Minor Topics

The barbers have organized a Union.
Mr. and Mrs. Paul McCoy are home from the east.
Lorge & Welch already have sold six automobiles this season.
The Rev. Wm. C. Hunter will preach at Burlington on Sabbath April 2 at 3 p. m.
A young man named Ramsey, aged 18, died at Garrison last week from the excessive use of cigarettes.
WANTED—Cream at White Ice Cream Factory. Good prices.
WANTED—A good man to handle stallion for all summer. Call at 508 South Main St Minot. A. V. Swanson.
The Canadian officers are on the look-out for Mohall boys who persist in spending their Sundays hunting game across the line.
David Houston, of Burlington, circulated a petition among the business men for a new Presbyterian church which will be erected at Burlington this year.
Guy Almy has accepted a position with the Grow Clothing Co., as book keeper. Mr. Almy recently completed a course in bookkeeping and stenography.
C. F. Ferber, the candy manufacturer, has enlarged his business to such an extent that he is now making over 40 kinds of candy. His goods are pure and palatable.
The five year old adopted daughter of Mr. and Mrs. Hill who live south of Mohall, fell into an open well and was drowned. The parents were in Mohall at the time.
I will sell my real estate, loan and insurance business. Fine opening for the right man. Good reason for selling. Will include office, office furniture and barn.
T. E. Tenney,
Sawyer, N. D.
Ed. Long and Paul Bitter accompanied two of Oscar Swanson's cars to Canada Tuesday. Mr. Swanson and family left for their new home at Daysland Tuesday. They have been good citizens, and we wish them success.

Arthur A. Hancock has opened a new barber shop in the European restaurant block. He has a neat place and is running an up-to-date shop. Hancock is popular with a large number of Minot people and will get his share of the business.
A nice rain Tuesday night fell over the north rest. Just the thing for the thousands of acres of grain that are in the ground. Down in the Red River Valley the ground has been so wet that little grain has been sown, and then only on the high places.
At the north side Lutheran church last Sunday a class of catechisms was confirmed in German by the Rev. H. Kettler. The service was well attended and the duet ably rendered by the Misses Abraham received the most favorable comment on all sides.
STRAYED—From my home in Sec. 35, Twp. 153 Rge. 93, on Sunday night, April 22, two geldings, black, weight 1000 lbs., each one branded VP connected on right thigh. One branded 2B connected on left jaw. Liberal reward for information leading to their recovery.
E. F. Gline,
Minot, N. D.
The Second National Bank is now equipped with an up-to-date burglar alarm. The thing is set in motion with electricity, and makes a noise akin to the cross between Ernie Tompkin's old dinner bell and Paul Baukol's wood saw. Woe unto the fellow who sets off this alarm. To but touch the steel interior of the vault sets the thing a going loud enough to awaken the dead.
A. P. Scofield, the liveryman, was robbed of about \$128 early Thursday morning. He had been cashier of the Forester's hall and upon retiring left the money in his trousers pocket. The thief evidently had him spotted and knew the surroundings well, for he entered the house thru the open dining room window, carried the trousers from the bed room to the dining room, rifled them and left by the front door route.
Eight lots were sold in Glenwood and Summit Parks in one day last week by Dr. Crotat and Mr. Youngman. The south hill property is moving. The fact that Main Street and two other prominent streets are to be graded soon, up the south hill to the Fair Grounds and thru the two beautiful additions stimulates the sale of the lots. The easy terms on which these lots are sold makes them attractive investments.

GAMMONS FACES THE GRIM REAPER

L. W. Gammons, one of Minot's prominent attorneys, nearly met death at the Soo depot early Tuesday morning. After the social session of DeMolay Commandery, Monday night, Mr. Gammons went to the Soo to catch the early train for Minneapolis. Just as the train was pulling out, Mr. Gammons attempted to get on the train, and not noticing the tongue to the truck, tripped and fell between the train and the platform. Officer Lake stood near and when he saw Mr. Gammons fall, made a quick move and grabbed him just before he fell beneath the train. His legs were falling right under the train and in another instant he would have been ground to pieces. Mr. Gammons is a large man, was moved from his perilous position only by the Herculean efforts of Mr. Lake, who deserves great praise for his act.
Mr. Gammons was not hurt, and was placed in a bus and taken to the water tank, succeeding in catching the train which so nearly caused his death.
FOR CLERK OF COURT.
TO THE VOTERS OF WARD COUNTY:
I wish to announce myself as candidate for Clerk of District Court of Ward county on the Republican ticket, subject to your will June 10.
Yours Respectfully,
GEORGE J. SMITH.
Dr. Crotat and Frank Youngman have platted another new addition to Minot called Suburban Homes Addition to Minot. The lots are all lots 120x300 feet. Each lot if subdivided would make good sized lots. These large acre lots are designed for large beautiful homes for business men who like garden and shrubs and fruit trees, and have their own cow, horses and chickens. This Suburban Home Addition is also located on the South Hill between the Fair Grounds and Brooklyn addition and the lots are sold for \$200 each on easy terms, but each lot is as large as eight common lots. For sale by Dr. Crotat or Frank Youngman or The Renwald-Stoever Land & Loan Co.

A Swell Line of Buggies

Everything new and up-to-date. You don't want to buy anything but the correct styles, and we have them.

Road Wagons, Surries, Single and Double Seated Buggies and Rubber Tired Runabouts.

Our goods are the best that are made. Our prices are right. For instance, we can sell you a very good new road wagon for \$40.00. If you want anything better, we have buggies that sell as high as \$150.00. Our line is very large. Come in and see these rigs before you buy.

AUTOMOBILES—The Maxwell and Cadillac.

We have a whole car load of automobiles coming by May 1. We will be able to show you something fine in runabout touring cars, etc. Our automobile business has been brisk this season already, and it's going to be better. We can sell you just as good machines as you can buy in the East, and save you some money on them.

North Wm. Jones' Coal Yard.

CATALOGUE HOUSES ON THE RUN!

That's where we have them and if you want anything in the furniture line, we want to prove it to you. We can sell you cheap furniture, for less money than you can buy it from the catalogue houses. And when it comes to something good and substantial—well, I can safely say that you will hardly be able to secure anything real good when sending away for it, unless you pay more money for it, than that for which I can sell you the same piece. Isn't it quite a satisfaction also to be able to examine goods before turning over your cold cash?

This store was never before stocked with such an elegant and large assortment of furniture of all kinds. I will not guarantee to sell you anything below cost, but I will sell as closely as possible. The large increase in our business during the past year was due largely to our conducting the business on these lines.
