## Straight Talks on Patent Medicines

The "Rexall" Remedies *deserve confidence.*

As all these remedies are grouped under one name, they must succeed or fail together. There must be no weak links in this chain. One unworthy remedy would mean disaster to the entire plan. If you, for example, purchased the "Rexall" Cough Cure and were not cured by it, how could we expect you to place any faith thereafter in the "Rexall" Dyspepsia Cure or any other member of the "Rexall" family?

You can understand, therefore, why such anxious care was given to finding and choosing the remedies to which the name "Rexall" was given. We have admitted none to this circle until our committee of experts had been convinced by investigation and test that it was the *best remedy known to medical science* for the ailment it aimed to relieve.

Who should know better than the leading thousand druggists of this country what are, and what are not, efficient medicines?

Remember, the success of our enterprise depends on the merit of *each individual* remedy. Our reputation, which is our very business existence is at stake. Can you doubt, that in buying a "Rexall" Remedy, you are buying the best that science and experience can give you?

Here are three prominent members of the "Rexall" family:

**REXALL "93" HAIR TONIC**

The famous Rexall "93" Hair Tonic is composed in chief of Resorcin, Beta Naphthol and Pilocarpin.

Resorcin is one of the latest and most effective germ-killers discovered by a science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which not only destroys the germs which rob the hair of its nutriment, but creates a clean and healthy condition of the scalp, which prevents the lodgment and development of new germs.

Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. It is not a coloring matter or dye--it produces its effect by stimulating the scalp and hair follicles to health and active life.

This combination of curatives mixed with alcohol as a stimulant, perfects the most effective remedy for hair and scalp troubles known to-day. Per Bottle, 50c.

**REXALL DYSPEPSIA TABLETS**

The remarkable success of Rexall Dyspepsia Tablets is largely due to the new and successful method of manufacture, whereby the well known properties of Bismuth Subnitrate and Pepsin have been combined with carminitives and other agents.

Bismuth Subnitrate and Pepsin are recognized by the entire medical profession as specifics for acute indigestion or chronic dyspepsia.

The Pepsin used is manufactured under a new process which develops its greatest efficiency. Pepsin not only supplies to the digestive machinery one of the most important elements of the digestive fluid, but it seems to exert a tonic influence upon the glands which supply all the other elements.

The carminitives add properties which promptly relieve pains caused by undigested food.

The combination of the whole makes a remedy absolutely invaluable to any man or woman suffering from dyspepsia--and not only a remedy, but a *cure* which works by gradually rebuilding and stimulating the glands which perform the digestive functions. Package, 25c.

**CHERRY JUICE COUGH SYRUP**

A new idea in Cough Syrups. This preparation owes its efficiency to the presence of Wild Cherry, Vinegar Squills, Bonaset, Horehound and Syrup.

All of these have been known for a hundred years as remedies for coughs and hoarseness.

In Rexall Cherry Juice Cough Syrup, all of these remedies have been combined by a process of manufacture that has blended them into a perfect medicinal harmony whereby the characteristics of each support and reinforce the others.

The pathological properties of each ingredient does its own particular work in easing the inflamed membranes, loosening the phlegm and setting up a condition of health in the bronchial and nasal passages.

One spoonful will relieve the inflamed membranes and temporarily stop the cough. One bottle will work a cure. It is exceedingly pleasant to the taste--children like it. Per Bottle, 25c.

Look for this Rexall Guarantee on each package: "This preparation is guaranteed to give satisfaction. If it does not, come back and get your money. It belongs to you, and we want you to have it."

PAUL V. McCOY, Druggist

**PERRY STOCKWELL'S FIRE.**

Burlington Man Loses Barn, Granary and Considerable Grain Besides Hay and Garden Vegetables.--Second Time He has been Burned out.

Fire destroyed Perry Stockwell's barn, granary and hay near Burlington Wednesday afternoon of last week. The fire is supposed to have started from a spark from the kitchen fire. He lost enough hay to last him all winter, 220 bushels of flax, 130 bushels of wheat and 150 bushels of oats, besides fifteen bushels of beans and a lot of garden truck. Mr. Stockwell was away at the time. He suffered a similar loss a year or so ago.

**Michael Flannigan Recognized.**

Michael O. Flannigan has been appointed traveling engineer of the Great Northern with territory from Granville to Williston. This is a new office that has been created and the company is looking for a man to fill the important position, selected Mr. Flannigan, one of the old trusted employees. Mr. Flannigan has been connected with the Great Northern at Minot for fifteen years and there is no more competent or more popular engineer on this or any other road. Mike takes his new honor with a good deal of modesty and is being congratulated by his hundreds of friends.

Oats are going up in price right along. The elevators having been paying 35 cents a bushel for them of late and they are scarce at that. One elevator man said he believed they would be worth 50 cents a bushel soon. The farmers did not raise hardly enough for their own use. At Ambrose, oats are selling for 65 cents a bushel.
