### LOGAN MURMURS.

We regret the absence from these  
 columns of enlightenment, of the  
 sweet murmurings which reflect the  
 placid and prosaic proceedings which  
 animate Logan and vicinity, but the  
 strenuous season of sowing, that we  
 may reap, and eat when the chilly  
 mornings approach, forbade the use of  
 precious moments, even to emphasize  
 our existence on the map of impor-  
 tance.  
 Burlington delights in burlesque. Af-  
 ter feebly retracting the extravagant  
 claim to the title of Cabbage King,  
 reference is made to Logan's possible  
 envious spirit being aroused by the  
 dream of Burlington's possession of a  
 brass band, a baseball team and a  
 clean-up campaign. Yet these same  
 columns proclaim the desire of Bur-  
 lington some day to enjoy such evi-  
 dences of superiority. The clean-up  
 campaign suggests that Minot's exam-  
 ple has aroused the initiative faculty  
 of the ambitious ancestors (accord-  
 ing to Darwin) without the ability to  
 succeed, the brass band is a brassy  
 idea alright, and the baseball team  
 has yet to meet Logan. Come again,  
 Burlington brother.  
 We speak of nocturnal slumber, 'tis  
 nature's season of rest, but there are  
 those who are prone to take a nap  
 surreptitiously during the hours set  
 apart for labor. Friend Bean recover-  
 ed from the ill effects of falling from  
 a plow on the Deputy Marshal's farm  
 south of us, recently.  
 Rev. Rood of Minot Congregational  
 church will conduct service at the High  
 School next Sabbath day, May 31, at  
 3 p. m., when all should endeavor to  
 attend. A cordial welcome is extend-  
 ed and the seating accommodation  
 while comfortable, is in no way lim-  
 ited.  
 Mrs. Chaffield, who for the past two  
 years has been a resident of King  
 George's northern possession, is the  
 guest of Mrs. Murphy of Riverside  
 avenue.  
 The Logan baseball team is an es-  
 tablished fact. Last week end a game  
 which drew an enthusiastic crowd  
 from Sawyer and vicinity, afforded  
 considerable satisfaction to Logan  
 supporters. Sawyer secured the deci-  
 sion alright but the game was interest-  
 ingly even and not until the last in-  
 nings was the issue beyond doubt. Dr.  
 Darland and Mrs. Darland, Mr. Mur-  
 phy, Havlena, Miss Fitzpatrick, Mrs.  
 Fulmer were among Sawyer's elite  
 who attended.  
 We have no desire to be considered  
 old-fashioned and therefore acknowl-  
 edge the automobile is a necessary  
 evil. But despite persistent protests,  
 appeals and suggestions, there are still  
 many navigating cars who exhibit a  
 reckless selfishness, an indifference  
 for the rights and safety of others,  
 who bring discredit upon drivers as a  
 body, that one would expect some  
 drastic action would be taken by the  
 governing club. Twice within the  
 past week accidents due entirely to ex-  
 cessive speed have endangered life

and damaged property belonging to  
 local farmers. In the neighborhood  
 of Oak Grove Farm, Vic Teets was de-  
 liberately run down and the driver  
 stopped not to enquire what injuries  
 resulted, and Mr. Gadbald was also the  
 victim of a road hog's escapade. It  
 is not safe for womenfolk to drive on  
 the main highways and Logan's good  
 roads are to be enjoyed only so long  
 as the rights of those who build and  
 maintain them are respected. It will  
 be an added expense to upkeep if resi-  
 dents take the law into their own  
 hands.  
 Mrs. Wellman of Forrest City, Iowa,  
 was recently the guest of her daugh-  
 ter, Mrs. Freeman Cook of Oak Grove  
 Farm. The good dame, who has en-  
 joyed 84 summers, finds in Logan air  
 the elixir of youth.  
 Mr. Gregg Riley of South Prairie  
 has recently completed a deal where-  
 by he acquires the valuable Sid Street-  
 ward holdings in the business portion  
 of the town. He intends, during the  
 fall, to erect a handsome residence  
 and become a citizen of a live centre.  
 Paul McCoy who has business inter-  
 ests in the city west of Logan, recent-  
 ly deviated from the straight and nar-  
 row path and found his car in Cook's  
 sand pit. Jim Egan was called from  
 the seductive pillow to haul out the  
 gasoline consumer and the merchant  
 prince averaged 8 miles an hour, any-  
 way, for the next eight miles.  
 Minot was busy on Saturday last  
 with a throng and bustle everywhere.  
 Nearly all Logan was within the Mag-  
 ic Sphere.  
 Elder Sparling preached to a large  
 congregation at the High School on  
 Sunday evening last. The subject of  
 his address was a defense of the Book  
 of Mormon and Doctrines and Coven-  
 ants of the Latter Day Saints, with  
 special reference to one whose relig-  
 ious views were not altogether in ac-  
 cordance.  
 We wonder why the Sawyer ball  
 team placed all its best hitters to  
 follow on in that last inning.  
 Mrs. Howard entertained the mem-  
 bers of the Good Samaritan club on  
 Thursday afternoon. Many friends  
 also attended and work good and use-  
 ful, was the program. An enjoyable  
 lunch, daintily served, a delightful vi-  
 sit and a real good time was afforded  
 each and all.  
 Mr. Light, our local blacksmith, has  
 gained a reputation for good work ex-  
 ceedingly and economically accom-  
 plished. Logan needed a blacksmith  
 and now has an efficient man deserv-  
 ing of the support of the farmers in  
 the vicinity. We regret that refer-  
 ence to the Christian and the plow lay  
 should have aroused the charity !! of  
 some, but they but emphasize that we  
 are more inclined to hate one another  
 for points on which we differ, than to  
 love one another for points on which  
 we agree. But truth compels us to  
 admit Light is a good smith.  
 Messrs. J. C. Oard & Son have now  
 an entirely new stock of goods un-  
 loaded and the local departmental  
 store is a veritable pocket edition of  
 Sears, Roebuck & Co.

Mrs. Anna Beebe, our popular post-  
 mistress, and family are visiting at  
 Humboldt, Ia. Ed Beebe is seriously  
 ill with an attack of pneumonia.  
 Elmer Cook has recently, by the addi-  
 tion of an ornamental fence, vastly  
 improved the appearance and value of  
 his town property. Elmer is raising  
 garden truck and chickens and is con-  
 sequently a busy man.  
 We understand that a meeting of  
 residents is shortly to be called for the  
 purpose of discussing what action shall  
 be taken to prevent Minot using the  
 Mouse river as a sewage canal.  
 Has. Secy. Hollenga any definite  
 ideas as to the establishment of a  
 public market in Minot?  
 We cannot all at all times see eye  
 to eye on all things and it is also true  
 that while knowledge is proud that it  
 knows no more. Humility becomes  
 a Christian spirit and the first, last  
 and most fatal sign of false religious  
 teachings is "puffing up." Converted  
 children who teach their parents, con-  
 verted convicts who teach honest men,  
 converted dunces who, having lived in  
 stupefaction half their lives suddenly  
 awakening to the fact of there being  
 a God, fancy themselves therefore His  
 peculiar people and messengers sec-  
 retarians of every species, small and  
 great, in so far as they think them-  
 selves exclusively in the right and oth-  
 ers in the wrong, and those who hold  
 that men can be saved by thinking  
 rightly instead of doing rightly, by  
 word instead of act, and wish instead  
 of work, these are of the corrupt and  
 corrupting who have but poor concep-  
 tion of the great lesson which the  
 world has to learn that the true church  
 in its widest sense is to be found  
 where ever one hand meets another  
 Helpfully and this is the noblest,  
 which ever was or ever will be. And  
 we spell Helpfully with a big H.

The ball game last Sunday between  
 the Harvey and Burlington teams was  
 far and away the best game seen on the  
 local diamond in years. The Harveyites  
 were a fast bunch but had it not been  
 for a lucky swing by Turney, Harvey's  
 catcher, the game would have been  
 over never had a chance to in-  
 spect the colors of the home plate. In  
 the fourth inning with two men on  
 bases Turney smashed one out over the  
 fence and all three ran in.  
 Our only score was made by Wendt in  
 the seventh.  
 The game was fast from start to finish  
 and patrons got value received for their  
 money.  
 If we can continue at our present clip  
 lovers of the game may be assured that  
 we shall have the best series of games  
 this season Burlington has ever produced.  
 According to the sporting editor of the  
 Optic-Reporter, last Sunday's game was  
 scheduled as the Burlington-Harvey-Ray  
 game to be played at Ray. No wonder  
 Minot is such a hot baseball town with  
 such a sporting editor to boot.  
 The game was a real eye opener. We'd  
 prefer to make it a high dive into the  
 pond at the brick yard if said editor  
 can't stop this way.  
 Doc Spillane of Minot played in fine  
 form Sunday and the boys were glad to  
 see the genial twister decorate the  
 mound for a few innings in Sunday's  
 game.  
 Hurray for No Man's Land. The Old  
 Settlers' picnic begins June 22 and con-  
 tinues until the Fourth. We especially  
 understand that the association will be  
 held the erection of a large dancing pavil-  
 ion.  
 We expect to have all the particulars  
 to give you in the next issue. Anyway  
 it would be well to fatten up a few  
 dollars on the picnic. On the day  
 gathering this year is to be a regular  
 hum-dinger, according to Martin Jacob-  
 son, notwithstanding the fact that  
 Martin usually sprinkles a plentiful  
 supply of blue sky in his statements, he gets  
 the main facts before the house.  
 The Burlington baseball team is  
 scheduled for the following games:  
 Burlington vs. Harvey at Harvey,  
 May 31.  
 Burlington vs. Portal, at Portal, June  
 3.  
 Burlington vs. Glenburn, at Glenburn,  
 June 7.  
 Burlington vs. Glenburn at Burlington,  
 June 14.  
 Burlington vs. Velvea at Burlington,  
 June 24.  
 Burlington vs. Des Lacs at Burling-  
 ton, June 26.  
 Burlington vs. Harvey, at Burlington,  
 June 27 or 28.  
 The above are the datings already ar-  
 ranged. Future bookings will be an-  
 nounced as fast as made.  
 June 3rd will be a Red Letter day for  
 Burlington. On the evening of that date  
 Prof. Hollis will give his celebrated il-  
 lustrated lecture on Rural Conditions at  
 the opera house. The lecture is worth  
 the price of the ticket. We especially
