

THE "ROELL"

Self Feeding Lignite Gas Burner

After years of experience in the stove business, we have found what we believe is the most perfect Lignite burner so far discovered.

It is fed and operated the same as a Hard coal Base Burner and has an extra deep fire-pot, together with a large open mouth magazine, so that it will hold three loads of Lignite coal at one filling.

The fire travels downward and around the base of the stove, insuring warm floors which means warm rooms.

Perfect combustion of fuel is obtained by the admission of air in and around the top of the fire Lowl, mixing with the gas that is being extracted from the coal and causing it to burn, making a steady heat instead of allowing the gas to be smoked out of the chimney thereby waisting 40 per cent of the fuel.

Just think of saving 40 per cent of every ton of Lignite coal which would otherwise be wasted in ordinary Oak and straight direct draft Stoves.

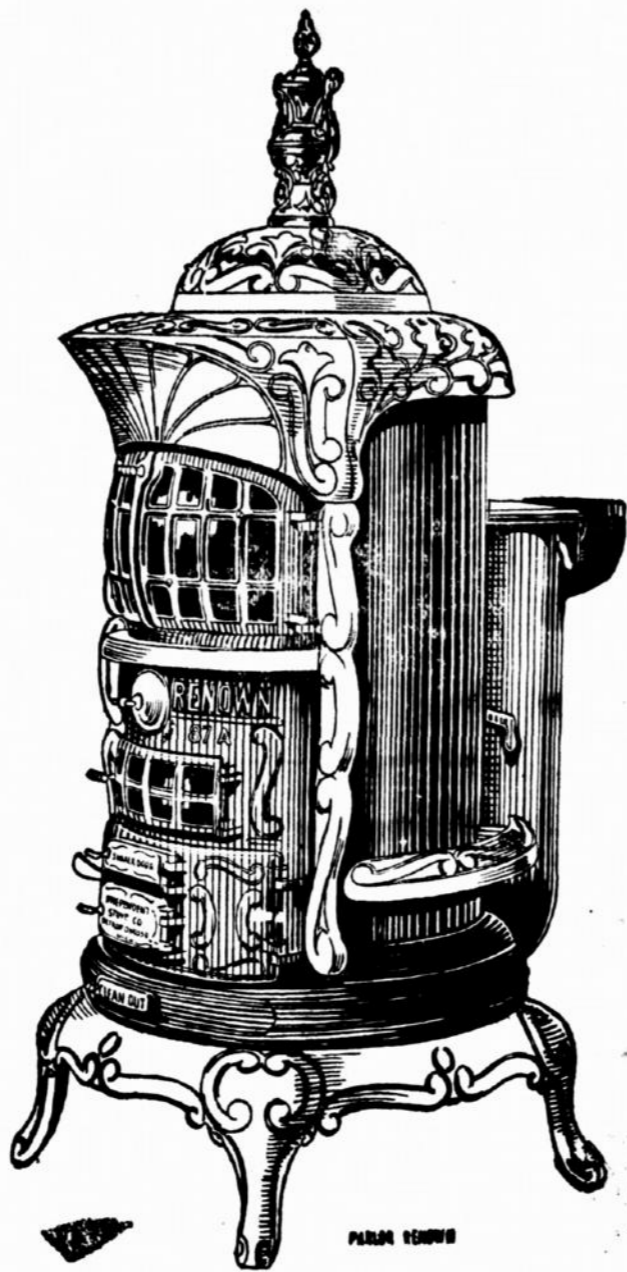

We have one of these stoves in operation in our store and would like to have you inspect it, whether you are in need of a stove or not.

It is beautifully trimmed and ornamented, making it suitable for the finest home and giving you the same satisfaction as a 65.00 or 70.00 hard coal Base Burner.

The cost of operating this stove is only two-thirds of what it would cost to operate a Hard Coal Burner.

If you intend buying be sure and see this wonderful Stove before you make your selection.

We will guarantee that it will heat more cubic feet of space hotter and quicker and with less fuel than any Stove on the Market.

Roell Hdw. Co.

DISTRIBUTORS FOR MINOT

STRINGTOWN.

L. Zora and lady called on Gus Anderson's Sunday.

Mr. and Mrs. Carpenter and son Ralph took dinner with L. B. Shay's Sunday.

Nye Taylor returned to his work with the threshing machine Saturday. He came home to attend the school entertainment and see Ella safely home.

B. C. Witham took a load of spuds to Minot Monday.

H. Cormany took a load of grain to the Magic City Monday.

Ross says he wishes school would last forever.

The smiling face of Spencer Witham will be missed, as he has gone to Austin, Minn., to attend the state normal school. He left his personal property in the care of Cleo Vanetti.

Geo. Cormany was at Witham's store Saturday looking very lonely.

Miss Olson visited at Tromble's Sunday. Miss Merle Tromble is a little lonely nowadays.

Miss Tillie Mostad went away Monday to attend to some urgent business, that of making wedding garments.

Mr. Bevins was at Witham's store Monday buying ham for the threshers.

Miss Olson's term of school ends this week. The entertainment given Saturday night, assisted by Miss Nelson's school was a grand success. The teachers deserve much credit, as well as the pupils. Miss Olson won many friends here.

Mr. and Mrs. S. K. Witham visited at W. R. Foster's Sunday.

Miss Dena Spokelle and brother were shopping in Stringtown one day last week.

LAND BARGAINS.

I have three farms for sale or trade in Minnesota. My client would like Ward county farms.

1—Farm, three miles from Ebro, Minn., with \$1,000 mortgage, due in five years, at 6 per cent. Will trade this farm at \$20.00 per acre.

2—Farm, 11 miles northeast of Bagley, has mortgage of \$1,000 due in 5 years, at 6 per cent, has house and barn. Will sell it for \$15.50 per acre.

3—Farm, 10 miles north of Leonard, has \$500 mortgage, due in 5 years, at 7 per cent, has house and barn and some good timber on it. Will sell for \$15.50 per acre. E. H. Stenvick, Room 1, P. P. Lee Bldg.

A TRUTHFUL FARMER.

John Helset, a north prairie farmer, paid us a visit Tuesday. Mr. Helset is of the opinion that the average farmer in this section of the state, is just learning how to make the farm pay. He has cut out a good deal of wheat raising and is now growing corn and fall rye. He has 30 acres of the latter that looks first class. He says that had he raised more corn and sown more fall rye a year ago, he would not have minded the crop shortage much. As it is he is getting along well. He has several good milk cows, and will get more, raises two or three colts each year, so does not feel like complaining. He has paid his compliments to North Dakota in times past, but is just awakening to the fact that he himself has been to blame. We are going to watch John's smoke.

NINE MILES OF SIDE TRACK.

The Great Northern Railway Co. owns nine miles of side tracks within the city limits of Minot which are assessed at \$16,000 a mile. The Great Northern must necessarily pay a considerable tax.

MANY DYING AT MOOSEJAW.

Two carpenters who brot a companion from Moosejaw to this city ill of typhoid fever, to place him in the hospital, tell a sad story about the sickness from the fever in that city. There are several hundred people ill from the disease there at the present time, and many are dying daily. There are rows of newly made graves in the cemetery. The water supply at Moosejaw is very poor.

PROGRESSIVES GETTING BUSY.

R. A. Nestos, Gov. Devine and other progressive republicans will go to Bowbells Monday, where a progressive republican league of Burke county will be formed at two o'clock. The speakers will go to Crosby the following day, Tuesday where the Divide county progressive league will be organized, at two o'clock.

HIGH PRICE FOR GRAIN.

The elevators were paying \$2.21 for flax Tuesday and a cent less the following day. Wheat reached the dollar mark in the local markets Wednesday.

Showers Wednesday afternoon put a damper on threshing operations again.

FOLSOM SELLS INTEREST.

A. W. Folsom has disposed of his interest in the Leland pool hall to his partner, I. G. Empey. Mr. Folsom has a great many friends about the city who regret the move on his part.

BLAKEY'S DRUG STORE MOVES.

A. S. Blakey, one of the pioneer druggists, has moved his stock from his Main street block to a room in the Lexington hotel block. We understand that he will lease the room he vacated.

CATTLE SOLD AT HIGH PRICE.

Wm. Gibb, Sr., the well known Missouri rancher, returned from St. Paul, where he took several carloads of grass fed cattle. He sold them for \$5.25 per cwt., which is an unusually good price. One three year old steer brot \$59.

Mrs. Wm. E. Burke, of Waterford

township, was in Minot Monday making final proof on her homestead. This is the last claim to be proved up in that township. Although all the other Waterford homesteads were proved up in the usual way, Uncle Sam wants to give Mrs. Burke patent to the surface only.

Leslie Thorson, the twelve-year-old son of Landford Thorson of the European hotel at Ambrose, was injured so seriously while playing about some shafting at the Grano elevator, that he died. With some other boys, he was holding to the shaft between the main building and another, when his glove caught and he was whirled around rapidly, his body striking the ground at each revolution. His playmates notified the engineer who stopped the machinery when the boy was extricated. Fourteen ribs were broken and a knee unjointed. He received internal injuries besides, which caused his death.

Fifty carloads of cattle were shipped out of Ambrose Saturday bound for Chicago.

Guy L. Scott, formerly of Ambrose, expects to launch out in the real estate business in Minot soon.

GUST JOHNSON WRITING VERSES

Gust Johnson, who is confined in the Ward county jail, awaiting trial, charged with the murder of John Gash, sends us the following lines:

Ward county jail, Oct. 11.

Dear editor:—

As I saw my last letter appear in your valuable paper, I will write a few more lines for some of the readers of your honorable paper:

In speaking of a person's faults,
Pray, don't forget your own;
Remember those with houses of glass,
Should never throw a stone.
If you have nothing else to do,
But talk of those who sin,
Tis better you commence at home
And from that point begin
You have no right to judge a man
Until he's fairly tried.
You may have faults, and who has not,
The old as well as young
Perhaps you may have fifty to their one.
I will tell you a better plan,
And one that works full well,
Just try your own defects to cure,
Before of others tell.

Gust Johnson.

There is on deposit in the Minot Postal Saving bank the sum of \$1500, which amount is large considering that bank has been established but a few days. We don't know whether any of the Minot newspaper men have deposited any of their surplus funds in that bank or not. For one, we didn't.

J. Sherman McClory has been appointed register of the Devils Lake land office. He is a son of Mayor F. J. McClory. It would seem that there is very little need of a land office at Devils Lake.

North Dakota got the lion's share of the claims in the recent Bertaold drawing. Out of the 6000 names drawn, 4188 are from this state. Minnesota comes second with 1018. There are 145 from Illinois, 148 from Iowa, 141 from Wisconsin, 28 from Ohio, 59 from South Dak., 84 from Missouri, and 59 from Montana, besides a few from nearly all of the other states.

D. C. Greenleaf has been given a warrant for \$1000 by the city for damages to his Eastwood Park property, caused by running a sewer line across it.

Dr. M. H. Scholberg, who was recently elected city commissioner, has qualified, and is head of the department of streets and public improvements.

R. T. Porte formerly with the Porte Printing Co., of Fargo, has gone to Cincinnati, O., where he is giving his exclusive time to the cost system business. We notice that he is secretary of the Ben Franklin Club of Cincinnati.

John Schaufus has dug 200 bushels of potatoes from half an acre. One of the potatoes brot to the city weighs just three and a half pounds.

Wm. Hodges, the Sawyer merchant, was in the city to-day. "Billie," who is one of the best fellows in existence, reports business a trifle dull down his way, but everyone is firm in the belief that the big show will wake its rounds next year.

D. H. Funderberg and family will leave Minot next Tuesday for California, where they will spend the winter, and possibly live permanently. The good will of the entire community in which they live will go with them.

LET'S CHECK 'EM UP

The county commissioners have checked up the county officials and have found their offices in excellent shape. Now what's the matter with checking up the commissioners?

The firm of Gagacki & Roideaux, wholesale candy manufacturers, has dissolved partnership. Mr. Roideaux remains in the business. Mr. Gagacki will return to Minneapolis.

LITTLE WHEAT GRADES NO. 1

The A. A. Robinson Elevator Co. reports that to date just one man has brot in wheat that graded No 1. He is a Brady farmer. The other wheat has graded No. 2, 3, 4, rejected and no grade. The "no grade" wheat has been selling for 71 cents per bushel. Considerable grain has been marketed during the week, tho to day's rain will stop threshing for a day or two.

Joe Black, a German farmer, was run over by his wagon near Berwick. The bones of his legs and several ribs were broken. He was taken to the Rugby hospital where he is recovering.

Sherwood will have a new fire hall. The Glenburn band will soon begin its fourth year of existence and it is growing better all the time. The boys promise to do some good work during the coming winter, if the business men will give it the proper support.

More men are needed by the threshing crews near Glenburn.

bird dog to C. H. Parker of Minot for \$125.

The Devils Lake World thinks that swearing men will use the expression, "Not by a Minot normal school site" pretty soon if the trouble does not end.

KEAVIN'S DEPARTMENT STORE

The House of BARGAINS

Never were truer words spoken than the words "House of Bargains". The store that will give you more for your money than any store in the Northwest and at the same time you are sure of getting the newest goods and the most popular styles of the season.

Dry Goods Department

Anything desirable in the Dry Goods line can most always be found here and at the lowest possible price. It is a pleasure to us for a customer to compare prices and quality with the other stores. We never fear the results and in practically every instance make a good customer. It is a pleasure to show our goods as we have full confidence of the result.

Cloaks and Suits

We are kept busy in this Department, selling the latest styles and best qualities at a saving of from \$5.00 to 10.00

on a garment this year has appealed to the people with the result we have been compelled to duplicate orders already where we had figured we had bought enough.

MILLINERY

ABOUT

One---Half
REGULAR
PRICE

we are asking this season with the result we are doing an immense millinery business.

No lady can afford to overlook this Department

Popular Prices

make a popular store, and this store as a result is more popular every day than the day previous.

You can make no mistake when you do your trading at

The Store for Bargains and Fair Treatment
