WILLISTON, WILLIAMS COUNTY, NORTH DAKOTA, THURSDAY, NOVEMBER 23, 1905.

Price, \$1.50 per Year in advance

FLICKERTAIL NUGGETS.

Weather—There were two fire alarms last week.

Dickinson—A Morton county horse thief has secured a new trial.

Lansford—A Great Northern freight started a prairie fire near here.

Fargo—Despite the good crops, there have been a few failures over the state.

Minot—The city council declined to grant a franchise to the Northern Telephone company.

Sheldon—Messrs. Pierce and Banks have secured control of the First National bank at Enderlin.

Portland—The Cargill elevator busted a rib and dumped 2,000 bushels of grain outside the inside.

Jamestown—A lot of the fellows who have knocked durum wheat are clamoring onto the band wagon.

Richardton—Land near here is selling for \$15 an acre. Lots of it sold a couple or three years ago for \$2.

Bowbells—The grain blockade was cracked by the arrival of nine empties, but the crack soon grew together again.

Jamestown—Ramsay county school lands will be disposed of Dec. 14. Eddy county will dispose of its school lands Dec. 5.

Michigan—The Great Northern has removed the telephones from the Edmore branch line stations and substituted telegraph instruments.

Litchville—The barn on Henry Gieblink's farm, northeast of here three miles, caught fire from a stubble fire and was burned down.

Oakes—This place has completed a three-inch artesian well with a big flow of water at 900 feet. It will furnish water for the city.

Grafton—The sewage will be disposed of by means of a septic tank, which will soon be completed and ready for operation.

Aneta—This place has a big elevator capacity and two freights a day can't make room for all the wheat the farmers want to market there.

Minot—Because a county homesteador sold a telephone company the right of way over his claim he is threatened with a contest.

Washburn—Complaints are made that it is difficult to secure coal in several of the mines in this county because of the shortage of help.

Fargo—Attorneys for the society in New York are in the state to investigate the class of homes secured recently for some New York children in this state.

Grand Forks—The contract for the furniture of the new postoffice has been awarded to Maly Bros., Ltd., Cincinnati, Ohio, for \$5100.

Minot—A drunken Russian attempted to steal a ride and narrowly escaped being the center of attraction at a coroner's inquest.

Norwich—Near here some travelers drove a horse into an old well and the animal's legs were broken. The township officers have been asked to reimburse the owner.

Union—It is said the preacher and others who burned a blind pig may be prosecuted for arson. As an object lesson on the observance of the law their act was as anarchistic as that of the horse vendor.

BRUEGGER MERCANTILE CO.

Fargo—The city has won in its suit for the collection of interest and penalty on delinquent taxes, and the county treasurer is ordered to make payment.

Fargo—The live stock sale was a great success and well attended. The hogs sold for an average of \$23 each and the stock at from \$50 to \$150.

Fargo—The population of the state is a little over 436,000, an increase of over 30 per cent. This is a record for five years, and one that is probably duplicated by no other state.

Grand Forks—Many farmers in the state have firmly determined to erect granaries of their own before next season, so they will not be at the mercy of the elevators and the railroads.

Forman—A county man had a sale and was preparing to leave the country. The officials appeared with a receipt for his 1905 taxes and compelled payment, though the taxes are not due till December.

Fargo—The council has approved the viaduct scheme which has been arranged in order to solve the railroad crossing problem. This matter is one which is certain to interest most of the larger towns in the near future.

Church's Ferry—Near here one hunter would not pay attention to another and was shot in the leg for his stubbornness. He threatened to sue the shooter, but the case was finally settled out of court.

Sheldon—Senator Ed Pier and James K. Banks, local bankers, have purchased the controlling interest in the First National bank of Enderlin, the prominent Soo line town of this county.

Fargo—An independent theater here to form a connecting link between the twin cities and the coast, is being discussed. Representatives of anti-trust companies want a stopping place, and Fargo is said to be the best one-night stand in the country.

Fargo—Governor Saries has had two towns named after him, has had a brand of cigars named after him, and now a set of Saries souvenirs postcards have been issued by a Fargo dealer. That's what it is to be popular.

Fargo—Judge Fisk yesterday made an order appointing Alex M. Thacker, consul general of the United States at Berlin, Germany, to take depositions in Germany in the case of North Dakota and J. B. Wineman against the Travelers' Insurance company.

Hankinson—A carload of stock shipped to St. Paul by M. A. Wippen was mixed up in a wreck and all the animals were either killed outright or so badly injured that it was necessary to kill them.

Grand Forks—Efforts are being made to arrange for seed trains over the Great Northern and Soo during the winter.

The late Bishop Dudley, of Louisville, Ky., some time before his death, which occurred in New York, was invited by some women friends to take luncheon at the Martha Washington, the woman's hotel. The bishop was a very absent-minded man and found upon arriving at the hotel that he had not been shaved that morning. Stepping up to the clerk at the desk, and much to the horror of groups of women, he asked, "Can you tell me where the barber's shop is in this hotel?"

Rev. Father Cavanaugh, the new president of the University of Notre Dame, has been at the head of Holy Cross seminary since 1899, and is one of the most scholarly men in the Roman Catholic church. He is 35 years old, was born in Leontia, O., was educated at the parish school in that town and at Notre Dame, to which he now comes as president, and was ordained in 1894. For the last 12 years he has been assistant editor of Ave Maria, is a well-known lecturer and has been an industrious contributor to the current magazines.

Cannot Recover Ring.
An Indiana court has decided that a jilted lover cannot recover the engagement ring by suit unless there is a contract to that effect. After this every prudent Indiana lover will arrange to have the engagement ring placed in escrow pending the wedding.

NORTH DAKOTA NEWS

State Fairs.
Fargo—The adjourned annual meeting of the stockholders of the North Dakota State Fair association was held at the parlors of the Commercial club. Reports of officers showed affairs in good condition and satisfactory progress made in preparing for the holding of a fair next year. Secretary Wilson reported regarding the construction of a race track, which when completed will be the best half-mile track north-west of Chicago. The fair grounds have also been drained with necessary ditches and plans have been drawn for buildings. The stockholders authorized the board of directors to increase the appropriation for the track and buildings. The report of Treasurer Hector showed that \$24,900 of stock had been subscribed, of which nearly \$14,000 has already been paid in, and upwards of \$12,000 has been expended, mostly for the grounds and for expenses connected with preparation of the grounds.

Seems Tough.
Walhalla—Richard Rickmeyer, a witness of the recent killing, is in jail at Pembina, being held as a witness. Stories that Rickmeyer is a rather desperate character appear to be utterly without foundation. He is a steady working man, who spent the harvest season banked the money, and is well thought of. It is understood that he is held for the simple reason that he has no headquarters in this state; no interests here, and there is nothing to prevent his leaving, either to engage in work elsewhere or because threats may have been made against him if he testifies. The situation seems to be that the witness is getting a little the worst of it.
