

Farm Loans

We always have plenty of money on hand for good farm loans, and any applications that come to us are acted upon promptly.

Our plan of completing loans involves no tedious delay, and we therefore suggest that you might find it to your advantage to deal with us.

Write or call and see us if you are going to make a loan on your land.

Put Your Farm on a Business Basis

YOU may be spending much more than is necessary for power to do your plowing, seeding, harrowing, cultivating, harvesting, threshing, silage cutting, hauling, etc., etc. An IHC kerosene-gasoline tractor reduces the cost of plowing from about \$1.25 an acre with horses, to less than half that amount. A like proportion of saving can be made by using an IHC tractor for the other operations.

An IHC Kerosene-Gasoline Tractor

can be used for so many different kinds of work that you will find almost constant use for it on your farm. It furnishes the cheapest and handiest form of power for belt and draw-bar work.

An IHC tractor is simple and therefore easy to manage. It carries its own supply of fuel. It is clean and safe, making neither smoke, soot, nor sparks. There is no limit to its working hours. All bearings are protected from flying dirt, sand and grit. There are no rapidly moving parts to be quickly worn out. IHC tractors are built in 12, 15, 20, 25, and 45-horse power sizes. IHC engines for general purposes on the farm or in mill, shop, and factory are made in sizes from 1 to 50-horse power. The complete IHC engine line includes the tractors and also horizontal and vertical engines; air and water-cooled; stationary, portable and mounted on skids; built to operate on gas, gasoline, kerosene, naphtha, distillate, and alcohol. The IHC local dealer will give you catalogues and full information, or, write

International Harvester Company of America

INC Service Bureau
The purpose of this Bureau is to furnish, free of charge to all, the best information obtainable on better farming. If you have any worthy questions concerning soils, crops, land drainage, irrigation, fertilizers, etc., make your inquiries specific and direct them to the INC Service Bureau, Harvester Building, Chicago, U.S.A.

AT THE BOSTON

What is new for women?

This ever insistent question is better answered at the Boston this season than in any previous year. No time in the history of our buying experience have we been able to secure such a wealth of wonderful bargains and beautiful creation in ladies suits, coats, dresses and millinery.

Charming new fall suits are shown in smart models with the broken waist line; some suits strictly tailored, others in cutaway styles. Materials are French Serges, Storm Serge, Cheviots, mixtures and heavy Diagonal Serge. Colors: Navy, Black, Brown, Tan, Gray and Brown Mixtures.

Then there are Coats with the braided edges. Skirts are new Cluster Plaited Models, some with front, some with side and back plaitings. Materials are Tan and Gray Mixtures, Pebble Cheviot, Diagonal Serge, Cheviot, Diagonal Worsteds, Zibelines and government tested Serges. Colors—Taupe, Tan, Gray, Navy, Brown, Black, Copenhagen and Ruby.

They are shown in the modified Pannier effect also with the plain skirt. You will notice the much talked of Robespierre collar, the long sleeves with turn back cuffs of assorted colors. Some have the wide plaited net frill with bow tie, finished at the waist with a smart girdle and side tie. Shown in Navy, Black, Taupe, Brown and Copenhagen.

Inexpensive hats to wear now, and yet Hats which reflect the new style tendencies of autumn—that's what many a woman wants. And so we have provided for the demand with several hundred smart tailored models with which to introduce the new autumn styles. A wide range of styles is offered for selection, the smaller, quaint effects and the broad brimmed models in the new materials and rich color combinations offering a splendid selection for women, misses and juniors for general utility wearing.

Many early purchases have arrived, others arriving daily. Ladies are especially invited for an early inspection of these beautiful new garments.
