## INTERESTING FACTS WORTH KNOWING

A Home Properly Plastered with the Right Kind of Plaster Not Only Saves Fuel but Adds Comfort and Happiness to the Lot of the Sturdy Westerner.

It is a well known fact that the finer ground any cementing substance is the greater is its sand carrying capacity and ability to form a hard and durable wall plaster or concrete.

The aim of every Portland Cement manufacturer is to grind his cement as fine as possible, which increases its strength in concrete making. While the cementing quality of plaster is increased by the same treatment, no plaster manufacturer has given this most important process the attention it deserved until the manufacturers of "Hardernell Cement Plaster" installed a re-grinding process in their independent mill at Fort Dodge, which makes an almost impalpable powder.

This re-grinding process is original and controlled exclusively by the manufacturers of Hardernell Cement Plaster.

I am shipping in this plaster in car loads every week. No one buying plaster from me will get old plaster. I sell the genuine "Kelley Island" lime, "Atlas" and "Alpena" cement.

I also sell brick, cement blocks and "Rubberoid" roofing. This roofing is just the thing to cover barns, houses, granaries, sheds and outbuildings with. It is quick and easy put on and reasonable in price.

## Court at Williston.

District court is in session in Williston and many prominent attorneys are present. Sutton, from Minneapolis, is there to defend Slim Jones and Rose Dow.

To illustrate the advancement of Minot, J. W. Rode bought a lot six years ago for \$125 and receives each year \$180 rental for it.

Towner and Maxbass had a notable game of baseball Friday, the latter team winning; score 2 to 1. Towner had players from all along the line.

The Minot Tennis club has arranged for two local tournaments to be held in August. No prizes will be given, but the meets will be very interesting.

Mrs. Emma Smith, who is a niece of Mr. and Mrs. Thos. Clancy, has returned from Ohio, after an absence of two years, and is a guest at the Clancy home on the north side.

John Renz was in from Wayne with a load of new potatoes which he sold for \$1.25 a bushel. Renz believes its better to raise early potatoes and sell them for a big price than to sell late ones for a quarter a bushel in the fall.

A. C. Fisher and family have gone to Springdale, Ark., where they purchased a 320 acre fruit farm, 140 acres being in fruit. There are fifty acres of apple trees five years old. Fisher has been a good citizen and many are sorry to see him go.

Just south of the H. Benno farm is a bad piece of road, on the Ryder stage line. Mr. Benno frequently has pulled stuckloads out of that muddy place this season. Fifty dollars will fix it. Won't someone circulate a petition to hand to the commissioners? By the way; in front of the Ole Oen home there is a bridge with some large holes in it. It should be fixed immediately.

John Lynch, delegate, and Chas. Grow, former Grand Chancellor of the K. P.'s, attended Grand Lodge at Dickinson last week. About 125 delegates were present besides 75 members of the Rainbow order. Seven coaches were chartered and the delegates went on a pleasant excursion in the Bad Lands to Glendive, 125 miles. The Ladies' Quartette from St. Paul favored the delegates with music for the entire session. Dickinson is said to be a good, live town, a little on the order of Minot. It's very usual to see eight horses pulling in a wagon load of wool. Each year two million pounds of wool are shipped from Dickinson.

When a woman suffers from depressing weaknesses, she then keenly realizes how helpless—how thoroughly worthless she is. Dr. Shoop has brought relief to thousands of such women. He reaches diseases peculiar to women in two, direct, specific ways—a local treatment known by druggists everywhere as Dr. Shoop's Night Cure, and a constitutional or internal prescription called Dr. Shoop's Night Cure is applied locally, and at night. It works while you sleep. It reduces inflammation, it stops discharges, it heals, it soothes, it comforts, it cures.

Dr. Shoop's Restorative (tablet or liquid form) is a constitutional, nerve tissue tonic. It brings renewed strength, lasting ambition and vigor to weak, lifeless women.

These two remedies, singly, or used together, have an irresistible, positive, helpful power. Try them a month and see. Sold by A. P. Slocum, Druggist.
