BIDS FOR GRADING, CURBING GUTTERING

Sealed bids will be received until 8 o'clock in the afternoon of August 14th, 1911, for the furnishing of all materials and all labor for grading, curbing and guttering in Improvement District No. One in the City of Williston, North Dakota, in strict accordance with the plans and specifications and details of all work to be done, which were approved by the City Council of the City of Williston and which are on file in the office of the City Auditor of the City of Williston, North Dakota.

A copy of the plans, specifications and details of all work to be done may be seen at the office of H. R. Evans, City Engineer of said City. Copies of said plans, etc., will be furnished by said City Engineer and the charge for said copies will be at the rate of one dollar per hour for time necessarily employed in making the same. The Engineer's estimate of the work to be done is as follows:

12374 Ft. of Curb and Gutter.
3,500 yds. of Earth Excavation.
Bidders will be required to state the rate of interest the Special Assessment Warrants on Improvement District No. One of said City shall bear (not exceeding seven per cent) which warrants are to be received and accepted by them at par in payment for said work.

Bids are called for on the basis of cash payment, and bids for such work

shall be forwarded to the City Auditor of the City of Williston, North Dakota, securely sealed, and shall have endorsed on the outside of the envelope containing the same a statement of what work such proposal is for. Each bid shall be accompanied by a certified check in the sum of Five Hundred Dollars endorsed or payable to the Mayor as a guarantee according to law, and each bid shall be accompanied by a bidder's bond in a sum equal to the full amount of the bid and conditioned as required by law.

The City Council of the City of Williston, North Dakota, reserves the right to reject any and all bids.

All work for which bids are hereby called for is to be done on or before the 1st day of December, A. D. 1911. By order of City Council. Dated at Williston, North Dakota, July 22nd A. D. 1911. (City Seal) Joseph W. Jackson, Mayor of the City of Williston, North Dakota. B. J. Schoregge, City Auditor. 5-3t

RAILWAY MOVES- Activities along G.N.

Chairman James J. Hill and President Louis W. Hill of the Great Northern railway are expected to leave for Oregon the first part of September, to inspect the progress of the Oregon Trunk line through the heart of Oregon, in rivalry with the efforts of the Harriman interests to develop that state. J. J. and L. W. Hill have accepted an invitation to attend the Astoria centennial. President Hill has been asked to deliver an address, Sept. 16, on the good roads question.

It has been announced through Route Agent Collins of the Northern Express company that on Aug. 1 all the express companies in the country will institute a new method of charges which means a saving of 15 to 40 per cent.

James J. Hill, when told that the senate had passed the reciprocity bill, said that his views in favor of it are so well known and he has so long argued for reciprocity that he could add nothing other than to say that he is pleased.

The greatest interest in railroad circles attaches to the Great Northern, which, along its main line from Grand Forks west to Fargo, has six different branch lines running northward and terminating at the border, any one of which might be built across and into Canada. The Great Northern now operates from the Canadian line into Winnipeg from Emerson, over the Canadian Northern, and has a lease that has some time yet to run. Eventually, it is presumed, the Great Northern will have its own line direct into Winnipeg.

C. H. Hickman who is the engineer in charge of the Stanley Northwestern branch went to Stanley last week and began preliminary work, getting ready for the contractors and laborers that began Monday laying steel for the Powers Lake extension. There has been no official statement that the line will be built further than Powers Lake this year.

Freight Agent DuPey's was a Poplar visitor Tuesday evening.

Miss Mildred McMillan of the local freight department was in Poplar Tuesday evening.

Master Mechanic Mike Flannagan and Assistant Supt. McCandless of Minot accompanied the auto tourists to Poplar Tuesday evening.

Library Books

The following books are recent additions to the library shelves:

Daskam—Margarita's soul. A young girl brought up by a hermit father in utter ignorance of the forms and conventions of the world is the heroine of Josephine Dodge Daskam's "conversation of a pagan" into a woman.

Crawford—The White Sister. The last of the Saracinesca series, and the last novel from Mr. Crawford's pen. As a drama, with Viola Allen playing the principal role, it has attracted much attention.

Waltz—Pa Gladden, the story of a common man. Pa Gladden may be very plain and homely, but the story of his continual kindness toward people who need his friendship makes one wish his type more "common."

Thanet—By Inheritance. The author of "The Man of the Hour" has written another dramatic story, using the negro problem for her basis this time.

Wright—The Open Window. Month by month the story develops until the full cycle of a year has been covered. The out-of-doors charm is as important to the story as the plot.

Harker—Miss Esperance and Mr. Wycheley. Two elderly English people are unexpectedly left the care of two little boys, and the trials and perplexities that follow are delightfully set forth in this story.

Strength does not make a cigar good—it only makes the smoker dopey. The GENERAL ARTHUR is the fragrant, mild 10c cigar.

Crane Elected

A. E. Crane former superintendent of city schools of Jamestown was elected president of the new Minot Normal school. Other candidates in the field were: Supt. W. A. Godward, of Devils Lake, Prof. A. P. Hollis, of the Valley City Normal; Prof. Clyde R. Travis of the Mayville Normal; Prof. Engleman of the LaCrosse Normal; Pres. Wilson of the River Falls, Wis.; Normal; Prof. Miller of Carlton College, Northfield, Minn.; Supt. Clark of Forsyth, Mont.; and Prof. Hilleboe of Benson, Minn.

Must Be Signed

The Graphic has received a communication signed "A Reader." While we would like very much to publish this we must again call attention to our rule that all communications must be signed. Not that we wish to publish the name but must know the name of the writer.

CANADIAN PACT PASSES SENATE

UPPER HOUSE OF CONGRESS VOTES 53 TO 27 FOR RECIPROCITY MEASURE EXECUTIVE SIGNS WEDNESDAY

Washington, July 22.—The reciprocity trade agreement between the United States and Canada, embodied in the reciprocity bill, that proved a storm center in two sessions of congress, passed the senate without amendment today by a vote of 53 to 27. The majority of republicans voting against it. Of the 53 votes for it, 32 were democratic and 21 republicans; of the 27 against, 24 were republicans and three democrats.

This action settled the whole Canadian reciprocity question, so far as congress is concerned and save for the executive approval and Canadian parliament's ratification, it is virtually made a pact law of the land. Congressional practice will delay the affixing of the president's signature until next Wednesday, when the house is again in session. The reciprocity bill, having originated in the house, must be returned there for engrossment and for the signature of Speaker Clark while the house is sitting.

The Canadian parliament has not yet acted on the agreement and with one exception, the provisions of the bill, as passed by congress, will not become effective until the president issues a proclamation that Canada has ratified the pact. The exception to this procedure is in the paper and pulp section of the bill, which, it is announced, will become immediately effective when the president signs.

From the White House Mr. Taft followed the votes on various amendments on the final passage of the bill today with keenest interest.

"I am very much gratified and delighted that the bill is passed," he said. "It indicates the increase of mutually beneficial relations between Canada and this country."

Penrose, who led the reciprocity fight, ventured the prediction that congress would adjourn not later than August 9 or 10.

A bitter struggle is expected in the senate next week over the wool tariff. The wool revision bill already has passed the democratic house. Several substitutes have been offered in the senate and the vote will be taken Thursday next.

Twin-City-Helena Autoists

(Continued from page 1)

of miles, Louis Hill when he stepped out of the big Packard looked more like a soldier of fortune from the ranks of a Wallenstein or Alva than the twentieth century president of a mighty line of commerce.

President Hill was in splendid mood and related incidents that happened in the early annals of Williston. When asked regarding the establishing of the flax fiber plants along the Great Northern he said, "Ask Steadman; Steadman knows all about it and can tell more than I can. I talked to him about it for quite a while the other day" and the G. N. president turned to the condition of the crops in Williams county and the effect of North Dakota and Montana air for every known ill.

The cars began to arrive in Williston about eleven o'clock and shortly after referee Dutton had posted the notice for a 12:45 start, the pilot car followed by the others as they were checked out whirled up through Main street and headed towards Culbertson the sight of the night control.

At Poplar Tuesday night the head line feature for the evenings entertainment was the gathering of some twelve hundred Indians of the Ft. Peck Indian reservation who, clad in all the panoply of savage warfare, regaled the autoists with dances, riding and a sham battle.

Silver by the hand full was showered to the crack dancers and huge piles of candy made glad the heart of poor Lo.

A Golden Specialty

We make a specialty of heavy cream that we positively guarantee will whip to suit the most exacting requirements of the best cooks.

A Table Joy

The use of our cream is a big item in making the table hour the most enjoyable hour of the day as it should be.

A Farm Home

One of the big items when you get "back to the land" is the never failing supply of pure milk and cream that is yours. The use of our milk and cream gives you the best supply without moving to the farm to secure it. We bring it to your door.

Our Aim

is always to reserve sufficient supply for our regular customers and the balance goes to fill local orders. So if you want some cream that you can depend upon, be sure to telephone your order the evening before you want it. If you wait for the milk wagon you may not get it.
