Forget your prejudice for just one baking

Lay aside your favorite baking powder for just once. Forget for a day that it is "the kind mother used." Dispense with the idea that there is "nothing else just as good." It may have served you admirably for years. But just remember, other things have improved since grandmother's time. So why not baking powder?

Get from your grocer today a can of Calumet Baking Powder. Bake a batch of biscuits, a cake or your favorite pastry. If the baking does not come out just as good, or better, than usual. If it is not as light, sweet and delicious. If it does not prove up to your high standard in every respect, providing of course you have in every other way exercised your usual methods, take the can of Calumet back to the grocer and get your money. This is our first step in making friends for Calumet. The continued good results, the purity, the economy in both cost and use will hold them.

Received Highest Award World's Pure Food Exposition, Chicago, 1907
