For many years past the members of this company have been residents of Williams County. They have been closely identified with the development of Western North Dakota and Eastern Montana and have brought out and located thousands of settlers on good farms in this locality. They have seen land values grow from practically nothing up to the present prices and being so familiar with the causes for this rise in values they predict a much greater increase within the coming two years. Under the careful management of our several departments special attention is given to BUYING LISTING and SELLING FARM LANDS—both Improved and Unimproved.

You Can Easily Operate This Typewriter

Don't worry your correspondent. Don't write him anything by hand that takes him time to make outthat may leave him in doubt-that he can't easily read,

read,

And don't fill out legal papers or card memos—or make out hotel memus in your own hand writing.

It looks bad, reflects on your standing, makes people think you can't afford a stenographer, and is sometimes ambiguous.

You can write your own letters—make out an abstract—fill in an insurance, policy—enter your card memos— make out your accounts, or a hotel menu—or do any kind of writing you want on any kind, size or thickness of paper and space any way you want on

The_ OLIVER Typewriter

The Standard Visible Writer The Standard Visible Writer
You can write any of these things yourself if you do not happen to have a stenographer.
For you can easily learn, with a little practice, to write just as rapidly, and as perfectly as an expert operator on the OLIVER. Because the OLIVER is the simplified typewriter And you can see every word you write. About 80 per cent more durable than any other typewriter, because it has about 80 per cent less wearing points than mest other typewriters.
Eighty per cents easier to write with than these other complicated, intricate machines that require "humoring"—technical knowledge—long practice and special skill to operate. Than machines which cannot be adjusted to any special space—with which it is impossible to write abstracts, insurance policies, or odd-sized documents except you buy expensive special attachments requiring experts to operate. You can adjust the OLIVER to any reasonable size and thickness of paper, right out to the You can adjust the OLIVER to any reasonable size and thickness of paper,; right out to the very edge, without the aid of any expensive attachment or special skill, and your work will be neat appearing, legible and clear.

For the OLIVER is the typewriter for the doctor, the lawyer, the insurance agent, the merchant, the hotel proprietor—or any man who does his own writing.
