

A mistaken idea

It's not how much you pay for your suit, but how well it fits, looks and wears.

Many a young man is of the impression that he must pay at least \$25.00 to get a good suit. In some makes that may be correct, but in Clothcraft you will find style, fit, comfort and guaranteed all-wool material for \$15.00 to 20.00.

The Clothcraft Blue Serge Special at \$20.00 has been taken for a \$25.00 value by men who consider themselves good judges in the buying of clothes. And it would be a good value even at that price. Better come in and try one on.

Results Tell

There Can Be No Doubt About the Results in Minot.

Results tell the tale. All doubt is removed. The testimony of a Minot citizen Can be easily investigated. What better proof can be had?

Mrs. G. P. Wartchow, 715 Valley St., Minot, N. D., says: "I was in bad shape with kidney complaint. My back ached a great deal and got so weak that I couldn't lift the lightest weight. At times I had sharp pains through my kidneys. The pains were always worse if I tried to stoop and when I brought any strain on my back. The kidney secretions were in bad shape. A friend told me to try Doan's Kidney Pills and I got a box. They soon gave me relief. I took three boxes in all and was cured. Once in a while since then I have taken a box of Doan's Kidney Pills as a kidney tonic. I have seldom had any further need of a kidney medicine, however, as my kidneys have been in fine shape during the past five years. I have given a public statement before telling how much good I have had from Doan's Kidney Pills and I am glad to confirm that endorsement now."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wartchow had. Foster-Milburn Co., Props., Buffalo, N. Y.

MISSIONARIES OF THREE STATES TO GATHER.

When the Missionaries and District Superintendents of the states of Minnesota, North Dakota and Montana gather in the Y. M. C. A. at Fargo in their annual conference, Oct. 27th to November 3rd, it will bring together the largest force of paid Sunday school workers ever assembled in that state. These men represent more than 700 Union Sunday Schools in our rural districts of the three states over which they travel, where there are approximately 25,000 enrolled as regular pupils. In addition to these schools there are about 300 preaching stations where they go with more or less regularity, making in all about 1,000 neighborhoods to which they minister in the most remote places in the Northwest. Rev. John O. Ferris, of Minneapolis, District Superintendent, reports that a very strong program is arranged, where subjects pertaining to the rural church life will be discussed by men of national reputation and well known ability; among others Rev. Geo. P. Williams, D. D., Secretary of Missions; Prof. Jas. McCaughy, Managing Editor of the Publications, both of Philadelphia, will be present. Rev. W. W. Johnson, D. D., of Chicago, Superintendent of the Lakes District, will also deliver two addresses. Rev. Jos. Wells, of Des Moines, Iowa, Superintendent of the Western district, who has spent 30 years in the work of the rural church of the central states, will be in attendance.

Many people in this district have been contributing to the American Sunday School Union for many years and will avail themselves of the opportunity of attending these meetings that they may come in personal touch with the men who are doing the Gospel work on the firing lines.

Many of the homes in Fargo and Moorhead are thrown open for the entertainment of the missionaries on the Harvard plan while in attendance at the conference.

On Sunday, Nov. 1st, these visiting missionaries and superintendents will occupy the various pulpits and will report the work done in the newer settlements.

Mr. Jos. M. Shaw, representative of the Minot district, will leave Monday for Fargo. Mr. Shaw will give a report of the work on this district at the convention.

PUBLIC SALE.

I will sell at public sale 1 1-2 miles west of Surrey and 5 1-2 miles east of Minot, on Thursday, Oct. 29, 1914, the following described property, sale to begin at 1 o'clock p. m., free lunch at noon:

CHAMPION COW OF NORTH DAKOTA

MAJOR PERSON'S FAMOUS GUERNSEY HAS PRODUCED 10,992.2 POUNDS OF MILK AND 623.02 POUNDS OF BUTTERFAT IN 12 MONTHS.

Lura Bettina, No. 29725, the pure-bred Guernsey cow owned by Major E. S. Person, has just finished her year's work, having been on official test under the supervision of the North Dakota Agricultural Experiment Station for twelve months. She produced during the year 10,992.2 pounds of milk and 623.02 pounds of butterfat, equivalent to 750 pounds of butter. Her average test for the year was 5.66 per cent. The work of this cow was quite remarkable, especially so when one considers that the average fat production of all of the cows of the state does not exceed 135 pounds. Comparing this with 623.02 pounds will give some idea of what this cow has done. By this record she is admitted to the Advance Register of the American Guernsey Cattle Club. The cream from this cow was sold for \$249.20. If her milk had been sold at retail for ten cents a quart it would have brought \$549.61, but nothing but cream is sold from Elmwood Farm, so all of her skim milk was kept and fed on the farm to calves and hogs. The value of this skim milk was not less than \$50.00 so the total income from the milk from this cow was not less than \$300.00. Add to this the bull calf which was sold for \$100.00 and it will be seen that this cow has been a very profitable animal for her owner. This cow has had nothing but ordinary care and was milked but twice daily. If she had been forced as some of the great record cows are she would have given a much larger amount. This ought to be an object lesson to our farmers and dairymen to keep better cows. It costs very little more to feed a good cow than a poor one and the returns are all the difference between profit and loss. This cow made her record as a four-year-old and will probably have a chance to improve it later on. She finished in fine condition and gave 27.3 pounds of milk on the last day of her test. Mr. Person is very proud of this cow but says that a great part of the credit belongs to Mr. J. A. Sorenson, who has taken care of her during the whole period of her test. There are several other Guernseys on test at Elmwood Farm and every mature cow has qualified for the Advance Register with good margins.

NOTICE.

Jersey Red Breeding Stock for Sale. I have a fine bunch of Jersey Red heifers, spring farrow. All eligible to registration. They will weigh 150 lbs each or better; both sexes. Will sell as long as they last for \$15.00 each. Two miles north of Des Lacs, N. D., on my farm.
