**G. S. WOOLEGDE,**  
For State's Attorney.  
G. S. Woledge, Democratic candidate for State's Attorney, has been engaged in the active practice of law in this judicial district for the past nine years. He is one of the best lawyers in Northwestern North Dakota. Mr. Woledge was a candidate for County Judge in 1910 and was defeated by Judge Davis by a bare hundred votes. He is a graduate of the University of Wisconsin; is thirty-four years of age; is married; lives in Minot and formerly lived in Kenmare. Mr. Woledge has always been independent and progressive in politics, and his plan of conducting the office of state's attorney means a large saving to the tax-

payers. Read his platform and then investigate the facts he has stated. Mr. Woledge's platform is as follows:

"To the voters of Ward county: I am a candidate for state's attorney. If you will make an honest and fair investigation of the work of this office, you will agree with me that the office of state's attorney can be efficiently conducted on the plan here stated. If elected I shall carry out every promise and statement herein made, namely:

"I shall impartially enforce all laws. I shall save the taxpayers a lot of unnecessary expense which should have been stopped long before this, some of which is as follows:

"The county should not furnish special prosecutors. If the state's attorney is incompetent, and needs assistance, he should pay the special prosecutor out of his own salary, because the county has paid him to handle all county business.

Furthermore, the duties of state's attorney of Ward county have decreased at least one-half during the past few years, owing to the county division and the fact that the county is no longer a new settlement. A competent state's attorney—that is, an attorney of average ability, but who likes to work—does not need an assistant state's attorney in this county. While the statute permits the appointment of an assistant state's attorney, the statute is not mandatory, and I should not ask the county commissioners to employ an assistant state's attorney. I can handle all the duties of this office efficiently without an assistant state's attorney, and can still have some time left for the private practice of law.

"Again, the county should not employ stenographers and pay office rent, and furnish supplies, light, telephone, etc., for a state's attorney to engage in the private practice of law. If the state's attorney has the time and does engage in private practice, he should pay a just proportion of the stenographer's salary out of his earnings from this private business. He should not use county supplies, stationery and postage in his private practice, nor ask the county commissioners to buy him 'roll top desks' and office fixtures.

"Lastly, the state's attorney should take care of all county business before any private business. He should stay on the job the year round and at all times remember that he has been hired and paid by the taxpayers of this county to take care of the county business, promptly and efficiently, and yet with as little expense as possible.

"I ask you specially to investigate the above matters and if my plan of conducting this office appears to you to be fair and reasonable, I shall do my part if you will vote for me on November 3rd and elect me to this office.

"Yours sincerely,  
"G. S. WOOLEGDE.
