Surrey is prosperous, and the future outlook is good with her wealthy south side citizens, and even the poorer class on the north side are making steady improvements, and the near future is bound to see a boom in Surrey real estate.

Some little excitement was created in town Monday morning by Sheriff Scofield coming up with a warrant for the arrest of Henry Majie, an aged farmer east of this place, sworn to by Fred Sorg one of his neighbors. The trouble began over Majie's cattle intruding on Mr. Sorg's premises, and in the combat it is claimed that Sorg made an assault on Majie, and then Majie declared that he would kill Sorg in less than 24 hours. Sorg went to Minot to get the warrant for his arrest, but on being asked if he was afraid of his life said he was not. He was told he could not get the warrant unless he was really afraid. So he went home and got afraid on Sunday and the next morning went back to Minot and got the warrant. Monday evening Majie and S. Fletcher, another neighbor went to Minot to fix his bond.

Monday was an unlucky day out here for threshing machines. The new machine of Mr. Collins working on the Olson farm near Surrey and together with separator engine and grain was entirely destroyed. The separator of Mr. Hanson's, while at work at the Pariott farm broke all to pieces, and early in the day at Wm. Pearson's the machine owned by Silas Beechler broke down the entire bottom dropping out. Mr. Beechler contemplates buying a new machine to finish the fall work as threshing is not nearly completed in this territory yet.

DONNYBROOK.

The bachelors of this place went on quite a spree last week which marred the feelings of the old maids. Boys don't do that again.

Stone has been hauled back of the Donnybrook hotel for the new M. E. church. The Soo line hauls the lumber from Minneapolis free. The building is to cost \$1,200.

Elevator men are busy taking care of the golden crop. They hardly have time to take their meals and sleep, for every morning wagons are lined up from the warehouse to the bank. Still the prices keep up.

A fine entertainment was given at the Metropolitan hall across the street from the Donnybrook hotel Saturday night. The Bugal call began at 8 o'clock sharp then the gramophone sent forth grand melodious music knowing it was to be raffled off. The floor manager next played a march on the snare drum for the purpose of drumming up the crowd from which he expected to coin his good tin. The boys flocked in like sheep to a fire when later on the lamp oil played out and everything was clothed in darkness. Finally the manager ran across some finer music and the ball began.

D. A. Dinnie was in our town last week. He was looking after his gang of carpenters who are finishing the opera house.

More threshing rigs are coming in now. More hands are needed to care for the fine crop.

The herders brought in the cattle from the hills Friday, and rounded them up at the stock yards here. The farmers and stockmen have been sorting them everyone looking for his mark.

The rails are now within 1 1/2 miles of Glenburn, had the crew been furnished with rails the track would of been laid to Glenburn last Saturday. At any rate the people have had the satisfaction of seeing the smoke of the construction train.
