Apples and candy were enjoyed the last thing before dismissal and the primary folks went home with the memory of a very happy afternoon.

ODD BITS OF NEWS

Bardstown, Ky.—Mildred Gilmore Hall came into the world ready for the dinner table. She had two fully developed teeth in her lower gum.

Hartford, Mich.—An admirer brot the editor of the Day Spring here a freak fruit—half peach and half apple. The dividing line is straight and well defined. The specimen grew on a peach tree.

New York, N. Y.—According to Robert R. Kieser, who returned from a tour of inspection in Germany recently, four dummy kaisers ride along the lines in different sections of the country daily. The dummies ride in cars like that of the emperor and are selected from soldiers who look most like the kaiser. In this way the life of the kaiser is better protected.

Paris, France—Alcide Verd, 72 years old, is the oldest soldier in the French army. He saw service at Sedan, and is now with the 47th territorial regiment in the first line of trenches.

Monroe, Wis.—This town was said to be the "smelliest" town in America when the annual cheese day was held. Two tons of limburger, swiss and other cheeses were given away in sandwiches.

Meadville, Miss.—For the first time in its history, 75 years, this town has a church. The town was the headquarters for many years of the famous Newman-Byrd feud, which ended with the killing of all the feudists.

Roxton, Tex.—At a birthday party given by Mr. and Mrs. J. W. Watson in honor of their son, Rufus, a fruit cake graced the table which was cooked twenty years ago by Mrs. C. H. Shilling, of Paris, the young man's aunt. She gave it to his father and told him not to cut it until the boy was twenty-one years of age. The flavor was said to be fine.

Geneva, O.—Menu: Breakfast, springwater; dinner, more springwater. That was the diet which Dr. H. G. Huffman, oculist, lived on for 47 days. The doctor's fast is said to have saved his life.

LIBRARY NOTES

With Appreciation Week at hand, and an essay contest under way on the topics of Opportunities and Privileges of living in North Dakota the library is making a special collection of such material as will help in the writing of these essays, particularly concerning our own part of the state. Newspaper articles and "booster" pamphlets form the basis of the collection, with book material on the state at large.

The October circulation statistics show a marked increase over last October (1914). 1296 books went out last year in that month and 1425 this year. The gain is almost entirely in the children's reading. The greatly increased use of the reading room, -1047 this year against 714 last year in the same month,—is due to the High School reference work and the co-operation of the literature and history teachers with the library.

The books noted below are going into circulation this week:

Blazed Trail Stories, by Stewart Edward White. A strong, masculine set of short stories about western life.

The Cruise of the Shining Light, by Norman Duncan. A well-concealed mystery from the heart in this sea story of the Newfoundland coast.

More than Conquerors, by Ariadne Gilbert, is a splendid collection of short biographies of men who have made themselves famous through military lines. An excellent contribution to peace literature.

Little Folks Handy Book, by Lina & Adelia Beard, is full of things to keep children busy and happy. "What to make of empty spoons," "Paper Jewelry," etc., are some of the titles.

Story Hour Readers, Books One, two and three, are for the smaller folk.

Baking Powder Biscuits

Light as a Feather

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Baking Powder Biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if once tried, you will never use any other recipe. Try it the next time you run short of bread. Save this recipe.

K C Baking Powder Biscuits

Three cups flour; 1/2 to 3/4 cup shortening; 3 level teaspoonfuls K C Baking Powder; about 1 cup milk or water; 1 teaspoonful salt.

Sift three times, the flour, salt and baking powder. Work into the flour the shortening, using lard or butter for shortening. Then mix to a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out. Never knead baking powder biscuits; press the dough into shape and roll lightly. Cut in small shapes and bake on a sheet or very shallow pan in a hot oven. In placing biscuits in the pans place well apart, not allowing edges to touch. Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

Have you seen the new K C Cook's Book? Brimful of appetizing recipes that simply must be successful every time if the few simple directions are carefully followed. You would gladly pay 25 cents for this valuable book, yet we send it absolutely free upon receipt of the colored certificate packed in every 25-cent tin of K C Baking Powder. Write Mrs. C. C. Chicago. Small cans do not have Cook's Book certificates.
