AROUND THE STATE

Chas. L. Duncan left Tuesday for Columbus Junction, Ia., after finishing the threshing on his farm. Mr. Duncan is no longer a "tenderfoot," having been out in a real North Dakota blizzard. While here he took his coat off and threshed nineteen days.

Glenburn hotels were so crowded with transients early in the week that the marshal allowed the pool halls to remain open all night that the laborers might have some place to stay. The city hall was full of men, many sleeping on the floor. Tuesday morning's Sherwood train carried 400 passengers and by the time it rived at Glenburn, it became necessary to stow away the passengers in an extra baggage car.

Alois Kraemer, a local shoemaker, went to Canada several weeks ago with a wad of money, intending to invest in land. As he has not returned, his friends have become alarmed.

A fine baby girl was born Oct. 28, to Rev. and Mrs. W. H. Hartman of the German Evangelical Lutheran church.

Geo. Hoover was down from Glenburn Wednesday. He said that fully fifty threshing hands came down on the train as they intend to leave this section of the country. Some have gone up near the Canadian line where no snow fell and where threshing operations have been resumed.

Mr. and Mrs. L. A. Tryon of Sawyer left Tuesday for Wesley, Ia., where they will make an extended visit with the former's father, Rev. A. L. Tryon. The old gentleman is 89 years of age and hale and hearty. They will later go to Kingston and Rockford, Ill., returning in the spring.

The police have been making good use of the city prisoners, compelling them to shovel snow off the walks.

The Bottineau Courant contained last week a page political advertisement from John Haskett, the editor and publisher, who was a candidate

for county judge. John's picture looked just as natural as John does when he is going to—tell a story, for instance.

John Ringling, one of the famous circus brothers, has bought 400 blooded horses, 1200 fancy cattle and 7500 sheep, grown on a North Dakota ranch. These have been shipped to the Birch Creek ranch in Montana, which is owned by Ringling.

A Sheldon farmer has a field of over five acres of navy beans ready for threshing and the Progress thinks that hamlet may eventually rival Boston as a bean center.

Last week Al Mordan, employee in the Zema pool hall at Portal and Chas. Ford, employee in the Kennedy meat market at the same place, appeared before Justice Randall at Bowbells and were bound over to the district court on the charge of looting the freight depot and box cars at Portal. The arrest of Ford and Mordan makes a total of thirteen who have been arrested on the same charge, all having received a fine of \$100 and costs. "There could be no better medicine than Chamberlain's Cough Remedy. Our children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. A. A. Donaldson of Lexington, Miss. For sale by All Dealers.

California Girl a Wonder At Long Distance Swims

Photos by American Press Association.

WITH tears of happiness and sobe of relieved anxiety the mother of Nellie Schmidt clasped her daughter into her arms and rained kisses of joy upon her. Nellie, who is the champion woman swimmer of California, had just safely completed the feat of swimming around the famous Seal rocks, off the Cliff House, San Francisco. For those who do not know this is considered a dangerous task for even the most expert of male swimmers. Miss Schmidt swam the mile against strong tides and ripping currents in 34 minutes 50 seconds. Her other feats of importance were as follows: Aug. 20, 1911, crossed Golden Gate in record time of 42 minutes; Aug. 11, 1912, crossed San Francisco Bay in 3 hours 6 minutes. Her swim conclusively proves the right of her claim of being the woman speed champion in open water. It is doubtful if even Miss Vera Neave of England, holder of the world's mile record, could outdistance the Alameda wonder.
