

## The New I. D. Horse Lift

Adds no extra weight to the horses and no extra machinery. Years ago the old foot and hand lift plows were the very thing, but are now considered back numbers. Be up-to-date and buy a modern plow. Remember! We have a most complete line of all kinds of Farm Machinery and Harness. Temporary Location, Minot Implement Co.

# TWO CARLOADS OF HERO FANNING MILLS

We are now plentifully supplied with the famous Hero Fanning Mills, so if you are contemplating investing in a mill this spring, we should be pleased to show you them. We will be more than pleased to have you compare our mill with any sold by any other firm. The Hero has always stood the test and with the late improvements, is better than ever.

## Why Should You Buy a HERO MILL?

- 1—Because it is guaranteed to separate succotash better than any machine in the world.
- 2—Because you can rid your field of wild oats.
- 3—Because it will take oats and wheat out of flax. Can you do it with your mill?
- 4—Because it is furnished with a large number of sieves for doing all kinds of cleaning.
- 5—One machine to handle all kinds of grain.
- 6—Oats from Barley.
- 7—Zinc sieves which do not rust.
- 8—Screens are 36 inches long and made of hardwood which insures the tack holding and keeping wire screens tight.

### Good Well-broke Work Horses

We just received a lot of the best work horses we have been able to buy for some time. They are all large, bred up, and well broken. They are young and in good condition. Horses are scarce this spring, so you had better buy early.

### Drills

Don't make a mistake in buying that drill. You may have the best seed in the world, your land may be the richest and in the finest shape, but unless you have a drill that does perfect work, your labor will not bring you the returns that it should. We have never had a customer complain of the work done by the Van Brunt drill, the kind we handle. It will be great pleasure for us to show you the workings of this drill.

We will simply say regarding our terms, that if you are right and want to do business, **OUR TERMS** we are in a position to give you satisfactory terms. We handle our own paper, and in that way you never are disappointed. We want fair treatment and can assure our customers the same.

Gilbert Westby had a narrow escape from being hurt last Wednesday. His horses were floundering in a snowdrift when the pole came down and stuck in the snow, upsetting the cutter. The horses became frightened and attempted to get away.

We wonder why Gilbert did not walk instead of riding when the roads are almost impassible, but of course, "circumstances alter cases." Isn't that right, Gilbert?

The snowdrifts are disappearing slow but sure, and inside of a week Mother Earth will have changed her snowy mantle for one verdant green! That is where the ground is not plowed.

The farmers are preparing for spring's work. Almost every farmer will seed a bigger acreage this spring than ever.

One good cutter with leather top and all modern appliances, for sale by Gilbert Westby, Drady, N. Dak. A bargain if taken at once.

Married—Sunday, March 10, John M. Johnson and Miss Oleana Moe. Mr. Johnson for three or four years, has been one of our prosperous farmers. Last fall he sold his farm and is now a brakeman on the G. N. Miss Moe spent some weeks here last fall and her friends are numbered by her acquaintances. May theirs be a long, happy and prosperous life.

H. A. Wickman purchased a team of horses last week.

The appearance of gophers and meadow larks are signs that spring must be on the road to N. Dak. It will, indeed, be a most welcome visitor.

Why not start the A. S. of E. meetings soon.

Hardy Cooper returned from Mo. Saturday. He brought ten horses for Wm. Hunt.

Peter Burg has gone to Harmony, Minn. He is expected to return soon with a carload of horses, cows and chickens, etc. Peter is a hustler and will no doubt make a great success of his farm.

Mrs. G. H. Berg, wife of our congenial merchant, met with a sad accident a few days ago, by falling into the cellar, breaking her wrist and dislocating a joint in her hand.

Mr. Knoakes mother and her son from Ill are among our latest visitors. I suppose they will be surprised to see us all have our ears and nose and no fingers frozen off.

Mr. C. E. Drescher and D. M. Shorb have just returned from Cando with a car of horses. It takes a good part of a carload for Mr. Drescher to replace the ones he had burned and shot last fall.

W. A. Culbertson is shipping a load of seed grain to western Montana.

Emigrant cars are being unloaded every day now at Surrey. The bad reports of N. Dak did not scare 'em all away.

Charles Holmes will soon have his new house under roof.

The German Baptist brethren are improving their church by taking off the plaster and putting on conk-board.

Our supervisors will soon have to be looking after our roads and get them in good shape for some of our "fine drivers." It will likely be nip and tuck between C. F. Eston, Bert McEwans, and C. E. Funderburg. Boys give half the road with your bicycles and automobiles.

### Tasker Titbits.

If this warm weather keeps on the farmers will be in the fields before many days.

A valuable horse belonging to Joe Heider strayed away last week and cannot be found.

It is said that the Tasker mine is going to be sold to a Philadelphia concern which is going to put in a plant to make briquettes.

"In 1897 I had a stomach disease. Some physicians said Dyspepsia, some Consumption. One said I would not live until Spring. For four years I existed on boiled milk, soda biscuits, and doctors' prescriptions. I could not digest anything I ate; then I picked up one of your Almanacs and it happened to be my life-saver. I bought a fifty-cent bottle of KODOL and the benefit I received from that bottle all the gold in Georgia could not buy. In two months I went back to my work, as a machinist, and in three months I was well and hearty. May you live long and prosper."—C. N. Cornell, Roding, Ga., 1906.
