

Who Gets Them?

Of the 26 Garden Homes that were platted and placed on the market late last fall, 23 have already been purchased and only 3 are left. These three consist of one 5-Acre Home and two 3 1/2-Acre Homes. They are equally as good as any in the entire addition. The ground has been well plowed, disced and harrowed this season and is now sown to oats.

It will cost you nothing to inspect these "little farms" and when you see what the purchasers of the other 23 Homes are doing with them you will realize, with them, that the best investment in Williston today, is a Garden Home. It is very doubtful if you will ever again have an opportunity to secure 3 1/2 or 5 acres of land within a very few blocks of the city at as low figures as these three Garden Homes are now offered. Just a small payment down and easy monthly installments, allowing two full years for payment, will buy one.
