A Warning to Mothers.

Too much care cannot be used with
small children during the hot weather
of the summer months to guard
against bowel troubles. As a rule it is
only necessary to give the child a dose
of castor oil to correct any disorder of
the bowels. Do not use any substitute,
but give the old-fashioned castor oil,
and see that it is fresh, as rancid oil
nauseates and has a tendency to gripe.
If this does not check the bowels give
Chamberlain's Colic, Cholera and
Diarrhoea Remedy and then a dose of
castor oil, and the disease may be
checked in its incipency and all danger
avoided. The castor oil and this
remedy should be procured at once and
kept ready for instant use as soon as
the first indication of any bowel trouble
appears. This is the most successful
treatment known and may be relied
upon with implicit confidence, even in
cases of cholera infantum. For sale by
all dealers.
