

A Big Snap in Farm Lands

FARM No. 1

Choice farm of 640 acres located one and one-half miles from Foxholm. 500 acres of this land is under a high state of cultivation, and 175 acres on this farm is summer fallowed and now ready for spring crops and is in A1 condition. Just an ideal farm with some man that has some boys. There is a coal mine on the land adjoining this farm with a ten foot vein of first-class coal.

Also have a 45 horse-power mogul engine with an 8-bottom Oliver plow and a 36x56 J. I. Case separator, run one season, that I can include in this deal.

Can divide this and make two half section farms but prefer to sell it as one farm, as it is nicely located and makes a fine farm in one block.

FARM No. 2

Also have a farm of 780 acres located one and one-half miles from Foxholm. There are 525 acres broke and under cultivation on the farm and which has 100 acres summer fallowed and ready for spring crops.

This would make an ideal stock farm as there is about 160 acres of fine pasture land with small trees and springs that furnish plenty of good water.

I also have a Big 4 gas traction engine and a set of 8 bottom Emerson plows I can include in this deal. I prefer to sell this all together but can divide it into two farms as there is two sets of buildings on the land. The prices and terms on either of these farms will suit you. Reason for selling: I have more than I can look after as I have other business that requires my time and attention.

BARGAIN No. 3

Also have for sale 165 acres of coal land at a snap, including mine and all mine fixtures, located in the village of Foxholm. There is a ten-foot vein of first-class coal under this land and it has a trackage of about 2500 feet on the Soo line. Mine entrance is about 400 feet from railroad, and would have good local trade all the time.

May Call No Special Election. It is quite probable that the city commission will call no special election, inasmuch as the spring election is not far away, and the members desire to save the expense that such an election would incur. The petition for recall has been tabled, temporarily, at least.

What Would You Do? There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

Julius Fauchald in New York. Julius Fauchald and family, who have been living in Norway and Germany for the past two years, arrived in New York city Saturday, where they will make their home for a period. Mr. Fauchald will arrive in Minot soon to look after his extensive interests.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scour. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!
