Always Listened to Attentively

MR. JAMES J. HILL is repeatedly urging the people to stick to the farms. This advice was never more gladly received by people than it is today. Thousands are coming our way this year to buy land and if you have anything to sell list it with me as I am in direct communication with a large number of prospective settlers. I have a long list of farms and business openings in the East to trade for North Dakota land and not a week goes by but I buy or sell North Dakota land. If you wish to buy or sell see me at once.

I Have a Good House and Three Lots For Sale.

IWILL sell you good farms on the crop payment plan. Spring is calling to you to make early preparations for an abundant crop and you must have good seed and well tilled land if you expect a bumper crop. Remember that I have plenty of money for **FIRST AND SECOND MORTGAGE LOANS** and can aid you in a moments notice to secure a team, seed or machinery.
