. R. McChesney.
E. F. Cox.
C. Baldwin.
H. H. LaDue.
Dr. E. H. Belyea.
Sam Boyd.
For Treasurer—S. Brownell.
For Police Magistrate and City Justice—E. Leonhardy.

This ticket is a good one, and better men could not have been selected. Their success in their business careers, and their well known economic methods in the handling of their private business affairs, insures to the city of Williston a clean municipal government and a progressive and economical administration of its financial interests. The choice of these men will do credit to the city, and reflect the intelligence of her people in their selection.

D., the office of the County Auditor, Dickinson, N. D. and the office of the Chief State Veterinarian, Agricultural College, N. D.

Bids will be considered for all of the ten stations mentioned or for any part of same, but all stations must be bid for separately. The State reserves the right to reject any or all bids. Agricultural College, N. D. L. Van Es, April 30, 1904. Chief State Veterinarian.

W. H. Denny of this city has received the following telegram from State Veterinarian Van Es relative to dipping tanks for stockmen:
 Fargo, N. D. April 30, '04
W. H. Denny
Williston, N. D.
State will build ten vats in unorganized counties on condition of co-operation. Will dip at 10c. a head. Will call for bids at once. Inform people. L. Van Es.

In accordance with the above, the reader will find in another column of to-day's Graphic the notice referred to, calling for bids to build the tanks. All parties interested should not fail to read the advertisement.

The Graphic believes that the election of W. H. Denny as the first mayor of the city of Williston, will be a choice creditably made, and the honor bestowed upon a wide-awake, progressive business man. That an opposition ticket will be put in the field, we have no doubt, but we advise the elector who has the welfare of the city at heart, not to allow himself to be led astray by roback stories.

The election for city officers of Williston will be held at the court house next Tuesday, and the ticket put up at the regular caucus, and published in this week's Graphic, should meet with a hearty approval at the polls. At this, the first election for city officers, all the aldermen will be voted for at large, but at succeeding elections they will be chosen by wards, and each ward will become an electors precinct by itself.
