NYAL'S StoneRoot COMPOUND

FOR KIDNEYS, BLADDER & LIVER

YOU probably take good care to keep your liver active; most people do. Do you ever realize that your kidneys need help, too? They do. And why should they not? They perform an immense amount of work removing the poisonous uric acid from the blood. If they do not act properly, general ill health results and chronic kidney diseases are among the most fatal known.

When kidney trouble is suspected take Nyal's Stone Root Compound. Better still, take it as a preventive of kidney disease. It is the greatest kidney and bladder remedy known to science—a genuine tonic and restorative that strengthens the kidneys, aids in eliminating waste products from the body, soothes irritation and brings about a normal condition of these organs. The price is \$1.00—smaller bottles 50 cts. We sell it and recommend it; and our customers know that we never recommend anything that is not richly worthy of their confidence.
