

# ROBIN HOOD AMMUNITION

NOT MADE BY A TRUST

You'll never know how good a marksman you are until you try Robin Hood Ammunition. The next time you go gunning take a box of our shells with you and try them. You'll be astonished at your gains in accuracy. You'll know then just what we mean when we tell you that Robin Hood Ammunition shoots straighter, kills further, gets there quicker, hits harder, and "kicks" less than any other ammunition.

## "IT'S ALL IN THE POWDER"

### HOW OURS WORKS

1. Its explosive force increases from breech to muzzle. The powder ignites and the shot is driven faster and faster along the barrel, reaching its greatest speed as it leaves the muzzle.
2. Robin Hood Ammunition has no lost motion; it does not kick, but applies the driving force to the shot, and not to your shoulder.
3. Robin Hood Ammunition withstands any climatic conditions, and is not affected by age.
4. Does not crush or disfigure the shot—gives a very even pattern—better killing circle. Will not lead, corrode, or otherwise injure the gun.

Our four brands of powder are:

- Robin Hood Smokeless, loaded in Robin Hood and Comet Shells.
- Peerless Smokeless, loaded in Clipper and Capital Shells.
- Rapidite Dense, Smokeless, loaded in Crescent and Autocrat Shells.
- Eclipse, Near Smokeless, loaded in Eclipse Shells.

We also make a line of Metallic Cartridges, 22, 32, and 38 calibre, that are without equal for target and gallery practice. They are loaded with smokeless powder and are adapted to all makes of firearms using these sizes. Buy Robin Hood Ammunition from any of the dealers whose names appear below. If that is inconvenient, write us and we will see that you are supplied. Send for our catalog, anyway.

Remember, we are the only ammunition manufacturers in America that manufacture Smokeless Powder and load the products of our own mills.

## CUT FLOWERS

On almost every occasion Cut-Flowers are appropriate. They carry felicitations to a bride, congratulations to a graduate, sympathy and love to the bereaved. The one feature which distinguishes the correct thing from the commonplace is the quality of the flowers.

### Fresh and Altogether Lovely

are our cut-flowers at all times. Our supply of Roses, Carnations, Violets and all other beautiful things of their kind, is full and complete. Brides' Bouquets, Wedding Decorations and Funeral Designs are specialties with us, and we give to everything the needed "touch" and quality which makes all our work just right.

VALKER'S MINOT GREEN HOUSE

## FREEDOM ITEMS.

Alfred Jylen killed a valuable horse Saturday.

A. L. Weber is digging a well. Although he is down over a hundred feet there is no sign of water.

C. M. Christenson is also digging a well. He is down over 250 feet and no water yet. This makes fourteen wells he has dug on his place and he has no water in any of them. Ole will have to move to Missouri.

Miss Gladys Foster is taking music from the U. S. school of music and is getting along fine.

The ground is covered with snow. This makes people pretty glum because they are short of feed for their stock.

M. Johnson entertained his brother from his old home, Henning, Minn.

Geo. Ringstad made a flying trip to Minot Saturday.

Allan Campbell is through hauling coal for the winter. He does not believe in hauling coal when it is forty below zero. He's a hustler and we wish we had more like him.

Tom Hegle has moved his family to the E. Smith place. Guess Tom wishes he had his old homestead back again.

John Wind lost a spotted pony and has not found it yet.

Miss Dena Spokke has gone to Grand Forks to attend college. Dena's friends are sorry to lose her.

The Union Ladies' Aid met at Mrs. W. R. Porter's place a week ago last Thursday. The next meeting will be held at Mrs. C. M. Christenson's Dec. 1.

A. L. Britten moves to town this week.

W. R. Foster is one of the lucky ones out Stringtown way. He makes about 30 pounds of butter a week.

The young ladies had a surprise party on Miss Beril Christenson, it being her birthday.

Ole Tofner is going to move to Minot. Sorry to lose you, Ole.

## STRINGTOWN.

Mr. and Mrs. G. Anderson spent Sunday with S. K. Witham.

Oven Carpenter called at the Tromblee home Sunday afternoon.

Some of the people that were so anxious for literary to start, better help start it.

Quite a number of friends called on Mrs. Lamphere last week, she is doing quite a business.

SURREY NEWS.

Don't forget the Farmers Institute Dec. 6.

Grandma Perry entertained her children at dinner Monday in honor of her eighty-eighth birthday.

Miss Carroll of Minot spent Thanksgiving with her friend, Mary Kallagan.

Mr. and Mrs. McKane and Dan spent Thanksgiving at the O. M. Champlin home.

Services were held in the churches today for the first time since the epidemic broke out. There are no new cases and several are now out of quarantine.

## AN IMPORTANT BUICK ANNOUNCEMENT.

There appears in this issue an advertisement of the Pence Automobile Company, Minneapolis, exclusive Northwestern agents for the Buick automobile, which smacks of real enterprise and which like a fanfare of trumpets, resounds the good tidings of future Buick importance in the automobile world.

The announcement by the Buick company of a successful coup in the financial marts of the world, which gives the concern a new impetus and added prestige in the automobile world, after all is only incidental. The success of the Buick company and the efficacy of the Pence Automobile Company system of marketing these machines in the Northwest during the past five years stands as a monument to indefatigable effort and is indicative of thrift that is incomparable in the annals of automobile industry in the United States.

The Pence Automobile Company has sold this year over 2,000 cars. The Pence Automobile Building in Minneapolis is the largest exclusive automobile structure used for sales purposes in the world. Buick cars for 1911 will show the result of the greatest effort all along the line on the part of the best trained engineers in America.

There is Buick enterprise in every detail of Buick business and at no point in the world is this Buick enterprise so strongly reflected as at the great home of Buicks in Minneapolis—the Pence Automobile Company's headquarters, Minneapolis, Minn.

Mr. and Mrs. Wm. Freehan of Glasgow, Mont., are spending the week in Minot with friends. They came to attend the funeral of Mr. Freehan's little sister, Helen.

D. D. Sullivan, of Fargo, was in the city Tuesday, looking after the affairs of his optical factory.

Frank Busek, who lives a short distance north of the city, has six quarters of land and is considered one of our most prosperous farmers.

The state board of outometry met at Grand Forks Nov. 25, at which time several members were suspended for non-payment of dues.

The election of officers of Tyrian Chapter, No. 14, R. A. M. will be held Dec. 7.

Andrew Anderson of Roseglen, passed through Minot Saturday on his way to the eastern part of the state to visit friends. He will probably go back to Norway to visit his old home.

A rabbit strayed onto the Granville streets and was chased by several dogs.

The Cando Herald has been sold by the Flint brothers to George B. Denison.

You can depend on perfect fit, style and the best of workmanship if you have your clothes made at Schlew...

## A WORD FROM SMALLWOOD

TO MR. FARMER

NOW, that you are through with your work and are sitting around your fireside, and have time to figure how to make a dollar before the next crop comes, let me put you wise to a little plan that others have tried with my help, and found it worked fine.

You all need Groceries. You all have catalogues make up your Grocery list. Figure what the other fellow is going to charge you. Bring in your list to me and I will make you more money than you expected.

You all know my goods, and know that they are the best to be got, and when it comes to prices I can skin them all. And you see what you are getting before you pay your money.

No order too large or none too small. Try me on this and you will find me right.

Yours,

SMALLWOOD
