GAINS MADE BY REPUBLICANS

ELECTIONS SHOW REPUBLICAN GAINS—SUFFRAGE LOST IN THREE STATES

New York, Nov. 3.—Elections in ten states yesterday emphatically defeated woman suffrage in New York, Massachusetts and Pennsylvania, giving republicans additional representatives in congress, and a new governor (Samuel McCall, republican), in Massachusetts, according to returns today.

Incomplete returns show Augustus Stanley, democrat, leading over Edwin Morrow, republican, in the Kentucky gubernatorial contest, and Mississippi, the only other state electing a governor, chose Theodore Bilbo, democrat.

In New York former Congressman Bennett, republican, was elected in the Twenty-fourth district to succeed the late democratic congressman, Jacob Goulden.

Republicans will succeed democrats in the Thirty-first and Thirty-sixth congressional districts in New York, and the Twenty-fourth district in Pennsylvania.

Practically complete returns today show Ohio rejected state wide prohibition by thirty to forty thousand votes.

Democrats elected the governor in Maryland, Emerson Harrington (democrat) by about 1,500 plurality, over O. E. Weller (republican) according to incomplete returns. The entire state ticket, besides a majority in the state legislature, is democratic.

In New York the republicans retained control of the lower house legislature, and also elected a majority of the mayors chosen in the state. New York defeated suffrage by about 210,000 votes.

Late returns this afternoon showed Stanley, democrat, leading Morrow, republican, for governor of Kentucky,

by a majority of 4,667, with all districts in the state except the tenth, where the vote has been estimated, heard from.

Afternoon returns show New York rejected the proposed new state constitution by 400,000, and rejected woman suffrage by 210,000.

Massachusetts rejected suffrage by 132,082, and Pennsylvania also refused the women the vote by 50,000.

GREAT BATTLE BETWEEN MEIXCANS

VILLA ARMY FIGHTS FOR HOURS WITHOUT WATER OR FOOD—AMERICANS INJURED

Douglas, Ariz., Nov. 2.—Villa's army, reinforced by troops from Nazo, early today renewed the attack begun last night against Agua Prieta, Sonora, Mexico, which is defended by Carranza forces under Calles.

Losses on both sides are believed considerable. Many bullets fell in Douglas, Arizona, wounding two Americans, neither seriously. Villa's men have had no water for 24 hours and it is believed their food supply is exhausted.

General Funston, with instructions to return any fire from Mexicans endangering the lives of Americans, arrived today to take personal charge of the American forces.

After four desperate attacks on Agua Prieta, continuing practically all night, Villa drew off at daylight. Later, however, Villa reopened the bombardment.

Losses in Carranza's garrison are announced as 45 killed and 75 wounded. Unofficial reports gave the casualties at 250.

Villa dead in large numbers are strewn and deserted around the barbed wire barricades around the town.

The battle continued practically without intermission from yesterday afternoon at 1:45 o'clock until 6 o'clock this morning. At 3 o'clock, when Villa launched his first attack

of machine guns and cannon, it probably surpassed in violence any previous Mexican battle.

Douglas trembled under the vibration of continuous crashes. Bullets from the Mexican side rained upon the American town, from the United States army trenches at the border, to points a mile or more from the line. Women and children, mostly hysterical and weeping, covered behind adobe walls.

The United States customs house, fired on yesterday, again was peppered with bullets, the roof and porches being perforated. American streets are plentifully sprinkled with bullets.

Mines exploded by Calles, the Carranza commander, west of Agua Prieta, killed 300 Yaquis, according to reports from the Mexican town.

PRESIDENT HILL VISITS IN CITY

L. W. HILL HERE SATURDAY—LOOKING OVER COUNTRY IN INTERESTS OF BANK

President L. W. Hill of the Great Northern and J. J. Flannigan, president of the Stock Yards National Bank of South St. Paul, were in the city Saturday. They were here in the interests of the Stock Yards National Bank and called upon a number of our business houses including the banks. They also visited the mill.

Mr. Hill and Mr. Flannigan own a large interest in this bank. They are anxious to develop the cattle business in the northwest and will handle cattle paper for buyers. They left here by auto for a trip to Fairview, Plentywood and other Montana points. They expected to meet the Milwaukee people at Billings and make a trip over the western end of the system, returning to St. Paul by the 20th of this month.

While here Mr. Hill was approached upon the subject of the Great Northern using electric power in the round house and thus assist the irrigation project. Mr. Hill said he would like to have a letter setting forth the facts here and that when he returned to the cities he would take the matter up personally with the men in charge of that department.

TELEPHONE GIRLS GIVE PARTY

The trials and tribulations of a telephone operator are many, while the pleasures are few and far between. In order to vary the monotony and forget for a few hours at least the "hello central" the young ladies of the exchange arranged and carried to a successful end a very delightful little affair last Saturday evening in the shape of a progressive Halloween party. Boys and girls to the number of twenty-eight gathered at the rooms of Miss Johnson, Miss Kilgore and Miss Erickson where they proceeded to make merry. Following games, a light luncheon was enjoyed after which they repaired to the home of Miss Ames where the same procedure was gone through with. Leaving here the merry throng went to Mrs. Brambridge's at the home of Mr. and Mrs. Thompson's where another series of games and an excellent lunch was enjoyed. To conclude the evening's entertainment the entire party repaired to the Buhler Cafe where they enjoyed an excellent banquet. All in all it was a most delightful evening and one that will long be remembered by the "hello girls" and their friends.

AN EDITORIAL

Time to Snuggle Up

Much has been said and much can be said on the subject of co-operation—of getting to-gether. Especially is this true of business men—and Williston is no exception. If you harness an ox and an ass in the same shafts and the ass kicks the legs from under the ox, both will go down. Let's cut out the "lion and the ape," hitch another ox in place of the ass to Williston's business cart and before we invite them to co-operate with us let us show the farmers of Williston and vicinity that we really stand for Williston—and every worthy social unit in Williston.

What is sauce for the goose is sauce for the gander. If every business man in Williston will take the "buy at home" slogan to heart, they'll have a clean hand to extend the farmer on the same proposition and a much better chance to win.

Here's our hand—and while we think about it we might mention that we are prepared to build just as good or better clothes than you can buy anywhere—and the price is always right. We might also say that we are still in the business of French Dry cleaning and know the business from A to Z—We can easily get together on that—and the rest can be taken up later.
