If You Could

Assay the Plate of Community Silver

It would show an ounce more pure silver than any other plated ware.

The well known durability and beauty of Community silver justify the pride felt in its possession. Community Silver is made only in a plate heavier than triple—will last a lifetime.

Farmer Gets Raccoon

Wm. Akrian of Wheelock reported the capture of a coon in a trap he had set to catch other wild animals. While this is no great big catch or anything like that it is about the first instance of a real live four-legged coon being caught in this part of the country, as far as we know.
