DAINTY DANCE FROCK.

Dance frock of pale pink chiffon with full skirt consisting of yards and yards of this filmy material. The simple bodice with V neck and surplice drape is soft and pretty, favoring the Greek tendencies. A dainty sleeve cap is developed from three rows of plaited chiffon. Garlands of flowers and a satin girdle afford dainty trimming.

AN AUTUMN TAILLEUR.

Rather boyish in line, this suit of navy wool mohair, with full skirt and hip length coat, showing a semibelted effect. The collar buttons high in military fashion and a turnover velvet collar serves as smart trimming. The trim sailor of faille silk and the white topped button boots afford a smart effect.

SNAPSHOTS OF FASHION.

When the weather permits coat dresses of imitation fur fabrics will be seen in the shops.

Smartly designed costumes will also be made of this material, which when trimmed with real fur are as rich and handsome in effect as any fabric could possibly be.

Designs of material proffered by dressmakers are produced in lengths to suit their demands. The old cry of lack of co-operation by manufacturers is a dead issue for this season at least.

It is whispered that boots will lace up the front only for the coming season; also that pale colored leathers are decidedly de trop and that russet and tan shoes are to register the high water mark of smart style exclusiveness; also that these shoes, or boots, will be worn with every sort of frock and of every color, and, again, another film reflects black cloth as the ashiest material one can select for wear this autumn, also the smartest.

CANVASSER AT WILDROSE CHARGED WITH FRAUD.

Williams County Mixer: S. P. Lesselyoung, an agent for the Consumers Service and Supply Co. of Minneapolis was placed under arrest at this village last Wednesday morning on a warrant issued upon order of the state's attorney on a charge of "obtaining money and property and instruments for the payment of money by and through false and fraudulent pretenses."

When arraigned he made a plea of not guilty and asked for time to secure an attorney from Minneapolis, which was granted. He would not furnish bail so is held by Marshal Sorenson.

Mr. Lesselyoung has been in this vicinity for the past few weeks canvassing in the interests of his company. The concern, which is supposed to be selling service, buys direct from the producer and sells to the consumer, according to a statement made by the defendant, thereby eliminating the middlemen and saving a large part of the profits. The service costs \$30 a year, for which Mr. Lesselyoung was willing to take notes, some farmers signing notes for five years service in advance. The agent has been disposing of these notes to local banks at a discount. Everything from a needle to a threshing machine was included in the goods which could be bought through the company. Quite a number of farmers in this locality bought the service.

Halvor Arneson, who made the complaint, states that when he signed the company's application and notes he was told that the company had a seat in the chamber of commerce, was told a number of things that would indicate that the company was a substantial institution, but upon wiring to Minneapolis he and Martin Gulson state that they found that the Consumers Service and Supply Co. had no membership in the chamber of commerce. This looked suspicious. Besides, a man by the name of Lesselyoung was prosecuted in March, 1914, by the federal government on the charge of using the mails to defraud, and a man by the same name who has been operating at Fairview was said to have misrepresented goods ordered and made a bad reputation there.

Mr. Lesselyoung is indignant at his arrest and claims that he will easily prove his innocence of any intent to defraud. The hearing will be held before Justice F. E. Stefanowicz Sept. 21 at 10 a. m.

Y. W. C. A.

On September 7th the Travelers' Aid Committee of the Young Women's Christian Association held its regular meeting in the Y. W. C. A. rooms. The local committee consists of Mrs. C. H. Coar, chairman, Mrs. Hal P. Fudge, secretary, Mrs. D. A. Dinnie, Mrs. O. A. Malm and Mrs. W. M. Smart. Not only were the local needs of travelers' aid work considered, but considerable attention was given to ways by which the movement can be extended into surrounding communities. Non-resident committee members have already been elected to represent the work of the committee as follows:

Mrs. Rois P. Linn, Kenmare.
Mrs. C. H. Ritchie, Velva.
Mrs. R. J. R. McKelvey, Des Laes.
Mrs. K. E. Campbell, Ryder.
Mrs. J. Loomis, Foxholm.

Each of these members have placed framed Travelers' Aid placards in the depots of their towns. Their further duties will be to assist the public in knowing the dangers in traveling and how to avoid them. Whenever a woman or girl leaves one of these communities for a destination in which she is not acquainted, she can inform the committee member of her town, and the latter through her own efforts or through the Y. W. C. A. office will see that she is met at the train and safely located. This line of work will in time be established in seven other towns in the vicinity of Minot.

Miss Maud Phifer has been in the employ of the local committee serving as Travelers' Aid director in the Minot depots. She submitted her report for the month of August at this meeting and it was accepted heartily. Miss Phifer undertook this work to see just how much the agency was needed in the city. Its necessity has been made very clear. The following is the report which she submitted:

Directed to Y. W. C. A., 30.
Directed to homes, transients, 25.
Directed to hotels, 15.
Directed to restaurants, 2.
Directed to cafeteria, 20.
Sent by carriages or bus, 15.
Cared for sick, 12.
Cared for babies and children, 34.
Assisted old ladies, 18.
Assisted men and boys, 8.
Assisted emigrants, 10.
Assisted to trains, 150.
Assisted with money, needed money, twice.

Helped by calling messenger, checking baggage, phoning, etc., 20.
Helped in finding friends, 15.
Helped in getting work, 15.
Referred to Y. W. C. A. for employment, 11.

Total number receiving assistance, 389.

Unless Loan Is Made There Will Be Land Slump Says Louis Hill.

Devils Lake, N. D., Sept. 18.—That the agricultural lands of the Northwest will suffer a slump in price, the same as the fruit lands of the Pacific coast, unless the billion dollar loan goes through, is the prediction of Louis W. Hill, head of the Great Northern who is spending a short time in Devils Lake following the Veterans' meeting at Grand Forks. In the opinion of Mr. Hill there is no way to keep the prices of grain up unless an export customer is found for the immense crop. A slump in the price of grain means a slump in the price of lands, says Mr. Hill. The Northwest, he believes, is the particular portion of the country keenly interested in negotiating the loan, along the lines outlined by James J. Hill.
